FOREWORD

THE MARYLAND MANUAL is published every even year by the State of Maryland, and copies are distributed without charge to the public libraries, agencies of state and county government, schools, members of the General Assembly and others as prescribed by law (*Annotated Code of Public General Laws of Maryland*, 1957; 1963 Supplement, Art. 41, Sec. 106). Additional copies are printed for sale to the general public. Clothbound copies at \$4.50 and paperbound copies at \$3.50 are available at the Hall of Records, Annapolis. Non-institutional purchasers residing in Maryland must also pay a sales tax of 3%—\$.14 for clothbound, \$.11 for paper.

The primary purpose of the MANUAL is to present to the citizens of Maryland, as briefly as possible, a description of their government, its functions, its agencies, its cost. The MANUAL also contains similar information for county government plus a valuable directory of local officers not available elsewhere. The reader will also find the Charter and the Constitution, mainsprings of our political life, and much descriptive and historical material. The reader is urged to examine the table of contents and the indexes with care.

Obviously, the MANUAL is more a compilation than an original work. We are indebted for material to many agencies and individuals, among others Carl N. Everstine for the text of and the Index to the Constitution as well as for the essays on the General Assembly sessions of 1962 and 1963. The charts of State Government were prepared originally by Janet L. Hoffman then of the Fiscal Research Bureau. They have required only slight revision. William H. Bayliff, Executive Secretary of the Board of Natural Resources, is responsible for "Maryland At A Glance" and C. Frank Poole, Records Management Officer of the City of Baltimore, for the roster of officials of that City. To the many Clerks of Court, Registers of Wills, and Clerks to the Boards of County Commissioners we extend special thanks for helping us with the county sections. We are also grateful to Alan Beals, Secretary, Maryland Municipal League, for providing us with the names of city, town and village officers. We benefited from the collaboration of Chester F. Tucker, Deputy Secretary of State, and Margaret W. Lee, Chief Clerk of the Executive Department, who guided us through the Executive Appointment files.

Those of our own staff who were helpful were Gust Skordas, Patricia C. Goldsborough and Helen Kilborn, but special mention is due Rose M. DiStefano who did most of the typing and who helped in the preparation of the indexes.

The major burden and the large responsibility for the MANUAL fell on Frank White. It is his duty to begin the new MANUAL when the old one is hardly off the press, to collect the information needed, process it and see the book to completion.

We have added in this MANUAL certain new information which we think will be useful: vital statistics for the governors since 1867; the tally of balloting of Maryland electors for presidential elections since 1789; the political composition of the General Assembly since 1876; and the names of the delegates to the Constitutional Convention of 1867.

J. MILLARD TAWES
Governor of Maryland

J. MILLARD TAWES

Governor of Maryland

J. Millard Tawes, the fifty-ninth elected Governor of Maryland was born April 8, 1894, in Crisfield, Somerset County, Maryland, a son of James B. and Alice Byrd Tawes. He is married to the former Helen Avalynne Gibson. They have a son, Philip W. Tawes, and a daughter, Mrs. William R. Wilson, Jr., and four grandchildren, the three sons of Mr. and Mrs. Philip W. Tawes and the daughter of Mr. and Mrs. Wilson.

Governor Tawes was educated in the public schools of Somerset County, at the Wilmington Conference Academy in Dover, Delaware, and at the Sadler's, Bryant, and Stratton Business College, where he specialized in the study of banking and accountancy.

Governor Tawes has honorary degrees as follows: the University of Maryland, 1959, (LL.D.); Washington College, Chestertown, Maryland, 1959, (LL.D.); Morgan State College, 1959, (LL.D.); and Mount St. Mary's College, Emmitsburg, Maryland, (LL.D.).

He began his career in business with lumbering and canning firms founded and owned by his father. He continued this association with his father, and later his brothers, as the family's business enterprises were extended into shipbuilding, baking, and banking.

He was secretary and treasurer of the Crisfield Shipbuilding Company, was vice-president and treasurer of the Tawes Baking Company, was associated in the management of the Tawes-Gibson Lumber Company and the Tawes-Gibson Packing Company, and is a director of the Bank of Crisfield.

The Governor is a Methodist and has been active in church work from his early youth. For many years, he taught the Men's Bible Class at Immanuel Methodist Church in Crisfield, of which he is a member. He was a delegate to the 1952 General Conference of the Methodist Church held in San Francisco and formerly was treasurer of the Wilmington Conference Education Society, Incorporated.

His active career in politics spreads over more than three decades, beginning in 1930 when he was elected Clerk of the Circuit Court for Somerset County. After two terms in this office (1930-38), he was elected Comptroller of the Treasury in his first State-wide election campaign in 1938. In 1942 he ran again without opposition in the primary and won a second four-year term in the general election.

These eight years were the first part of an interrupted career of seventeen years in the office of State Comptroller. During that period, due to the growth in population and the broad expansion of State activities, the office personnel increased from one hundred to five hundred employees.

In May, 1947, Governor Lane appointed him State Bank Commissioner, a position he held until he was appointed State Comptroller on July 5, 1950, to fill the unexpired term of the late James J. Lacy. He was re-elected Comptroller, without primary or Republican opposition, in 1950 and again in 1954.

He was elected Governor of Maryland in 1958 by the greatest majority ever given a candidate for that office. He was re-elected to a second four-year term in 1962.

During its first five years, the Administration of Governor Tawes has been characterized by a consistent regard for the fiscal integrity of the State and a strong desire to insure that State Government operations are made more responsive to the needs of the citizens of Maryland.

Prudent fiscal management has permitted an unprecedented expansion of State services. At the same time, financial assistance to hard-pressed counties, cities and towns has been increased substantially.

During his tenure in office, the Governor secured enactment of legislation regulating the savings and loan industry in Maryland, creating the Municipal Court in Baltimore City, establishing the State Department of Economic Development and providing for the construction of a 500-mile network of arterial highways criss-crossing the State.

To provide for the expansion of Maryland's facilities for higher education, the concept of teachers colleges was abandoned and these institutions became Colleges of the Arts and Sciences. An Advisory Council on Higher Education was established to study Maryland's needs in this area. Provisions were also made for the anticipated construction of branches of the University of Maryland in various sections of the State.

Under the leadership of Governor Tawes, Maryland became the first State south of the Mason-Dixon Line to enact a public accommodations act. Directives were issued by the Governor prohibiting discrimination on the basis of race, creed or color in State employment and by contractors doing business with the State government. Maryland's Workmen's Compensation laws were liberalized, a Coordinating Commission on Problems of the Aging was established and, in 1963, Maryland's traffic safety program was cited as being among the best in the Nation.

To provide for the orderly growth and development of the Baltimore Metropolitan area, the Governor initiated and supported legislation creating the Baltimore Regional Planning Council and invested that body with broad powers. To rehabilitate the oyster industry, the State, under Governor Tawes, initiated a broad scale oyster shell planting program which experts predict will revitalize this industry. To meet the competition of surrounding states, horse racing on one-mile tracks in Maryland was strengthened by the transfer of racing dates from half-mile and harness tracks. Legislation was enacted providing for the gradual elimination of slot machines from Maryland, and thousands of acres have been added to the State park system.

Under Governor Tawes, three of Maryland's mental institutions, Spring Grove, Crownsville and Springfield, regained accreditation, and Henryton Hospital was converted into an institution for mental retardates. In 1962, a new headquarters for the Department of Motor Vehicles was opened in Glen Burnie, and the Baltimore Beltway was completed. Vast segments of the Capital Beltway surrounding Washington, D. C., have been completed, the Northeastern Expressway, linking Baltimore with the Delaware line, has been opened and the Old Center Building at Spring Grove Hospital has been replaced by a complex of modern hospital units.

Many State agencies have been reorganized to improve efficiency, including the State Roads Commission, the State Racing Commission,

the Department of Tidewater Fisheries and the State Planning Department. The old State Tax Commission was abolished and the Department of Assessments and Taxation and the Maryland Tax Court created. The Department of Research and Education was re-established as the Natural Resources Institute at the University of Maryland and the governing bodies of the Departments of Health and Mental Hygiene were consolidated into the Board of Health and Mental Hygiene.

The membership of the Maryland Court of Appeals was increased by Constitutional amendment from five to seven, and several new circuit court judgeships were created to relieve an overburdened judiciary.

In May, 1960, the Governor summoned a meeting of Governors and representatives of the eleven states in the Appalachian region to discuss common economic problems. Out of that meeting grew the Conference of Appalachian Governors which President Kennedy selected as an advisory group to work with his Area Redevelopment Administration.

The Governor holds membership in the following clubs and fraternal organizations: Crisfield Rotary Club (charter member), Elks, Knights of Pythias, Advertising Club of Baltimore, Hibernian Society of Baltimore, Maryland Society of Pennsylvania, Crisfield Fire Department (past president), Chesapeake Bay Fishing Fair Association (past president), Masons, Shrine, Order of the Eastern Star, Eastern Shore Shrine Club, Tall Cedars of Lebanon, Scimeter Club, and the Eastern Shore Society of Baltimore.

He is a former member of the Board of Visitors and Governors of Washington College, and of the Board of Trustees of Wesley Junior College, Dover, Delaware, and is a member of the Board of Directors of the McCready Memorial Hospital in Crisfield, and the Board of Trustees of Dickinson College, Carlisle, Pennsylvania. He is past president of the Maryland State Firemen's Association and is a former chairman of its Scholarship Committee. He is past president of the National Association of State Auditors, Comptrollers, and Treasurers. He is an honorary member of Omicron Delta Kappa, National men's leadership society.

Governor Tawes' present address is Government House, Annapolis, Maryland. He maintains a residence in Crisfield.

HISTORICAL SKETCH OF MARYLAND

Exploration

John Cabot, a man of Italian birth employed by the English, was, in all probability, the first white man to see Maryland as he sailed along the eastern shore of Worcester County in 1498. Twenty-six years later Giovanni da Verazzano, who was another Italian working for French interests, passed the mouth of Chesapeake Bay. Half a century later the Bay was explored by Pedro Menendez Marques, the governor of Spanish Florida. In 1603 Captain Bartholomew Gilbert made a more careful exploration.

The intrepid Captain John Smith, who saw many other parts of North America, began in 1608 to carry out the instructions of the London Virginia Company to "find some spring which runs the contrary way toward the East India sea." With fourteen companions in "an open barge of two tunnes burden," Smith started up the Chesapeake. Every inlet and bay "fit for harbours and habitations" was entered, and all the islands were inspected. The results were incorporated in what Smith called "A Map of Virginia," published in England in 1612. Reprinted many times shortly thereafter, the map shows that Smith's voyagers paid close attention to the Eastern Shore, examined the Potomac carefully, but had a hazy idea of the western head of the Bay and only a generalized notion of the lower Western Shore. In 1670 Augustine Herman, a cartographer from the New Netherlands Colony, completed a more detailed map of Maryland. As compensation Lord Baltimore granted him 5,000 acres of land in what is now Cecil County.

Aborigines

To John Smith, also, we owe our first knowledge of the pre-European settlers on the land of what was later Maryland. Smith's account is bewildering with Indian names; one soon recognizes the adaptations of these same queer-sounding names in present-day Maryland. The Virginia explorer speaks of Yingoteagues, Assateagues, Marumscos, Annameses, Wiccocomicos, Nanticokes, Conoys, Trasquakins, Choptanks, Monoponsons, Matapeakes, Ozinies, Tockwoghes, Nattwas, Susquehannocks, Conestogas, Piscattoways, Chopticos, Mattawomans, Patuxents, Aquasocks, Secowocomocos, and others. Despite this multiplicity of names, all these Indians were of Algonquin stock, save for the Susquehannocks at the headwaters of the Bay and the Anacostans on territory around present-day Washington. Invading tribes, who made forays from the North and at times lived on Maryland territory, were of the Five

Nations—Senecas and Iroquois. Later history records raids by other tribes of Indians, accompanied by violence and massacres, generally in western Maryland.

The "Ark" and the "Dove"

The Maryland colony was planned by the first Lord Baltimore—George Calvert, a Yorkshireman whose devotion to James I had first made him Secretary of State, later Baron of Baltimore (1625), and finally gained him a grant of land for a colony in Newfoundland. This cold territory Calvert called "Avalon" or "Ferryland"; but the bitter climate and raiding French made the territory untenable. In 1627 Lord Baltimore attempted to live in Avalon with his family; then he left for the warmer climate of Virginia. His intention was "to plant himself to the southward," and when he returned to England, he persuaded Charles I, James' successor, to give him a charter of his own composition. On presentation to the King, blanks were left for the name of the colony and the date. It is said that Charles filled in the name *Terra Mariae* to honor his queen, Henrietta Maria.

Before June 20, 1632, when the charter was dated, George, the first Lord Baltimore, died and was succeeded by his son, Cecil. The second Lord Baltimore organized the expedition to Maryland in two vessels, the *Ark* of 360 tons, and the *Dove* of 60 tons. Assisting him was the Jesuit priest, Father Andrew White, for Cecil, as his father had been since 1624, was a Roman Catholic. Father White, with two members of the Calvert family (not including the Proprietor), sailed from Cowes on the Isle of Wight on November 22, 1633. How many took passage and how many were Catholics we do not know. We do know that one hundred and twenty-eight took the oath of supremacy which Catholics normally refused to accept. However, the *Ark* alone was twice the size of the *Mayflower*, which had carried over one hundred passengers.

January 1634 saw the two vessels at the Barbados where they delayed for twenty days. On February 24th Leonard Calvert, as lieutenant-general, put in at Point Comfort, Virginia. The first stop within the limits placed by the charter—"from Watkin's Point unto that part . . . which lieth under the fortieth degree of north latitude"—was at St. Clement's Island. The celebration of Mass here on Annunciation Day has fixed for tradition March 25th as the date of arrival of Maryland's first settlers. Not long afterwards the Yoacomaco Indians, who held the surrounding territory, sold their possessions to the newcomers, and the

first site, St. Mary's City, called then "Augusta Carolina," was available. A palisade was erected immediately.

Government from St. Mary's City

For upwards of sixty years, the Province centered around St. Mary's City. The Assembly, set up very soon after a food supply had been assured and protection against enemies provided, was made up of the freemen, *i.e.*, planters and settlers. The combined efforts of all the settlers were needed, moreover, to cope with the almost immediate difficulty that arose with white settlers from Virginia who had begun trading with the Indians before the Calvert party arrived. The foremost among these men was Captain William Claiborne, a trader with headquarters on Kent Island. The dispute is sometimes known as the Calvert-Claiborne controversy. After a naval skirmish and slight loss of life, Claiborne was declared an outlaw March 24, 1637.

"Ingle's War" was another vexation in the peaceful ordering of the new colony. Richard Ingle was a vigorous partisan of Parliament in its victorious struggle with the King that was to produce the Commonwealth. Coming first to Maryland in 1642, he finally exceeded any legal powers he might have had and took possession of St. Mary's City, making prisoner members of the Assembly. The affair ended inconclusively in 1646, but Ingle, meanwhile, arrested Father Andrew White and Father Thomas Copley and took them in chains to England.

Act of Toleration

The bigotry implicit in Ingle's special irritation at Catholic priests and Royalists makes especially pointed the solicitude Lord Baltimore showed at this period for religious freedom. As early as 1643, the Puritan Governor of Massachusetts, John Winthrop, had spoken approvingly of Governor Calvert as "for free liberty of religion." The Governor had taken a more liberal attitude on the question of Puritan settlers, certainly, than had the administrators of Virginia. The "Act concerning Religion," which the Maryland Assembly passed in 1649, gives Maryland claim to being one of the first civil regimes to recognize freedom of religion. The fact that within sixty years after the passage of this law Catholics were repressed under an "Act to prevent the growth of popery" does not detract from the boldness of Lord Baltimore's action in the mid-seventeenth century.

The downfall of Charles I and the rise of the Commonwealth were more serious events for the Maryland residents than for other colonists in America. But Oliver Cromwell left Lord Baltimore in undisturbed charge of the Province until 1652.

Emboldened by this, Governor William Stone attempted to reduce the Puritan settlements at Providence on the Severn (near present-day Annapolis) but came close to losing his life by execution after a decisive victory for the Puritans.

Growth and Expansion

The newcomers to other parts of the geographical charter limits of the Province, Proprietary, or Palatinate (as it was sometimes called) were not so bellicose as those in Providence. Settlement soon went far afield from the old Yoacomaco village. By the end of the seventeenth century eleven counties had established themselves, each with its court and complement of officials. The towns were few; great estates abounded, whose river fronts were centers of trade and traffic. The chief commerce was in tobacco, which even substituted for currency during much of the seventeenth and eighteenth centuries. Until customhouse centers were set up (1683), there was nothing to challenge the power of the landed gentry.

Gradually, what Indian troubles had existed were smoothed out by treaties, such as the one of 1652 when the Susquehannocks submitted under the "Liberty Tree" (said to be the tulip poplar still to be seen on the St. John's College campus in Annapolis). The Proprietors were always a line of Calverts with the title "Lord Baltimore" until the death of the sixth and last baron in 1771 when Henry Harford, the natural son of Frederick Calvert, became the seventh Proprietor. In the time of James II, who desired to have all lands under the Crown, and again in the "English Revolution" (before William and Mary held the throne securely), the Calverts had difficulties, but these were not reflected in any disadvantage to the Province. Neither Crown rule, 1689 to 1715, nor the establishment of the Church of England as the "official" religion proved too disturbing. If Puritanism waned, there was certainly room made for the settlement of other dissenters, notably Quakers. Several noteworthy developments in the Seventeenth Century were the establishment of a printing press—William Nuthead's—the departure of the Governor and Assembly from St. Mary's to Annapolis, and the passage of the "Act for the encouragement of Learning" (October 18,

1694). This last was the prelude to the opening of King William's School, the third institution of its sort in the colonies.

As the new century appeared, about 35,000 people made up the population of Maryland. Nearly twenty per cent of these were Negro slaves—slavery having been established within five years after settlement. Another large group were "bound men," or indentured servants. Many of the latter soon became "redemptioners" and often, in time, the owners of extensive property.

After the "Restoration"

With the restoration of proprietary rights, April 15, 1715, Charles Calvert, Fifth Lord Baltimore, resumed control of the colony. Since he was a minor at that time, and in later life primarily interested in English politics, development in Maryland lacked rigorous control from without. Furthermore, a strong "Country," as separate from a Proprietary, party manifested itself in the General Assembly.

Significant among the expansionist movements in Charles Calvert's time were the establishment of a town called Baltimore Town in 1729 and the opening up of Western Maryland. Swedes and Dutch on the Delaware River, having found the Maryland charter's geographical limits vague, pressed for a boundary line. In 1732 this was established for Delaware, but other final boundary judgments had to wait till the early twentieth century. One of the consequences of dispute with Pennsylvania was a survey between 1763-67 by two Englishmen, Charles Mason and Jeremiah Dixon, for whom the line marking the northern boundary of Maryland was named.

Frontier Development and Warfare

In Western Maryland, boundary disputes bred violence; therefore, Thomas Cresap, Maryland's heroic frontiersman, figures as an outlaw in Pennsylvania's history. In this same quarter warfare flared, not only sporadically with Indians, but also systematically when the French, making claim to Western Empire, began to drive out the traders of the Ohio Company. As this trading venture was largely Virginian in character, the Maryland Assembly was stern against Governor Horatio Sharpe and refused to vote funds or raise troops. Edward Braddock, the British general deputed to drive back the French, operated within Western Maryland, but even his rout and death in 1755

failed to spur Maryland during the final five years of the war.

Prelude to Revolution

The accession in 1751 of Frederick Calvert, a "gay young blade," to the title of Lord Baltimore meant less interference from the Proprietor; therefore Marylanders transferred their complaints against the Proprietary to the British Government. Conflict between French and English only sharpened the point. Debts to English merchants and taxes on imports led Maryland, this time in common with other colonies, to take drastic action. Maryland takes credit for first refusing to pay taxes under the Stamp Act; actual repudiation took place in Frederick County on November 23, 1765. The British Parliament repealed the Townshend Acts in 1770, but a strong feeling of rebellion remained. Support of Boston was vigorous after that port was closed; and the Boston Tea Party of December 16, 1773, had its Maryland counterpart when a tea ship, the *Peggy Stewart*, was burned in Annapolis harbor on October 19, 1774.

The first Provincial Convention, composed of ninety-two men representing every county in Maryland, met June 22-25, 1774 in Annapolis. Denouncing the British blockade against Boston, the Convention proposed breaking off trade relations with Great Britain and selected delegates to attend the First Continental Congress. When the Convention met on July 26, 1775, following the Battle of Lexington, it proceeded grimly to the business of preparing for war and organizing a civil government apart from that of the Proprietary which, although mainly inactive, was still the legal government. A year later, a Convention was elected for the express purpose of framing a new constitution, which was adopted on November 8, 1776.

The Revolutionary War

From the first skirmish in Boston to the surrender at Yorktown, Maryland troops saw service. Despite frequent alarms, only twice did the British—at Vienna and in Cecil County enroute to Philadelphia—invade Maryland soil. General Smallwood's regiment formed Washington's rearguard at the Battle of Brooklyn and enabled him to withdraw his army successfully. Three Marylanders, John Eager Howard, Mordecai Gist, and Otho Holland Williams, commanded the Maryland Line with distinction during the Southern campaigns. Baron Pulaski organized his famous Legion in Baltimore, while both Baron De Kalb and Lafayette spent considerable time in Maryland.

At the close of the war, the Continental Congress met at Annapolis, and in one of the dramatic moments of American history George Washington resigned his commission in the Senate Chamber of the State House on December 23, 1783. It was at Annapolis also that Congress, on January 14, 1784, ratified the Treaty of Paris ending the Revolutionary War.

The Maryland capital again played a part in the national scene by entertaining delegates from New York, New Jersey, Delaware, Pennsylvania and Virginia September 11-14, 1786. Ironically, Maryland did not participate. The delegates discussed means of improving and strengthening relations between the states. Recognizing the weaknesses of the Articles of Confederation, the delegates urged that another meeting be held to devise means of remedying these defects. Accordingly, the Federal Constitutional Convention met in May 1787 at Philadelphia. On April 28, 1788, Maryland ratified the Constitution; the seventh state to endorse the document which she had helped to bring into being.

Because of the exhaustion of the tobacco lands, however, serious agricultural problems remained. Slavery was becoming a burden, and currency problems vexed Maryland's economic life. In the formation of a new nation, Maryland did its part by sacrificing its territory and advancing money for public buildings to form the District of Columbia (1791). To offset some of the difficulties, Baltimore had grown until it was five times as great as Annapolis, the flourishing port of the "Golden Age." Early in the new century exports from Maryland ports reached the \$14,000,000 mark.

The Second British Conflict

This shipping was, however, seriously hampered by British policy. Finally British interference with our vessels and crews brought on the War of 1812. Fighting began in Canada but was soon carried south by the British. From 1813 Maryland bore the brunt of the war. British troops routed our forces at Bladensburg and then proceeded to Washington, where they burned the public buildings. But defeats at North Point and Fort McHenry prevented the British from capturing Baltimore. During the bombardment of Fort McHenry on the night of September 13, 1814, a Maryland lawyer, Francis Scott Key, was inspired to write the "Star Spangled Banner".

At sea, Marylanders, sailing in the speedy Baltimore clippers, terrorized British shipping to the coasts of England, accounting for 556 British vessels, almost a third of the total taken by American vessels. Outstanding privateers-

men were Captain Thomas Boyle in the *Comet* and the *Chasseur* and Commodore Joshua Barney in the *Rossie*. Barney later commanded a fleet of gunboats in the regular navy. Commodores John Rodgers and Stephen Decatur also distinguished themselves as naval commanders.

Early Nineteenth Century

After 1815 the State went on more vigorously than ever. A national "pike" was completed to Ohio and two canals, the Chesapeake and Ohio and the Chesapeake and Delaware, and a railroad, the Baltimore and Ohio, were put in operation. Samuel F. B. Morse ran an experimental telegraph line from Washington to Baltimore and on May 24, 1844, the message "What Hath God Wrought" flashed over the wire. In 1845, the Naval Academy was founded at Annapolis as Commander Franklin Buchanan and an academic staff of eight assembled some forty-odd midshipmen in Fort Severn.

Marylanders in the Baltimore and Washington Battalion took part in General Taylor's campaign in northern Mexico and participated in General Scott's march from Vera Cruz to Mexico City.

In Baltimore, Edgar Allan Poe produced some of his greatest poems and short stories until his untimely death in 1849 brought an end to his brilliant but tragic career. Having attained a population of 169,000 by 1850, Baltimore was erected as a separate political unit by the Constitution of 1851.

The Civil War

Sectional differences placed Maryland in a peculiar position during the 1850's. Growing industrial and commercial ties bound the State to the North and West, as well as to the South. On October 16, 1859, Maryland's position became even more difficult when John Brown, basing his operations from Maryland soil, seized the arsenal at Harpers Ferry and cut the rail and telegraph connections to the West. On April 19, 1861, some Baltimoreans attacked the Sixth Massachusetts Regiment on its way through the city to Washington. Enraged poetical comment on the event by James Ryder Randall, a Marylander living in New Orleans, produced the State song, "Maryland, My Maryland."

As the war began, Maryland hovered on the brink of secession. It was important to the national government to keep the State in the Union or Washington would be surrounded by enemy territory and completely cut off from the Northern States. The influence of Northern sympathizers, abetted by the presence of Federal troops during most of the

war, kept the State in the Union. But this did not prevent the Confederates from recruiting many volunteers in Maryland. Prominent among them were Colonel Bradley T. Johnson, commander of the First Maryland Regiment, C.S.A., and Admirals Franklin Buchanan and Raphael Semmes who served in the Confederate Navy.

In September 1862, General Lee invaded Maryland and at South Mountain and Antietam fought General McClellan's army in two of the most bitter battles of the war. Both sides suffered heavy casualties. McClellan permitted Lee to retreat across the Potomac without further molestation. It was while "Stonewall" Jackson was leading his troops through Frederick on the way to Antietam that the Barbara Fritchie incident—subject of the famous poem of John Greenleaf Whittier—is said to have occurred. On the political front, President Lincoln seized upon this as the proper moment for issuing the Emancipation Proclamation.

The following summer, Lee again advanced into Maryland. This time, he continued into Pennsylvania and at Gettysburg between July 1 and 3 engaged General Meade in a bloody struggle which left Lee's army so badly battered that he had no choice but to retire into Virginia.

In July 1864, Lee, hoping to divert some of Grant's troops from the siege of Petersburg, sent General Jubal Early to raid Western Maryland and threaten Washington. General Early defeated the Union Forces at the Battle of Monocacy on July 9 and advanced to the outskirts of Washington. At the Battle of Fort Stevens, which Lincoln witnessed on July 11, the Union lines held. Grant, meanwhile, sent fresh troops from Virginia which forced Early to retire. It was during this third invasion of Maryland that large indemnities were levied on Hagerstown and Frederick.

The war's end had its tragic aftermath for Maryland. John Wilkes Booth, a native of Harford County, assassinated Lincoln on April 14, 1865, and made his escape through Southern Maryland into Virginia. During this episode, Dr. Samuel A. Mudd, a Charles County physician, set Booth's broken leg for which he was accused of assisting in the assassination plot and sentenced to prison.

The Late Nineteenth Century

The last half of the Nineteenth Century was relatively uneventful in Maryland. Except for the years 1895 to 1899, the Democratic party controlled the State. The nationwide boom in industry and commerce brought increased business to Baltimore and the State, and an increase in rail and

water facilities in spite of the 1877 rail strike and the 1894 coal strike. Many Marylanders helped in the South, while Baltimoreans turned again to Southern markets for commercial outlets.

The growth of industrial enterprise and fortunes made large philanthropies possible. Among these were the gift to establish a library, conservatory of music and art gallery by the one-time Baltimore resident George Peabody (1866); the endowment of a university by the merchant Johns Hopkins (1876); and the gift of a free public library by the merchant Enoch Pratt (1882).

The scattered public schools of the pre-war period were consolidated into a strong centrally administered educational system and public education became a reality.

Few Marylanders saw action in the Spanish-American War, the most notable being Admiral Winfield Scott Schley of Frederick County, who was in active command at Santiago when the Spanish fleet was destroyed. The First and Fifth Regiments were mustered into Federal service shortly after the declaration of war, but saw no action. Instead they were stationed at camps in the South until their discharge in 1899.

The Twentieth Century

The story of Maryland in the Twentieth Century is more one of steady growth and progress rather than dramatic events or heroic accomplishments. Despite its \$125,000,000 fire which began February 7, 1904, Baltimore forged ahead to become the Nation's sixth largest city, while the State, augmented by the expansion of the suburbs of Washington into adjoining counties, rose to the rank of twenty-first in population although only forty-second in area.

In World War I, approximately 75,000 Maryland citizens served in the armed forces. Both the 29th and 79th Infantry Divisions fought with distinction in the Meuse-Argonne offensive of 1918. The Federal government found Maryland a convenient location for many of its military establishments. The United States Army built Fort George G. Meade on more than 7,500 acres near Odenton and established its proving ground at Aberdeen and an arsenal at Edgewood. The Navy expanded its Naval Academy facilities at Annapolis.

In 1918, Maryland became the first state to adopt the Executive Budget System now so widely used. In the years which followed, the State Legislature showed an increasing

consciousness of the welfare of its citizens, enacting legislation to create old age and mothers' pensions, to aid dependent children and to give assistance to the needy blind.

World War II

About 250,000 Marylanders were enrolled in the several military services during World War II. More than ever before, the State's industrial power—that devoted to the building of ships and aircraft—fought "the Battle of Materials." The Army enlarged and rebuilt Fort Meade, and constructed Andrews Air Force Base near Camp Springs in Prince George's County. At Port Deposit, the Navy built an extensive training center called Bainbridge, and the Naval Air Station on the Patuxent River at Cedar Point to serve as an aviation testing facility easily accessible to Washington.

The 29th Infantry Division again served with distinction in France during 1944 and 1945. It fought on the Omaha Beachhead, in Normandy, against the Siegfried Line, and in the advance to the Elbe River. Medical units from the Johns Hopkins and University of Maryland Hospitals performed outstanding service in many theaters of operations. The Federal government also built "Shangri-La" as a presidential retreat in Western Maryland. Here during World War II President Roosevelt received many of the leading statesmen of the allied forces, among them Winston Churchill. Renamed "Camp David" by President Eisenhower, the lodge became in 1959 the focus of world-wide attention as the scene of the meetings between the President and the Soviet Council Chairman, Nikita Khrushchev.

After World War II

The prosperity and population growth that have accompanied the post-war economic boom have not been unmixed blessings. The thousands of dwelling units erected since 1945 have provided many families better housing than ever before, but they have also created problems of water supply and sewage disposal. The bumper crop of war and post-war babies continues to strain the State's school facilities, requiring an ever-increasing number of teachers and many new buildings. With practically every family owning one or more automobiles and many cities and towns plagued with traffic and parking problems, the State has been compelled to undertake a gigantic road and bridge building program.

Many of these projects have already been completed. Outstanding among them is the Chesapeake Bay Bridge, crossing four miles of water and allowing clearance for craft to a height of 187 feet. It was completed July 30, 1952, at a cost of \$45,000,000 and is the largest continuous over-water steel structure in the world. Another remarkable engineering feat, the Baltimore Harbor Tunnel, was opened to traffic at midnight November 29, 1957. Built at a cost of \$130,000,000, it is 6,300 feet long and has in all, sixteen miles of approach expressways that enable the motorist to speed rapidly through one of the most highly congested areas of Baltimore.

Our national capital has been linked to nearby Maryland cities by dual highways which lead to Baltimore via the Baltimore-Washington Expressway, to Annapolis via the John Hanson Highway and to Frederick via the Washington National Pike, one of the most beautiful highways in the country. Moreover, the Capital Beltway, segments of which are now in use, will be completed by the end of 1964.

The Blue Star Highway, extending from the Chesapeake Bay Bridge to the Delaware line, has been in use since 1956. Maryland's only toll road, the recently opened Northeastern Expressway, runs from Baltimore to the Delaware line. All of the Baltimore Beltway has now been opened to traffic and the Jones Falls Expressway may be used from the Beltway to mid-town Baltimore.

Spurred by a series of shocking revelations published in one of Baltimore's leading newspapers in 1949, the General Assembly established the Department of Mental Hygiene and gave it full supervision over all matters pertaining to the custody, care and treatment of persons of unsound mind. Since then the State has spent millions of dollars erecting new buildings and improving existing facilities. More important, there has been a change in concept which regards such institutions as treatment centers rather than as detention areas. Patuxent Institution, an experiment in the use of indeterminate sentences in the treatment of defective delinquents, began operating in 1955. The Clifton T. Perkins State Hospital, a 300-bed facility, costing nearly three million dollars, began operating in 1960. It inaugurated in Maryland a program of psychiatric therapies combined with rehabilitative procedures for all adult male patients who require maximum security.

At Rosewood State Hospital, the Esther Loring Richards Children's Center opened in 1958 and the Jacob E. Fine-singer Building opened in 1961 provide psychiatric treat-

ment for children with serious emotional, psychiatric and neurotic illnesses as distinct from those who are mentally retarded.

Other medical facilities have also been constructed. Three chronic disease hospitals have been opened: Deer's Head State Hospital in Wicomico County (1950), Montebello State Hospital in Baltimore City (1953) and Western Maryland State Hospital (1957). Western Maryland also provides facilities for the care of tubercular patients. A 300-bed addition has more than doubled the capacity of Mt. Wilson, which also treats tubercular patients.

In 1955 the Department of Public Welfare started an experiment in the rehabilitation of delinquent youth. In cooperation with the Department of Forest and Parks, it opened a forestry camp at Green Ridge to which boys could be sent from the Training Schools to work on conservation projects. The apparent success of Green Ridge led to the opening of a second camp near Lonaconing in 1957 and a third at New Germany in 1958. In addition, the Department has opened the Maryland Children's Center in Baltimore (1960) and the Thomas J. S. Waxter Children's Center in Laurel (1963), where children adjudged delinquent by the courts are sent to be studied for not more than thirty days; the Center then returns them to the Court with recommendations.

A new State Office Building in Annapolis was dedicated in September 1958. A few months later, the State Roads Commission moved into its new six-story building in Baltimore, and many of the scattered State agencies have been brought together in the nearby State Office Building which opened in June 1959. The dedication of the six-story Employment Security Building in 1960 completed the State's building program in Urban Renewal Area 12 in Baltimore. In 1962, the Department of Motor Vehicles moved into its newly-constructed Headquarters Building located in northern Anne Arundel County.

Friendship International Airport, constructed to connect Baltimore with all parts of the globe, began operating on June 24, 1950. A 3200-acre field, it is one of the largest in the country and capable of accommodating the largest planes of the new jet age.

The Maryland Port Authority was established in 1956 to promote and develop the ports of Maryland. It endeavors to persuade private operators to make needed improvements, but if necessary the Authority may construct and operate supplementary facilities.

The Governor is the chief executive officer of the State and the Commander-in-Chief of its military forces. He is elected by popular vote for a term of four years, his term of office beginning on the second Wednesday of January following his election. No person may serve as Governor for more than two consecutive terms. To be eligible for the office of Governor, a person must be at least thirty years of age and must have been for ten years a citizen of the State, and for five years preceding the date of his election a resident of the State. At the time of his election, he must also be a qualified voter of the State (Const. 1867, Art. II, secs. 1, 3, 5).

The Governor must submit to each annual session of the General Assembly a budget for the next ensuing fiscal year. He also makes recommendations for the raising of the principal and interest of the State's indebtedness. The Governor may also inform the General Assembly at any time of the condition of the State (II, 19; III, 52(3)).

Before a bill may become law the Governor must sign it, with the single exception of the General Appropriation Act. However, any bill which he vetoes may be passed without his signature by three-fifths of the total number of members of each house of the General Assembly, either at the current session or at the session next following. Or should the Governor, while the Legislature is in session, fail to return any bill with his objections within six days, the Act becomes law automatically unless the adjournment of the General Assembly prevents the return of the bill; then the bill fails. The Governor has the power to veto any part of an appropriation bill, in the same manner as other bills, without vetoing all (II, 17 as amended by Acts 1949, chap. 714).

The Governor is Commander-in-Chief of the military forces of the State—i.e. the National Guard—except when such forces are called into the national service. If the National Guard is thus called, he may establish a State Guard.

The Governor appoints all military and civil officers of the State subject to the advice and consent of the Senate, except when the election or appointment of such officer is otherwise provided for. In addition to appointing the heads of major departments, boards, and commissions of the State Government, the Governor appoints certain boards and commissions in each county and the City of Baltimore as is provided by law. The Governor also commissions Trial Magistrates, Justices of the Peace, and Notaries Public. The Governor appoints persons to unexpired terms of the offices of Attorney General, Comptroller, Treasurer, and members of the General Assembly. Any officer appointed by the Governor, excepting members of the General Assembly, shall be removable by him for cause.

The Governor may grant executive clemency, reprieves, or pardons to any person who is a prisoner of the State and may remit any fine or portion thereof to any person who has paid the fine. He may extradite prisoners or persons wanted by other States upon the presentation of a writ of extradition and may issue a warrant for the arrest of any person so wanted. The Governor may also ask for the return to this State of any prisoner or person of another State wanted for the violation of the laws of Maryland (II, 20).

The Secretary of State is also the legally designated attorney of nonresident drivers, aviators, and aircraft owners involved in accidents in Maryland. All processes or warrants served upon him in this connection have the same legal effect as though they were served upon the individual (Code 1957, Art. 66½, sec. 115; Art. 75, secs. 76-78). All administrative regulations adopted by any State officer or department must be filed with the Secretary of State, who is responsible for publishing such regulations and supplements thereto (Code 1957, Art. 41, sec. 9). By Chapter 225, Acts of 1963, the Secretary of State must keep a record of true and itemized statements or reports in writing setting forth in detail all contributions and expenditures incurred by every treasurer, political agent, or candidate for nomination or election to a State-wide public office.

The Office of the Comptroller of the Treasury was established in 1851. The Comptroller is elected by popular vote for the term of four years (Const. 1867, Art. VI, sec. 1). The Constitution enumerates his duties, beginning with the broad mandate to exercise "general superintendence over the fiscal affairs of the State, preparing plans for the improvement and management of revenue, for the support of the public credit". More specifically, he is to "preserve all public accounts, and decide on the forms of keeping and stating accounts"; to "grant, under regulations prescribed by law, all warrants for money to be paid out of the Treasury"; and to "superintend and enforce the prompt collection of all taxes and revenues." The Comptroller receives the State Auditor's reports, contacts various departments to follow up the Auditor's recommendations, and jointly with the Treasurer he exercises supervision over the Central Payroll Bureau. The Comptroller, or his deputies, countersigns all checks drawn by the Treasurer upon the deposits of the State. The Comptroller prescribes the formalities for the transfer or other evidence of the State debt and countersigns

such papers. He administers and collects the following specific taxes: the income tax, both personal and corporate; the retail sales and use taxes; the admissions tax; the motor vehicle fuel tax; the road tax on motor carriers; the State tobacco tax; the Maryland estate tax; excise taxes on beer, wine and liquor; and certain franchise taxes. The Comptroller also collects taxes on the deposits of savings banks, on the gross receipts of certain utility companies and rolling stock of persons other than railroads. Revenues collected by the Maryland Racing Commission are distributed to political subdivisions.

The Comptroller, through the Alcoholic Beverages Division, controls and regulates the manufacture, sale, transportation, and distribution of alcoholic beverages into, within, and out of the State of Maryland; issues licenses to manufacturers, wholesalers, airlines, railroads, and steamboats; and issues permits to nonbeverage dealers, nonresident dealers, transportation companies, transporters, and for public individual storage. The Maryland Alcohol Tax Enforcement Unit is charged with the specific enforcement of certain of the alcoholic beverages laws.

The office of the Comptroller prescribes the form of all licenses required by the State licensing laws which are issued through the Clerks of the Courts of the various counties. The License Bureau enforces the State license laws. Each month the Comptroller collects license revenues, death taxes, and real and personal property taxes from the Clerks of the Courts, Registers of Wills, and County Treasurers, respectively, of each county. Distribution of the certain taxes and revenue is made to the cities, towns and counties of the State and to other State agencies as prescribed by law (Code 1957, Art. 2B, sec. 134; Art. 19, secs. 1-34; Art. 56, secs. 3-4, 137; Art. 78B, sec. 19; Art. 81, secs. 201, 323, 410, 433, 434, 460; Art. 89B, secs. 31, 32, 33, 34).

Telephone: 837-9000

The State Appeal Board was established in 1933 as the "State License Bureau" (Chapter 2, Acts of the Special Session, 1933). In 1947 the General Assembly changed the name of the State Appeal Board (Chapter 501, sec. 177, Acts of 1947). The Board is composed of three members appointed by the Comptroller of the Treasury subject to the approval of the Governor. The Comptroller designates the Chairman of the Board and the Board appoints a secretary. It is the local Board of License Commissioners in Somerset County. It hears appeals from decisions of local licensing authorities in Dorchester and Wicomico counties (Code 1957, Art. 2B, secs. 61, 70, 147, 154, 177, 184). The Board meets for hearings and to hear appeals within the time prescribed by law, at the county seat of the county in which the action originated. The appropriation for the expenses of the Board is included in the budget of Alcoholic Beverages Division, Comptroller of the Treasury.

John A. Luetkemeyer, State Treasurer
James G. Rennie, Director, Department of Budget and

The Board of Revenue Estimates and the Bureau of Revenue Estimates were created by Chapter 991, Acts of 1945. The Board is composed of the Comptroller of the Treasury, the State Treasurer, and the Director of the Department of Budget and Procurement. It studies the findings and recommendations of the Bureau and then sends to the Governor, for submission to the General Assembly, an itemized statement of anticipated revenues for the succeeding fiscal year, together with its recommendations. The Bureau studies and analyzes all sources of revenue, prepares for the Board the findings for the itemized statement of anticipated revenue, devises equitable and economical means of collection of such revenue, and devises and recommends new sources of revenue.

The Chief of the Bureau of Revenue Estimates, in conjunction with the State Comptroller's office, prepares and submits to the members of the General Assembly by the end of the months of January and July in each year an itemized statement showing the following information for the six-month period ending on the next preceding December 31 or June 30, as the case may be: (1) estimated revenue from all sources, by funds, for the current budget period; (2) collections for the next preceding six-month period; and (3) amount of revenues uncollected or over-collected (Code 1957, Art. 41, sec. 194). CENTRAL PAYROLL BUREAU

Robert L. Serviss, Director

State Office Building, Annapolis

Telephone: Colonial 8-3371

The Central Payroll Bureau, established by Chapter 43, Acts of 1954, operates under both the Comptroller of the Treasury and the State Treasurer. The Bureau renders payments for salaries, wages and certain contractual obligations for all agencies of the State except the State Roads Commission and the University of Maryland. The Bureau compiles the payroll registers, maintains records of salary earnings and deductions for each employee of the State, issues a summary distribution of charges by program and fund for each payroll, together with a disbursing warrant, and issues salary checks to State employees.

It submits biweekly reports to the three State retirement systems: State Teachers', State Employees' and State Police. It also compiles quarterly reports for fourteen reporting units and submits them to the United States Department of Health, Welfare and Education—Social Security Division.

The Central Payroll Bureau maintains an account for Federal Withholding Tax and at the end of each calendar year submits to

each State employee a record of his total earnings and the amount withheld for Federal Tax, Social Security, and State Tax.

The field audit section makes regular audits of payroll records at the agency level to assure compliance with laws, rules and regulations of the Bureau, the Commissioner of Personnel, the Standard Salary Board and the Board of Public Works.

Under the Constitution of 1776, there were two State Treasurers—the Treasurer of the Eastern Shore and the Treasurer of the Western Shore. In 1841 a constitutional amendment consolidated the two offices. The present constitution provides that the Treasurer shall be elected by joint ballot of both Houses of the General Assembly for a term of four years. The Treasurer is responsible for accounting for all deposits made each day by some one hundred and fifty (150) State Agencies in depositories designated and authorized by him. The Treasurer prepares all checks drawn for disbursement of State cash funds, and he and one of his Deputies signs these checks, which are then countersigned by the Comptroller and one of his authorized Deputies. The Treasurer invests any unexpended or surplus funds in the State Treasury, representing both the general and special funds of the State, which are not currently required to meet State needs. He is the custodian of all stocks, bonds or other investments of the State, as well as securities which are pledged by Insurance Companies, foreign Building and Homestead Associations, and all collateral which is pledged by banks that have State Funds on deposit. He is also charged with the responsibility of placing insurance for all anticipated losses which might occur to State property, and is the custodian of all insurance policies. The State Treasurer is also the depository for all the Deeds indicating property ownership of the State of Maryland. He publishes a monthly balance in Baltimore City Newspapers, of all State Funds held in authorized depositories, and renders a quarterly report of cash receipts and cash disbursements to the Comptroller of the Treasury. He is, by law, a member of the Board of Public Works, and is also the custodian of such special deposits as may from time to time be prescribed by law (Const. 1867, Art. VI, secs. 1, 2, 3, 4; Code 1957, Art. 95).

The State Auditor is appointed by the Governor for a term of four years, and both he and the Deputy State Auditor are required to be certified public accountants or registered public accountants of Maryland.

The State Auditor's office audits annually the books of all Clerks of Court, Registers of Wills, and Collectors of State Taxes of the State of Maryland, including the City of Baltimore; of the Governor's office; of the Comptroller of the Treasury; of the Attorney General; of the Clerk of the Court of Appeals; of the University of Maryland; and all other agencies and institutions as directed by the Comptroller. The State Auditor submits to the Comptroller full and detailed written reports of the results of these examinations, with any suggestions he may have for changes in the method of keeping the books and accounts, or for changes in the forms of reports by the various agencies to the Comptroller. By Chapter 757, Acts of 1959, the General Assembly abolished the State Tax Commission and divided its functions between two new agencies, the Maryland Tax Court and the State Department of Assessments and Taxation. The Maryland Tax Court performs the judicial and semi-judicial duties of the former Commission. It consists of five Judges, appointed by the Governor for terms of six years. One is required to be a resident of the Eastern Shore; another, a resident of the Western Shore; and another, a resident of Baltimore City. The other two are to be residents of the State at large. Not more than three Judges may be of the same political party, and each is required to be a taxpayer and a qualified voter of Maryland. At least two must be members of the Bar of the State of Maryland, and the Governor is required to designate one of these as Chief Judge.

The Maryland Tax Court hears appeals from the decision, determination, or order of any agency or any assessing or taxing authority of the State that affects the valuation, assessment or classification of property; the levy of a tax; or the application for an abatement or reduction of any assessment or tax, or exemption therefrom (Code 1957, Art. 41, sec. 318; 1963 Supp., Art. 81, secs. 224-231; 250; 258; 259; 309); from allowances (Art. 81, sec. 217) or disallowances (Art. 81, secs. 217; 310) of claims for refunds of taxes, and from cancellations of Motor Vehicle Fuel Dealer's Licenses (Art. 56, sec. 142).

STATE DEPARTMENT OF ASSESSMENTS AND TAXATION

Director: Albert W. Ward

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The General Assembly created the State Department of Assessments and Taxation by Chapter 757, Acts of 1959. The law required that the Governor appoint the first director of the Department; thereafter, the office is to be held under the provisions of the Merit System. Except for appeals, which are a function of the new Maryland Tax Court, the State Department of Assessments and Taxation supersedes the State Tax Commission, established in 1914, which in its turn had superseded the State Tax Commissioner, an office created in 1878. The functions of the early Commissioners had been limited to the assessment of the shares of domestic corporations and national banks, assessment of the gross receipts of certain classes of corporations, and the valuation of distilled spirits for the purpose of State and local taxation. The Director of the present Department in addition supervises the administration of the assessment and tax laws of Maryland, and of each county or city thereof; enforces a continuing method of assessment, and requires that all property in the State be reviewed for assessment each year; assesses the operating property, except land, of railroads and other public utilities and contract carriers; and participates in any proceeding in Court wherein any assessment or taxation question is involved (Code 1957, Art. 81, sec. 232; Art. 41, sec. 318).

For each of the counties the Director appoints a Supervisor of Assessments from a list of five nominees submitted by the County Commissioners. The Supervisors serve during good behavior and are removable by the Director for incompetency or other cause. The cost of their salaries, which are fixed by law, is shared 60% by the State and 40% by the counties. The Director also appoints a Supervisor for Baltimore City, with important duties of investigation. The Supervisor of Assessments is the chief assessor and acts as such over local assessors.

The County Commissioners appoint the local assessors for an indefinite period from a list of applicants examined and graded by the Director. The assessors' salaries are fixed and paid in a manner similar to those of the Supervisors. They review for reassessment the property in each county of Maryland each year (Code 1957, Art. 81, secs. 234-37).

The Director has charge of the qualifications and registration of foreign corporations doing business in Maryland. In addition to collecting an annual filing fee and accounting monthly for all such collections to the Treasurer, the Director assesses the tangible personal property of foreign corporations and distributes the proceeds to the

localities in which the property is located. He also approves and records charters and amendments to charters of domestic corporations.

The State Commissioner of Personnel is the head of the State Merit System, which was established in 1920. The title of State Commissioner of Personnel was established by Chapter 310, Acts of 1953. The position had been previously known as the Commissioner of State Employment and Registration (Chapter 41, Acts of 1920). The Commissioner, who is appointed by the Governor for a six-year term, administers the Merit System Law, and with the approval of the

Governor, makes such rules as he deems necessary to carry out the law. Such rules have the force and effect of law.

The purpose of the Merit System Law is to provide candidates for appointment to positions in the classified service after determining by practical tests the fitness of such candidates for the positions which they seek, without regard to their political or religious opinions or affiliations. It is also to provide adequate means for the prompt removal from positions in the classified service of persons who may be indolent, incompetent, inefficient, or otherwise unfit to remain therein, and to keep in a workable state the provisions for the promotion of employees as provided in the Law to ensure that the best class of candidates will be attracted to the classified service (Code 1957, Article 64A). The State Commissioner of Personnel is the chief personnel officer for the State of Maryland, which at present employs approximately 22,000 classified and 3,100 unclassified employees.

The State Commissioner of Personnel is also Chairman of the State Employees' Standard Salary Board which is responsible for preparing and recommending to the Governor a pay plan for the State's classified and unclassified employees (Code 1957, Article 64A). In addition, he is Chairman of the State Incentive Awards Board which is responsible for operating the State Incentive Awards Program for classified employees (Code 1957, Article 64A).

Awards to employees and expenses for the honorary recognition of employees may be paid from funds or appropriations available to the activity primarily benefiting. The maximum cash award that may be presented to one individual for one suggestion may not exceed \$5,000.00 (Code 1957, 1962 Supp., Art. 64A, sec. 32A).

STATE EMPLOYEES STANDARD SALARY BOARD

Chairman: Russell S. Davis, Commissioner of Personnel

Ex officio member: Norman P. Ramsey, Chairman, Baltimore City Service Commission.

Appointed members: Willard G. Rouse, 1968; William E. Voyce, Jr., 1968; K. Brantley Watson, 1968.

Lillian Hoshall Trost, Secretary

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The State Employees Standard Salary Board was established by Chapter 395, Acts of 1941, and reorganized by Chapter 310, Acts of 1953. By Chapter 87, Acts of 1956, the Board was abolished and a new Board was created, effective June 1, 1956. The present Board is composed of the State Commissioner of Personnel, ex officio, as Chairman; the Chairman of the City Service Commission of Baltimore City, ex officio; a person appointed by the Governor from a list of three names submitted by the Maryland Classified Employees Association, and two persons appointed by the Governor to represent the general public, all three for a period of six years or until such members become officers or employees of the State. The Board and Secretary serve without compensation.

The Board prepares and recommends to the Governor a pay plan for all classes of positions in both the Classified and Unclassified Service, to the end that all positions in such services involving comparable duties, experience, responsibilities, and authority shall be paid comparable salaries in accordance with the relative value of the services to be performed. In establishing rates of pay, the State Employees Standard Salary Board gives consideration to experience; to the prevailing rates of pay for the same or comparable services performed in public and private employment; to living costs, or other benefits received by employees; and to the State's financial condition and policies. If the Governor approves the pay plan, he uses it in preparing the State budget, and the plan has the force of law at the time the next State budget takes effect if funds for such pay plan are provided therein. The Board may recommend amendments to the plan from time to time and when approved by the Governor and so included in the next State budget, such amendments have the force of law. Solely in cases of acute emergency, amendments may be made from time to time in the pay plan to take effect at any time before the effective date of the next State budget if the amendment is necessary in order to procure for or to retain in the State service essential career administrative employees performing executive functions or essential professional or technical employees; and upon approval of the Board of Public Works, after recommendation by the Standard Salary Board, such amendments shall have the force of law in the same manner as if they had been originally incorporated in the schedule.

Each employee in the Classified and Unclassified Service is paid at one of the rates set forth in the pay plan for the grade or class of position in which he is employed. Faculty positions, librarians, and registrars of the University of Maryland, State colleges, and Morgan State College are excluded from the jurisdiction of the Salary Board. The Board formulates rules and regulations for the administration of the Act. These rules include provisions for automatic increases, from minimum to maximum, and for one longevity step, of the rates established by the schedule; and, after approval by the Governor, have the force of law (Code 1957, 1962 Supp., Art. 64A, secs. 26-30).

A centralized administration of the Maryland public schools was attempted in 1865, but the General Assembly did not establish the

State Board of Education until 1870 (Ch. 311, Acts of 1870). The Board, composed of seven members appointed by the Governor for staggered seven-year terms, makes policy for the public school system and passes the by-laws and regulations that govern it (Code 1957, Art. 77, secs. 2, 5, 19-24, 27, 29, 32, 35, 164).

The State Board of Education appoints the State Superintendent of Schools for a four-year term. He directs the State Department of Education and executes the policy and enforces the regulations adopted by the Board (Code 1957, Art. 77, secs. 37-39). The State Department of Education consists of the State Superintendent of Schools and the professional staff employed by the Board to assist him. The Department has seven divisions (Code 1957, 1962 Supp., Art. 77, secs. 45, 46).

Division of Instruction

The Division of Instruction provides leadership in planning and supervising education for children and adults in the public schools of the State. Among the specific aids it supplies are curriculum materials which it plans in cooperation with teachers, certain types of visual aids, and workshop and consultant service. It maintains a curriculum center. It also plans programs for the handicapped and assists with their education (Code 1957, 1962 Supp., Art. 77, secs. 26, 40-42, 241-242).

Division of Vocational Education

The Division of Vocational Education provides leadership in planning and supervising the vocational curricula in the public schools in the areas of agriculture, distributive education, home economics, practical nurse education, technical education in trades and industry, as well as in the nonvocational program of industrial arts. This Division also administers the training programs authorized under the Manpower Development and Training Act and the Area Redevelopment Act and coordinates the activities of the Maryland State Apprenticeship Council. The Federal funds granted to the State for these purposes are allocated through the Division (Code 1957, Art. 77, secs. 285-288).

Division of Research and Development

The Division of Research and Development compiles all statistical records necessary for the efficient administration of the public school system. These records provide a guide to the services rendered by the Department in planning, construction, staffing, supervision, and statistical studies as they are requested by the State Board of Education or the State Superintendent of Schools. In addition, it assists the local school systems and other divisions of the State Department of Education in the design and carrying out of research projects and special studies concerning the condition and needs of public education in Maryland (Code 1957, Art. 77, secs. 34, 47).

Division of Administration and Finance

In the area of administration, this Division is responsible for departmental office and personnel supervision, and for administering the State programs for public school transportation, school plant planning, and school lunch and donable foods.

The finance section of the Division prepares and administers the annual State public school departmental budgets. It maintains budget and accounting records and distributes funds made available to the local school systems by the State and Federal governments. In addi-

tion, this unit provides auditing and fiscal advice to the local school systems (Code 1957, 1962 Supp., Art. 77, secs. 29, 33, 217-233).

Division of Certification and Accreditation

The Division of Certification and Accreditation accredits all Maryland schools and colleges, public and private. The Division issues teacher certificates to the professional and academic staffs of the public and private institutions below college level. It provides leadership in teacher education, licenses and inspects Maryland trade and vocational schools, and administers high school equivalence examinations (Code 1957, 1962 Supp., Art. 77, secs. 25, 30, 31, 41, 99-107).

Division of Library Extension

The Division of Library Extension, established within the State Department of Education by the General Assembly of 1945, exercises supervision over school libraries and county libraries operating under the State-Aid Act of 1945. The Division makes available professional advice and assistance to all school and public libraries. It administers State funds made available under the Public Libraries Act (Code 1957, 1962 Supp., Art. 77, secs. 177-201).

Division of Vocational Rehabilitation

The Division of Vocational Rehabilitation, established by the General Assembly of 1929, administers the Federal Civilian Rehabilitation Act, and the funds provided by it, within the State of Maryland. The Division provides vocational rehabilitation and placement service to handicapped persons. Under the Social Security Law, all cases applying to the Bureau of Old Age and Survivors Insurance for disability determinations are required to be referred to this Division for possible rehabilitation service. District offices are located in Baltimore, Salisbury, Hyattsville, and Hagerstown, and branch offices in Annapolis, Chestertown, Cumberland, Easton, Frederick, La Plata, Rockville, and Westminster (Code 1957, Art. 77, 1962 Supp., secs. 292-96).

THE UNIVERSITY

The University of Maryland is the State university and the "Land-Grant" institution of Maryland.

The present University of Maryland is the result of the merger of the former privately owned University of Maryland located in Baltimore with the former Maryland State College at College Park. The former University of Maryland was founded in 1807 as the College of Medicine of Maryland (Chapter 53, Acts of 1807). In 1812, it enlarged its curriculum and changed its name to the University of Maryland (Chapter 159, Acts of 1812). Subsequently, it added faculties of law (1823), dentistry (1882), nursing (1889), and pharmacy (1904). The Maryland State College of Agriculture was founded by Chapter 114, Acts of 1856, as the Maryland Agricultural College, a private institution at College Park, and became the beneficiary of the Land-Grant Act of 1862 (Chap. 178, Acts of 1865). By Chapter 129, Acts of 1914, the State assumed complete control of the school and in 1916 the Legislature granted it a new charter, which renamed the school the Maryland State College of Agriculture (Chapter 372, Acts of 1916). The General Assembly consolidated the University of Maryland and the Maryland State College of Agriculture in 1920 and gave the name University of Maryland to the new institution (Chapter 480, Acts of 1920).

The University is under the administration of a Board of Regents consisting of eleven members appointed by the Governor by and with the advice and consent of the Senate. Members appointed to the Board prior to 1960 serve for nine years; members appointed in 1960 and thereafter serve for terms of seven years (Code 1957, 1962 Supp., Art. 77, sec. 249B). The Board of Regents, within the limits prescribed by law, may issue revenue bonds to finance the building of dormitories and other student housing facilities, student union buildings (at College Park and Baltimore), and a combination Physical Education and Auditorium building. The Regents are to issue such bonds directly.

The payments of principal and interest are met from revenues realized from the use of the buildings (Code 1957, 1962 Supp., Art. 77, secs. 249-59J).

The main campus of the University is located at College Park. Instruction is given here in the undergraduate and graduate course of the College of Agriculture, College of Arts and Sciences, College of Business and Public Administration, College of Education, College of Engineering and Aeronautical Sciences, College of Home Economics and the College of Physical Education, Recreation, and Health. Also located at College Park are the Graduate School, the Summer School, and the offices of University College. The latter college operates the evening school program at College Park. In addition, it conducts a self-supporting college level program at off-campus centers throughout the State of Maryland and at some 150 overseas centers for United States personnel in the European, North Atlantic and Far East regions.

Professional Schools

The professional schools of the University of Maryland comprising the schools of Dentistry, Law, Medicine, Nursing, Pharmacy, and School of Social Work, together with the University Hospital, are located in Baltimore at Lombard and Greene Streets. The University College also offers courses here.

Princess Anne (Somerset County) Telephone: Princess Anne 780

The Maryland State College, Division of the University of Maryland (formerly Princess Anne College), is a state supported land-grant college. It offers courses leading to a bachelor's degree in agriculture, home economics, industrial and mechanical arts, and liberal arts and sciences. The external government and control is vested in the Board of Regents of the University of Maryland and the Maryland State Board of Agriculture.

The College was founded in 1886 as the preparatory branch of the Centenary Bible Institute, chartered in 1867 and renamed Morgan College in 1890. The preparatory branch was known as the Delaware Conference Academy. By the Morrill Act of 1890, the College received federal funds and became known as the Princess Anne Academy, or "Eastern Branch" of the Maryland Agricultural College. In 1919, by agreement with Morgan College, the University of Maryland assumed control of the College, although it remained in the hands of the trustees of Morgan College until 1936. The State purchased it by Chapter 548, Acts of 1935.

AGRICULTURAL EXPERIMENT STATION

The Maryland Agricultural Experiment Station was established following passage of the Federal Hatch Act in 1887 making available to the states grants-in-aid for the conduct of research pertaining to agriculture. Both State and Federal funds are appropriated for its support. The main location is on the University campus at College Park. Here laboratories for research in the animal and plant sciences are located and administrative headquarters as well as provisions for the maintenance of experimental herds, flocks, field and tree plots

and for investigations on soils, insect and disease control (Chapter 55, Acts of 1888).

Several outlying farms are maintained for research purposes. These experimental farms include the Tobacco Experimental Farm at Upper Marlboro; the Dairy-Agronomy Research Farm near Elliott City, devoted to dairy and related forage studies; the Poultry-Vegetable Research Farm at Salisbury, for studies on broiler and vegetable problems; and the Livestock Experimental Farm near Waterloo for research with cattle and swine. These different locations support and supplement the programs of research at the main station (Code 1957, Art. 66C, secs. 58-60).

EXTENSION SERVICE

The Cooperative Extension Service in Agriculture and Home Economics was established by Federal and State laws in 1914 and is supported by Federal, State, and County funds (Chapter 247, Acts of 1914). Each county of the State is represented by a County Agricultural Agent and a Home Demonstration Agent. A State office to provide administrative direction and technical assistance is located at the University of Maryland. Scientific and economic information related to production and marketing in agriculture and in the field of home economics is provided to the people of the State. The youth of the State are served through the 4-H Club program. Short Courses in various fields are also provided (Code 1957, Art. 66C, secs. 56-57).

STATE BOARD OF AGRICULTURE

The Board of Regents of the University of Maryland acts as the State Board of Agriculture. As such, it administers the laws of the State relating to agricultural service and control programs. Important phases of the agricultural programs include animal disease control; plant pest control; marketing activities; inspection service for feed, fertilizer, pesticides, dairies, and seed; and soil conservation and drainage (Code 1957, Art. 66C, secs. 46-60).

Live Stock Sanitary Service

The Live Stock Sanitary Service is charged with the responsibility of keeping animal and poultry diseases from entering the State and controlling and eradicating such diseases within the State. In cooperation with the State Department of Health, it endeavors to suppress disease of animals or poultry which affect the public health. Facilities for the diagnosis of diseases are located at the main laboratory at College Park and at branch laboratories in Salisbury, Preston, Centreville, Bel Air, Frederick, Hagerstown and Oakland (Code 1957, Art. 66C, secs. 412-70).

Plant Pest Control

The State Entomologist and the State Plant Pathologist are responsible for the control of insects and plant diseases. Their programs seek to prevent the introduction of any injurious insect and plant disease into Maryland and to control and eradicate insects and disease within the state. Major activities include Nursery Inspection, Japanese Beetle Retardation and Quarantine Inspection, Apiary Inspection, Mosquito Control, Oak Wilt Eradication, White Pine Blister, Rust Control, Dutch Elm Disease Control and Potato Seed Inspection (Code 1957, Art. 48, secs. 70-110, 190-99).

State Department of Markets

The State Department of Markets carries on a number of programs designed to serve the every day needs of the farmer in marketing his products and to insure an equitable flow of these products in the marketing channels. The Department offers a grading and inspection service, market price reporting, and a marketing service and information program. In some of this work, it cooperates with the United States Department of Agriculture. The Department enforces the Egg Grade, Size and Labeling Law, the Weights and Measures Law, and Cantaloupe Maturity Law and issues licenses required under the Poultry Sale and Transportation Law (Code 1957, Art. 66C, secs. 65-83, 104-10; Art. 48, secs. 160-166E, 184-89; Art. 97, secs. 1-63, 66-70).

The agency's work consists of registration of brand names; collection, chemical analysis, and examination of samples; publication of results of tests; and prosecution of violators (Code 1957, 1962 Supp., Art. 48, secs. 116-128; Art. 66C, secs. 471-485).

Seed Inspection Service

The Seed Inspection Service enforces the Maryland Seed Law. All seeds sold within the state must be properly labeled and inspected, sampled, and analyzed to insure compliance with label declaration. The Service checks samples for purity, noxious weed seed and germination. It also analyzes seeds on request of firms and individuals (Code 1957, Art. 48, secs. 148-59).

State Department of Drainage

The State Department of Drainage, established by Chapter 465, Acts of 1937, promotes and encourages drainage of agricultural lands, correlates activities of local drainage organizations, and cooperates with State and Federal agencies in the development of a permanent program of improved drainage (Code 1957, Art. 66C, sec. 64).

NATURAL RESOURCES INSTITUTE

The Natural Resources Institute replaces the former Department of Research and Education (Chapter 776, Acts of 1961). It is responsible for increasing knowledge of the resources of Maryland and their best uses, with special emphasis on the tidewater and inland resources. The research program is maintained in cooperation with the depart-

ments represented on the Board of Natural Resources. The Institute also participates in the education of the public and of individuals in the problems and potentials of natural resources and in the training of students and specialists in related fields.

The principal divisions of the Institute include the Chesapeake Biological Laboratory, Solomons, Maryland; the Inland Resources Division and the Conservation Education Division, Annapolis, Maryland; the Seafood Processing Laboratory, Crisfield, Maryland; and a field station in Western Maryland for problems relating to the Appalachian region.

A wide series of publications is issued, including the quarterly journal, CHESAPEAKE SCIENCE, devoted to research and progress on natural resources of the Chesapeake Bay region (Code 1957, Art. 66C, secs. 18-21).

Morgan State College was organized in 1867, under the auspices of the Methodist Episcopal Church, as the Centenary Biblical Institute. The school remained under church jurisdiction until the State of Maryland purchased it by Chapter 331, Acts of 1939. In 1890, the school's name had been changed to Morgan College in honor of Dr. Lyttleton Morgan, whose gift of a large sum of money enabled the school to offer academic work at the college level.

The College is fully accredited by the Middle States Association of Colleges and Secondary Schools and by the Department of Education of Maryland. It is also approved by the Regents of the University of the State of New York, the American Medical Association, and by the American Chemical Society.

The curriculum at Morgan State College is organized into three divisions: Humanities, Natural Sciences, and Social Sciences. Within these divisions are included eighteen departments offering courses leading to the Bachelor of Arts and Bachelor of Science degrees. Emphasis is placed upon the presentation of a standard four-year course in the liberal arts and teacher training, both elementary and secondary. Both day and evening courses are offered, and at the present time, students may complete all requirements for the major in Business Administration, Sociology, and History through study in the Evening College. A Summer Session is conducted as a part of the regular work of the college, and includes "in-service training" for teachers in Maryland schools.

During the academic year 1962-63, Morgan had an enrollment in all divisions of 3,584, including 2,780 day students, 329 evening students, and 1,047 summer students.

The State Department of Health, established by Chapter 200, Acts of 1874, is governed by the State Board of Health and Mental Hygiene. The Department is directed by a Commissioner, who is appointed by the Governor upon the recommendation of the State Board of Health and Mental Hygiene. He must be an experienced physician skilled in public health and certified by the American Board of Preventive Medicine. He is responsible for organizing the Department and carrying out its responsibilities and functions. The Department serves the State through the Baltimore City Health Department, and twenty-three county health departments, each of which is in the charge of a health officer who serves as the Deputy State Health Officer for his county.

The State Department of Health protects the public health through the elimination of environmental hazards, the promotion of individual

preventive health supervision (especially in expectant mothers, infants, preschool children and school children), and by the active control of communicable diseases; through the administration of a hospital program for the tuberculous and the chronically ill, a medical care and a hospital inpatient and outpatient program for the indigent and the medically indigent, and a medical and hospital care program for crippled children; and through assistance to local health departments and cooperation with State and Federal agencies, with the medical, dental and other health professions, with private health associations, and with citizens groups in carrying out a wide variety of public health programs (Code 1957, Arts. 27, 30, 43, 77 and 101).

To carry out these duties, the Department is organized into an executive office and six bureaus.

Executive Office

The Executive Office includes the offices of the Commissioner and the Deputy Commissioner together with the following specialized staff services: Division of Statistical Research and Records, including the keeping of vital records and statistics, Social Services, Legal Services, Civil Defense Medical Services, Public Health Nursing, Public Health Education, and Local Health Services.

Local Health Services make public health service available to residents of Maryland through the twenty-four local health departments. These local health officers with their staffs of nurses, sanitarians, and others are the backbone of public health services in Maryland. These local units operate the public health programs in each county and Baltimore City, including public health nursing, pre- and post-hospitalization services, sanitation, mental health, dental health, maternal and child health, tuberculosis, venereal, and other communicable disease control, services for crippled children, and medical care for the indigent and medically indigent including the aged. The State Department of Health is responsible for providing consultatory services for local health work.

Bureau of Management

The Bureau of Management has the responsibility of providing the day-to-day personnel, payroll, accounting, budgeting, transportation, and other administrative services.

Bureau of Preventive Medicine

The Bureau of Preventive Medicine provides for technical and professional assistance to other subdivisions of the State Health Department, especially local health departments, and other agencies, groups, and institutions in the State engaged in the broad field of promotion of health and prevention of illness and disability.

Bureau of Laboratories

The Bureau of Laboratories has broad responsibilities to make a wide variety of laboratory tests to assist physicians and health officials in the diagnosis, prevention, and control of human diseases; to make examinations in connection with the enforcement of pure food and drug laws; and to establish minimum standards and qualifications for those making laboratory tests in connection with diagnosis and control of human diseases. It has further responsibility under Article 101 to make necessary laboratory tests in connection with the occupational health programs of the Department.

The Bureau has branch laboratories at Annapolis, Cambridge, Cheverly, Cumberland, Easton, Elkton, Frederick, Rockville and Salisbury.

Bureau of Tuberculosis

The Bureau of Tuberculosis administers the three tuberculosis hospitals and the State's program for the early detection, diagnosis, treatment, and rehabilitation of persons with tuberculosis. This program attempts to prevent the spread of tuberculosis from active cases to individuals free of the disease; to diagnose cases in the early stages of the disease; and to direct the clinical management of known cases before their hospital admission and after their hospital discharge.

Bureau of Environmental Hygiene

The Bureau of Environmental Hygiene acts in a consultatory and supervisory capacity in matters relating to public water supplies, sewage treatment plants, swimming pools, refuse disposal and land fill operations, food, milk, and beverage producers. The Bureau is also concerned with control of radiological problems, assistance to communities in housing hygiene, and control over pollution of the atmosphere.

Bureau of Medical Services and Hospitals

The Bureau of Medical Services and Hospitals is concerned primarily with the provision of medical services to those citizens of the State who, through lack of financial resources, might otherwise be deprived of needed medical care. Through a variety of programs, these services are provided in the patient's home, physician's and dentist's offices, hospital outpatient departments, general hospitals, or in State chronic disease hospitals.

The Bureau is also concerned with the improvement and expansion of medical facilities including voluntary hospitals, health centers, and nursing homes. This is effected, in part, through a Survey and Construction Program which includes preparation of an annual plea for construction of such facilities under the Federal Hospital Survey and Construction Act, Public Law 725—79th Congress and Amendments. The Bureau also licenses public and private hospitals and nursing, convalescent homes, and care which meet Health Department standards.

The Bureau administers the State's three chronic disease hospitals which furnish medical services to chronically ill patients who are in need of rehabilitation or who are suffering from other conditions which require long-term hospital care.

This Board, created by Chapter 29, Acts of 1922 as part of a reorganization of the Executive Branch, had carried on and expanded the functions of the State Lunacy Commission, established by Chapter 487, Acts of 1886,

to inspect public and private institutions for the insane and to advise their Boards of Managers. The Act of 1949 abolished not only the Board of Mental Hygiene but also the separate governing boards of the State mental hospitals and gave to the new department full and plenary powers over, and supervision of, all matters relating to the custody, care, and treatment of persons of unsound mind. The Department supervises and licenses all institutions, public, private, or corporate in which mental patients are detained (Code 1957, 1962 Supp., Art. 59).

The Department is directed by a Commissioner, certified in psychiatry by the American Board of Psychiatry and Neurology, and appointed by the Governor upon the recommendation of the State Board of Health and Mental Hygiene. Perkins State Hospital, as well as any other hospitals which may come within his administration. The initial members of the Commission were appointed as follows: six members were appointed for one-year terms; six members for two-year terms; six members for three-year terms; and six members and the Chairman for four-year terms. Public Welfare

STATE DEPARTMENT OF PUBLIC WELFARE

Board of Public Welfare

Chairman: Alvin Thalheimer, 1969

Calhoun Bond, 1965; Edmund P. Dandridge, Jr., 1965; Mrs. John L. Sanford, 1965; Mrs. Ralph O. Dulany, 1967; Howard H. Murphy, 1967; Julius O. Shuger, 1967; Sam Eig, 1969; W. Richard Ferguson, M.D., 1969.

Elizabeth G. Smith, Assistant Director

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The General Assembly created the State Department of Public Welfare by Chapter 99, Acts of 1939 to supersede the Board of State Aid and Charities established by Chapter 679, Acts of 1900. The Department is the central, coordinating, and directing agency of all welfare activities in the State, including aid to dependent children, old age assistance, public assistance to the needy blind, aid to the permanently and totally disabled, child welfare services, and any other welfare activities financed in whole or in part by the State or Federal government. The Governor designates the Chairman of the Board and appoints its nine members for six-year terms so arranged that three terms expire on June 1st of every second year (Code 1957, Art. 88A, secs. 2, 3).

In each county there is a County Welfare Board, constituting an administrative department of the local government, which administers under the supervision and control of the State Department the welfare activities within each county, including the care of neglected, dependent, and delinquent children. Each County Board consists of six persons appointed for six-year terms by the Board of County Commissioners and one County Commissioner chosen yearly by the Board of County Commissioners (Code 1957, Art. 88A, secs. 13, 14).

The Department investigates the public and private institutions, organizations, and agencies of a charitable nature in the State of Maryland, including those which receive part of their income from the State, but excepting those placed by law under the supervision of another State agency. Each year before the General Assembly convenes, the Director reports to the Governor on activities of the

Department and the conditions of all charitable institutions, organizations, and agencies (excepting hospitals) that receive financial aid from the State, and recommends appropriations (Code 1957, Art. 88A, sec. 3). All monies appropriated to institutions, organizations, and agencies, excepting hospitals, are paid on a per capita basis at the rates and subject to regulations established by the State Board of Public Welfare (Code 1957, Art. 88A, sec. 10).

The Department administers the child care laws that regulate child placement in Maryland. It licenses agencies and institutions having the care and custody of minors (Code 1957, Art. 88A, secs. 19, 32).

The Department controls and supervises the three State training schools. In developing the program within each training school, including provision for after-care supervision, the Department establishes regulations, standards of care, policies of admission, transfer, and discharge, and may order changes in policies or management. Subject to these limitations, each of the schools is under the general management of its Board of Managers. The Governor appoints the nine members of each Board for terms of six years, so staggered that the terms of at least three members expire every two years (Code 1957, 1962 Supp., Art. 88A, secs. 33-38).

The Department also administers and supervises the three Forestry Camps for delinquent boys. These Camps have a single advisory board made up of eight members appointed by the Governor from the geographical area in which the camps are located. The Superintendent of the Camp and a district forester are ex officio members. The Department is authorized by law to transfer to these Camps boys from either Boys' Village or the Maryland Training School for Boys who, in its judgment, may benefit from such care (Code 1957, Art. 88A, sec. 39).

In addition the Department administers the Maryland Children's Center, opened in 1959, which is a facility for short-term detention and study of boys judged delinquent by the Courts. An Advisory Board, composed of nine members appointed by the Governor for six-year staggered terms, assists the Department of Public Welfare in presenting the objectives of the Center to the public and generally advises the Department and the superintendent of the Center (Code 1957, 1962 Supp., Art. 88A, secs. 39A, 39B).

With this Advisory Board and Superintendent, the Department administers the Thomas J. S. Waxter Children's Center in Laurel, opened in 1963, a 40-bed detention and study facility for boys and girls.

Advisory Council on Child Welfare (members not yet appointed)

The General Assembly by Chapter 424, Acts of 1963, created an Advisory Council on Child Welfare to the State Department of Public Welfare, with responsibility for advising and initiating activity with respect to problems of child welfare, including prevention and control of illegitimacy. The Council is composed of six persons representing voluntary child welfare organizations and the public appointed by the Governor, who designates one to serve as Chairman, and five other members who are appointed by each of the following to represent the agency indicated: the Chairman of the State Board of Public Welfare; the Commissioner of the State Board of Health; the Commissioner of the State Department of Mental Hygiene; the Director of the State Department of Employment Security; and the Chief Judge of the Court of Appeals. Each of the eleven members of the Council serves at the pleasure of the official by whom he was appointed (Code 1957, 1963 Supp., Art. 88A, sec. 4A).

The State Department of Public Welfare operates three forestry camps for boys in cooperation with the State Department of Forests and Parks. These camps were created by Chapter 370, Acts of 1955. The three camps are combined into a single administrative unit with one budget and one central business management unit located in the Green Ridge State Forest, Flintstone. These camps serve older boys received on transfer from the Maryland Training School for Boys, Boys' Village of Maryland, and the Maryland Children's Center (Code 1957, Art. 88A, secs. 39 and 39A). Boys selected for transfer must be at least 15½ years of age, must be in good physical health, and must be interested in an active outdoor work and living experience. The camps were created in the conviction that older boys could be guided back to good citizenship under care in these camps, and that at the same time the boys would be assisting in the conservation of the State's natural resources and contributing to the cost of their maintenance. During the fiscal year 1963, the camps served a total of 368 boys.

The Governor's Committee to Promote Employment of the Handicapped was established by the Governor in 1947 in response to a request by the President of the United States. The Governor appoints the chairman and committee members, and all serve without compensation. Committee funds are used for promotional materials, sta-

tionery and printing, postage, editorial services, contest prizes, expansion of local programs, and conferences.

The Governor's Committee functions primarily as an educational and public relations instrument to create a public awareness of the problems faced by handicapped individuals in finding employment; to cooperate with all groups, public and private, in promoting services for the handicapped; and to initiate and promote programs to stimulate hiring the handicapped.

To reach all sections of the State, twenty-four local committees have been organized, one in each county and one in Baltimore. The Governor's Committee acts as liaison between the President's Committee and local committees. To coordinate the program and to keep committees informed on State and national activities, a monthly newsletter goes out to each member in the State. Each year the committee sponsors essay and poster contests among high school juniors and seniors as a means of arousing public awareness of the issues inherent in the rehabilitation program for Maryland's disabled citizens.

Correctional Agencies

DEPARTMENT OF CORRECTION

Advisory Board of Correction

Chairman: G. C. A. Anderson, 1965

Ex officio member: Paul C. Wolman, Chairman, Board of Parole and Probation.

Appointed members: John T. King, M.D., 1964; Joseph H. Rash, 1964; Ray S. Gould, 1965; Margaret M. Dudley, 1966; Angelo Schiadaressi, 1966; Francis A. Griffith, Jr., 1967.

James W. Curran, Commissioner of Correction

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

Prior to 1916, the Maryland Penitentiary and the Maryland House of Correction were autonomous institutions operating under the jurisdiction of a separate Board of Directors and a Board of Managers appointed by the Governor. By Chapter 556, Acts of 1916, these institutions were administered by the State Board of Prison Control. By Chapter 29, Acts of 1922, the Board of Welfare superseded the Board of Prison Control and administered the prisons. By Chapter 69, Acts of 1939, the Department of Correction and the Board of Correction assumed all rights, powers, and duties which had formerly been vested in the Board of Welfare.

By Chapter 758, Acts of 1953, the Superintendent of Prisons became the administrator of the Department. The Board of Correction established departmental policies and appointed the executive personnel of the institutions under the jurisdiction of the Department on the recommendations made by the Superintendent of Prisons (Code 1957, Art. 27, secs. 667, 669-71, 675, 677). The 1962 General Assembly repealed Article 27, Sections 667-710, of the 1957 Code and 1961 Supplement and enacted new Sections 667 to 704, inclusive, to revise and change the laws governing the administration of the Department of Correction. Chapter 123 of the Acts of 1962 established the Advisory Board and created the office of Commissioner of Correction.

The Advisory Board consists of a Chairman and six associate members, at least one of whom must be a woman, and the Chairman of the Board of Parole and Probation as an ex officio member. The members are appointed by the Governor for four-year terms. The Board studies and observes procedures in and the development of progress of the penal system. It may make suggestions and give advice to the Commissioner of Correction as to the operations and administration of the Department and of its several institutions and agencies.

In accordance with the provisions of Chapter 123 of the Acts of 1962, the Commissioner of Correction is appointed by the Governor, by and with the consent and advice of the Senate. In the operation and conduct of the Department, the Commissioner is responsible solely to the Governor (Code 1957, 1962 Supp., Art. 27, secs. 667-704).

The staff of the Department of Correction plans, establishes, and directs programs of administration for the various correctional facilities. The institutions carry on a program of classification, education and vocational training, employment, and the other segments of rehabilitative treatment.

The institutions and camps have well-developed programs of employment. Inmates are assigned to a wide variety of institutional maintenance tasks, farming and dairying activities, and to work in the diversified State Use Industries Program of the Department of Correction.

The State Use Industries present opportunities for the development and reactivation of useful and economically profitable occupational skills. The programs also provide necessary goods and services to public agencies eligible to purchase them. Each institution operates a laundry which serves both the institution and other State agencies and institutions.

The Division of Classification and Education supervises the collection and recording of all information necessary to permit the proper classification of inmates, at each institution, according to their abilities and to aid in their rehabilitation. Educational activities include aca-

demie instruction on both the elementary and secondary school levels, varied opportunities for advanced and specialized study, and programs of vocational and on-the-job training.

Professional staffs render medical, psychiatric and psychological services in the institutions. The institutions and camps have complete programs of religious activities, and supervised recreational programs are conducted at all correctional facilities.

The Department of Correction annually inspects all jails, lockups, and other places of detention or confinement located in the various counties and the City of Baltimore. The Department then submits a report to the County Commissioners of the several counties and the Mayor and City Council of Baltimore showing the results of such inspection, together with recommendations as to any improvements which should be made (Code 1957, 1962 Supp., Art. 27, sec. 704).

PATUXENT INSTITUTION

Board of Patuxent Institution

Chairman: Franklin G. Allen, 1965

Robert H. Roy, Dean, The Johns Hopkins School of Engineering, 1964; Manfred S. Guttmacher, M.D., Professor of Psychiatry, University of Maryland Medical School, 1965; Rev. Robert T. Newbold, Jr., 1966; G. Kenneth Reiblich, Professor of Constitutional Law, University of Maryland School of Law, 1967.

Harold M. Boslow, M.D., Director

Col. William J. E. Keish, Associate Director (Superintendent)

Jessup, Howard County

Telephone: 301 799-3400

Patuxent Institution, authorized by Chapter 476, Acts of 1951, was formally opened on January 3, 1955 under the administrative control of the Department of Correction. By Chapter 629, Acts of 1961, the Institution became an autonomous agency of the State under the control of the Board of Patuxent Institution. This Board consists of a Chairman and four associate members, all appointed by the Governor with the advice and consent of the Senate for four-year terms. By law, two of the members of this Board must be chosen from the membership of the Advisory Board for Defective Delinquents, and of these, one must be a psychiatrist. The Board determines institution policy concerning the management, control, and supervision of the institution and has full power to make, repeal, or amend any rule or regulation for the operation, discipline, and administration of the Institution.

The Director is the chief administrative officer of the Institution. He must be a trained, able, and competent psychiatrist with at least five years' experience in the practice of teaching of psychiatry. There are three Associate Directors, two of whom must be trained psychiatrists with at least three years' experience in the practice of teaching of psychiatry; the third is charged, under the Director, with the custodial duties of the institution.

Patuxent Institution is charged with the responsibility for the confinement and treatment, when appropriate, of adult criminal offenders classified as defective delinquents under Article 31B of the Maryland Code. It is also charged with the confinement and diagnosis of offenders referred to the Institution by the Courts for determination of their condition under that statute. The Institution conducts a thorough psychiatric evaluation of each offender so referred and renders a formal opinion to the Court of jurisdiction. Should the Institution recommend against continued confinement at the Institution, the Court returns the offender to the correctional system institution from whence he came. If the Institution recommends that the offender be confined at the Institution, the Court promptly provides a hearing; sitting as a Court or with a Jury, as the defendant may choose, and must find by a special verdict whether or not the offender is a defective delinquent as defined in Article 31B. A defective delinquent

is defined as "an individual who, by the demonstration of persistent aggravated antisocial or criminal behavior, evidences a propensity toward criminal activity, and who is found to have either such intellectual deficiency or emotional unbalance, or both, as to clearly demonstrate an actual danger to society so as to require such confinement and treatment, when appropriate, as may make it reasonably safe for society to terminate the confinement and treatment." Sentences under Article 31B are for indeterminate duration, subject to the order of the Institutional Board of Review or the Courts. The Institution offers complete medical, psychiatric, psychological, and social casework services. In addition the institution is equipped and staffed for complete academic, vocational, recreational, and religious service.

In addition to patient care, the Institution carries on extensive research studies concerning treatment, diagnosis, education, and related studies.

Advisory Board for Defective Delinquents

Chairman: Manfred S. Guttmacher, M.D., Professor of Psychiatry, University of Maryland Medical School

Murnaghan, member of the Maryland Bar, 1966.

Chapter 629, Acts of 1961 also provided for the establishment of an Advisory Board for Defective Delinquents. This Board consists of the professor of psychiatry in the Medical School of the University of Maryland, or someone designated by him; the professor of psychiatry at the Johns Hopkins Medical School, or someone designated by him; two competent sociologists from the University of Maryland and the Johns Hopkins University, one each to be appointed by the respective presidents of these two institutions; the full-time professor of constitutional law at the University of Maryland School of Law, or if there be no such full-time professor, or if he is unable to serve, such other full-time professor of the University of Maryland School of Law as may be designated by the dean of said school; the Director of Parole and Probation; and two practicing members of the Maryland bar, with at least five years' experience in the trial of civil and/or criminal cases, appointed by the Governor each to serve for a five-year term. The Advisory Board confers with the Director and Staff of the Institution and gives general consultative and advisory services on problems and matters relating to professional and legal relationships of patients confined in the Institution.

The Institutional Board of Review, also created by Chapter 629, Acts of 1961, is charged with reviewing and thoroughly re-examining every patient confined as a Defective Delinquent not less than once in every calendar year. This Board makes recommendations for future status and treatment of each patient and is authorized to grant leaves or paroles to patients when it is determined that society and the patient would benefit from such status. This Board sets the terms and conditions of any such leave or parole, and may revoke same at any time. In addition, this Board makes recommendations to the Court of proper jurisdiction for the termination of the indeterminate sentence of defective delinquents when it believes that the patient is sufficiently improved to warrant his unconditional release from custody.

The Institution has a rated capacity of 600 patients. The population on July 1, 1963 was 434 (Code 1957, 1962 Supp., Art. 31B; Art. 27, sec. 706A).

The Board also controls the release of prisoners serving indeterminate sentences at the Maryland Institution for Women and the Maryland Institution for Men. The Department administers the Interstate Compact for the reciprocal supervision of parolees and probationers. It makes available the services of its parole and probation officers to the Circuit Courts, the Criminal Court, the Municipal Court of Baltimore City, and People's and Magistrates Courts (Code 1957, Art. 41, secs. 107-131). It has field offices in Baltimore City, Bel Air, Easton, Ellicott City, Hagerstown, Rockville and Upper Marlboro.

The Interstate Compact places under the jurisdiction of the administrator, during the parole or probationary period, any person convicted of an offense within the State of Maryland who may thereafter be placed on probation or released on parole to reside in another state. Similarly, the administrator decides whether parolees and probationers from another state may reside in Maryland (Code 1957, Art. 41, sec. 129).

The Charter of Maryland empowered Lord Baltimore to raise troops to put down insurrection or rebellion and to subdue the enemies of the province. Since that time the organization, maintenance, and administration of the State militia has been an integral part of the State's functions. The present military establishment of Maryland conforms to Title 32, U. S. Code and regulations issued pursuant thereto, and to the Militia Law of Maryland (Code 1957, Art. 65).

The Adjutant General is appointed by the Governor with the consent of the Senate and serves until his successor is appointed and qualified or until he is removed from office as a result of sentence imposed by court martial (Const. 1867, IX, 2). The Ranking Line Officer (at the present time also the Adjutant General) is head of the Military Department and exercises all his powers and duties under the Militia Law of Maryland.

The Military Department prepares all State forms and records required for use by the militia, and the reports and returns required by the Federal Government. It maintains a register of all commissioned officers, and service records of all officers and enlisted men of the Maryland National Guard.

The Ranking Line Officer is the custodian of all State and Federal property used by the organized militia and apportions and provides for the proper application of funds for the military establishment. He also maintains all State-owned armories located in Maryland and all other properties which may be occupied, purchased, or leased by the Military Department. The Ranking Line Officer makes all regulations for the use of such facilities, and applications for their use should be made to him.

In time of war or other national emergency when the National Guard is absent from the State, the Governor, as Commander-in-Chief of the militia, has the power to organize the Maryland State Guard. Such forces are separate and distinct from the National Guard and are composed of officers, commissioned or assigned, and all able-bodied male citizens of the State who volunteer and are accepted for service.

Members of the State Guard are uniformed as prescribed by the Governor, who also has the power to reduce or disband such forces when deemed necessary.

The Maryland Civil Defense Agency was established by Chapter 563, Acts of 1949. The Director is appointed by the Governor. The Agency prepares for, and in the event of enemy attack or natural

disasters beyond local control, coordinates emergency functions to minimize and repair injury and damage resulting from such disasters. The Agency cooperates with the Federal Government and the governments of other States. It represents the State and assists the political subdivisions of Maryland in the procurement of supplies and equipment for civil defense purposes under the Federal matching funds and surplus property programs; it also manages the program for Federal contributions to the administrative and personnel expenses of the State and Local governments for civil defense. The Director is responsible to the Governor for the coordination of the State's disaster relief operations in the event of the declaration of a "major disaster" within Maryland (Code 1957, 1963 Supp., Art. 16A; Art. 25, sec. 16; Art. 56, sec. 262; Art. 59, sec. 47A; Art. 64A, sec. 9B).

The Department of Maryland State Police, established by Chapter 303, Acts of 1935, is charged with the enforcement of the motor vehicle and criminal laws of the State. The Department is directed by the Superintendent, who is appointed by the Governor for a four-year term. The Department has State-wide jurisdiction except in incorporated municipalities which maintain a police force; within such municipalities its jurisdiction is limited to (1) when in pursuit of an offender or suspected offender; or (2) when in search of an offender or suspected offender wanted for a crime committed outside of the limits of the municipality, or when interviewing or seeking to interview a witness or supposed witness to such a crime; or (3) when requested to act by the chief executive officer of the municipality in question or its chief police officer; or (4) when ordered by the Governor, to act within the municipality in question; or (5) when enforcing the motor vehicle laws of this State (Code 1957, Art. 88B, secs. 3, 4, 20, 23).

Through its Investigation Division the Department maintains fingerprint and photograph files; it cooperates with the FBI and other law

enforcement agencies in the exchange of information regarding crime and criminals (Code 1957, Art. 88B, sec. 19); it is charged with the licensing of private detectives (Code 1957, Art. 56, secs. 75-92) and the registration of firearms (Code 1957, Art. 27, secs. 441-448).

In June 1962 the organization of the State Police was expanded to include an Intelligence Unit, the primary purpose of which is to collect, evaluate, file for ready reference, and disseminate intelligence on organized crime (Code 1957, 1962 Supp., Art. 88B, sec. 19).

The Central Accident Records Bureau, established in 1953, receives motor vehicle accident reports from all police agencies. It tabulates and analyzes such reports and publishes monthly summaries in cooperation with the Maryland Traffic Safety Commission (Code 1957, Art. 88B, secs. 42-48).

The Department, through safety talks and the display of moving pictures by its members, promotes highway safety. The Department maintains radio and teletype communication between its own installations and those of other law enforcement agencies within the State; it participates in a 17-State teletype network; and it provides radio communication service to the Department of Tidewater Fisheries. It maintains a Police Academy for the training of its own personnel and these training facilities are available to other law enforcement agencies in the State.

In 1963, the Maryland State Police took over the police functions in connection with the operation of the Northeastern Expressway, the first toll road in Maryland.

The Department carries on its field operations through barracks, posts, and detachments, located throughout the State as follows:

The Department of Post-Mortem Examiners created by Chapter 369, Acts of 1939 to replace a decentralized system of local coroners, is directed by a commission composed of a representative of the State Department of Health, the Commissioner of Health of Baltimore City, the Superintendent of Maryland State Police, and the Professors of Pathology at The Johns Hopkins University and the University of Maryland. The Department replaced the coroners of Baltimore City by a Chief and two Assistant Medical Examiners, and the county coroners by Deputy Medical Examiners. In 1957 the General Assembly authorized three Assistant Medical Examiners. The Commission appoints all personnel. The medical examiners, in the Department or in the counties, investigate violent and suspicious deaths or deaths unattended by a physician. They must file a report of all deaths investigated with the Office of the Chief Medical Examiner. The records of the Department are open for inspection to the family of the deceased and are acceptable in Court as evidence of the facts contained. The county pays the Deputy Medical Examiners for each death investigated. The State Comptroller pays the salaries of the Chief Medical Examiner, the Assistant Medical Examiners, and the Toxicologists, and the expenses of performing autopsies in the counties and the transportation of bodies incident thereto. All other expenses of the Department are paid by the City of Baltimore (Code 1957, Art. 22).

The State first took action to improve Maryland roads in 1898, when the General Assembly ordered the Maryland Geological Survey Commission to make a survey of State roads and write a report. In 1904 the first law authorizing State aid for road building put this program under the supervision of the Highway Division of the Survey Commission, which performed this function until the creation of the State Roads Commission by Chapter 141, Acts of 1908. The State Roads Commission now consists of seven members appointed by the Governor for terms of four years. The Chairman of the Commission, also known as the Director of Highways, is appointed from the State at large. One member is appointed from Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, or Worcester County; one from Anne Arundel, Calvert, Charles, or St. Mary's County; one from Allegany, Carroll, Frederick, Garrett, or Washington County; one from Montgomery or Prince George's County; one from Baltimore, Harford, or Howard County; and one from the City of Baltimore. At least two of the members must belong to whichever of the two leading political parties in the State is not the party of the Governor. The Chairman holds office at the pleasure of the Governor.

The Director of Highways has exclusive jurisdiction over the location, construction, geometrics, design, and maintenance of the highways that embrace the Interstate and the Primary systems of highways. He has authority to confer with and conclude agreements with the Bureau of Public Roads and other agencies of the United States government, representatives of other States, and other agencies within this State on all questions relating to all highways on the Interstate and Primary systems. The Director also has jurisdiction over the engineering and right-of-way departments of the Commission and the Commission's entire administrative organization. From time to time he calls upon the other members of the Commission individually or jointly for advice.

The Commission, meeting jointly, formulates policy relating to location, type, design, construction, and maintenance of the Secondary system of highways. The Commission member from the area where the secondary road under consideration is located must inform the other members of the Commission of local conditions affecting these decisions. Once the policy for each road has been set, the Director of Highways undertakes its construction and maintenance.

The Commission recommends any over-all highway improvement program to the Governor and Legislature; and meeting jointly, it also recommends plans for highway financing. The Commission determines the extent to which consulting engineers are employed on the entire State Highway System, but the Director of Highways has sole power to select such engineers. The Commission also determines the general working conditions and salary recommendations for its employees. The Director of Highways carries out all policies determined by the Commission and performs all its actions, including the execution of contracts, agreements, and other documents.

The State Highway system is divided into primary and secondary highways. The official State highway map published by the State Roads Commission constitutes the basis for distinguishing the two. Highways

of the Primary system are generally designated in red; the Secondary system, in black. However, the Director has the final authority to determine which highways are considered primary, and which secondary, after obtaining the advice and counsel of the Commission. The Director, in making this determination, considers present and future traffic volumes, as well as the geographic and economic importance of these highways. After conferring with the Commission, he may change from time to time the designation of a highway from Primary to Secondary, or vice versa, and determine the system into which new highways are placed.

The State Roads Commission also maintains, constructs, or reconstructs the road systems of six of the twenty-three counties of the State.

The Attorney General of the State is the legal advisor to the Commission. A separate legal division within the State Roads Commission is under the supervision of a Special Assistant Attorney General. The Comptroller of the Commission is in charge of its finances and accounting. The Accounting Division keeps the financial and statistical reports. The Commission has seven District Offices throughout the State, each under the direct supervision of a District Engineer.

Major operating divisions of the Commission are:

- Administration
- Planning and Programming
- Engineering
- Right-of-Way

The Administration Division is responsible for the overall administrative functions of the Commission. Accordingly, it is charged with the development and application of management plans and administrative procedures in order that each organization component be a logical, clearly defined, integrated unit within the entire agency and to insure effective use of manpower by these units. The Planning and Programming Division has the responsibility for advising the Commission and Director of Highways and furnishing functional guidance to the staff divisions on highway plans and programs, the economic and financial factors pertaining thereto, highway classifications and legislation and related matters. The Engineering Division is responsible for supervision of all survey, engineering design, construction and maintenance activities of the Commission. The Right-of-Way Division acquires the rights of way necessary for new highways and bridges, as well as for modernization of existing highways and bridges.

Financing the State Roads System

The Legislature of 1953, after consideration of a twelve-year program for road construction and reconstruction, authorized the Com-

mission to issue additional State Highway Construction Bonds to the amount of \$330,000,000 par value (subject to certain limitations including provision that the maximum principal amount of all State Highway Construction Bonds outstanding at any time shall not exceed \$300,000,000) to finance, in part, the reconstruction of both primary and secondary roads of the State Highway System and to develop and construct new roads made mandatory by traffic demands. As of June 30, 1963, State Highway Construction Bonds, Second Issue, of a total par value of \$252,500,000 had been issued against the \$330,000,000 authorization, of which \$233,800,000 were outstanding. In addition \$24,671,000 of bonds were outstanding of the \$100,000,000 issue authorized by the 1947 Legislature.

The Commission's fifty percent share of the Gasoline Tax Fund and the Excise Tax on Issuance of Certificates of Title to Motor Vehicles are pledged for debt service of State Highway Construction Bonds; the remainder of such revenues, together with Federal appropriations, participation in project costs by the counties, and proceeds from the sale of State Highway Construction Bonds, is available for the construction of highways and bridges. Under certain conditions a sum not in excess of \$8,000,000, authorized by the 1963 Legislature, may be transferred in any fiscal year from the Construction Fund to the Maintenance Fund, such funds to be used for the maintenance and operation of the State Highway System.

The State Roads Commission also receives a fifty percent share of the Motor Vehicle Revenue Fund for maintaining and operating the State Highway System, and for other maintenance.

Appropriations available to the Commission for the construction and reconstruction of roads will be supplemented, as required, by proceeds from the sale of State Highway Construction Bonds to be issued under the 1953 authorization. The several counties may participate in the issue of County Highway Construction Bonds as authorized by Section 211 of Article 89B of the 1957 Code as amended.

The State Roads Commission, through its Toll Facilities Division, operates and maintains the three major toll bridges indicated above and the Harbor Tunnel Thruway (Patapsco Tunnel, under Baltimore's harbor) which was opened to traffic on November 30, 1957. Currently, the four projects handle approximately 31,500,000 toll transactions annually and produce revenue of more than \$17,000,000 which is utilized for debt service after deduction of maintenance and operating costs.

The administrative offices and the accounting and maintenance bureaus of this Department are centralized in the Administration Building adjacent to the Fairfield Portal of the Tunnel.

The Chesapeake Bay Toll Bridge is one of the largest over-water structures in the world. It is composed of 123 spans extending across 4.35 miles of the Chesapeake Bay between Sandy Point on the Western shore to a point near Stevensville on the Eastern shore of Maryland. The combined length of the project, including roadway approaches, is 7.11 miles. The traffic lanes between the suspension towers are 2,922½ feet in length and 198½ feet above water level; the suspension towers rise an additional 155½ feet above the Bay to a total height of 354 feet. This bridge was opened to traffic on July 30, 1952. It is located on two of the principal motor arteries, U. S. 301 and U. S. 50.

The Susquehanna River Toll Bridge spans the Susquehanna River from a point near Perryville in Cecil County to a point near Havre de Grace in Harford County. It is 7,613 feet long and was opened to traffic on August 28, 1940. It is on another main highway, U. S. 40.

The Potomac River Toll Bridge, from a point near Newburg in Charles County Maryland, to a point near Dahlgren, Virginia, over the Potomac River, is 11,446 feet in length and was opened to traffic on December 15, 1940. It is on U. S. 301.

The Harbor Tunnel Thruway, opened to traffic on November 30, 1957, provides a North-South by-pass of the City of Baltimore as well as rapid motor transit from one area of the City to another. In addition to the twin tunnels under the Patapsco River, which are 1.7 miles in length, it has approximately 18 miles of access roads and approaches usable only by Tunnel patrons. These access roads, in addition to connecting with principal traffic arteries in the City, provide a link between such through routes as U. S. 40 North and U. S. 40 West, the Washington Expressway, and immediate connections to U. S. 1 North and South, and to U. S. 301 South.

The Bureau of Control Surveys and Maps, established by Chapter 628, Acts of 1939 but inactive during World War II, was reactivated by the State Roads Commission in 1951 (Chapter 284, Acts of 1951). This Bureau is directed by an advisory board consisting of the Chief Engineer of the State Roads Commission, the Director of the Maryland State Planning Department, the Director of the Department of Public Improvements, the Director of the Department of Geology, Mines and Water Resources, and the Dean of the College of Engineering of the University of Maryland. It coordinates the activities of the various agencies engaged in mapping and surveying in the State; promotes the use of the Maryland Plane Coordinate System for engineering projects; through field observations, extends the control network for use in highway surveys; and maintains a complete file of control, both horizontal and vertical, available throughout the State (Code 1957, Art. 91, secs. 30-35). The funds for the operation of the Bureau are provided in the budget of the State Roads Commission.

DEPARTMENT OF MOTOR VEHICLES

John R. Jewell, Commissioner
 Michael A. Noppinger, Deputy Commissioner
 Earl L. Baker, Assistant to the Commissioner
 George E. Benton, Director of Division of Administration
 William C. Leyko, Director of Division of Vehicle Registration

Clifton E. Luber, Director of Division of Driver Licensing
Owen R. E. McGeeney, Comptroller, Division of Finance and
Statistics

Telephone: 761-4500

The Office of the Commissioner of Motor Vehicles was established by Chapter 207, Acts of 1910. The Commissioner, who is a career employee, serves as the Director of the Department.

The Department issues all drivers' licenses in the State, and applicants are required to pass an eye test, written examination of the Motor Vehicle Laws of Maryland, and a driving test. These examinations are conducted in Glen Burnie and in twenty-three other cities and towns throughout the State. All operators' licenses must be renewed every two years according to the holder's birthmonth, in the "odd" year, if born in an "odd" year, or in the "even" year, if born in an "even" year. The Department titles and registers motor vehicles. It must issue a title before license plates. The Department collects an excise tax of two per cent of the fair value of the vehicle for each title issued. All commercial vehicles operating for hire within the State must file with the Department a certificate of Financial Responsibility Insurance in the amounts of \$10,000, \$20,000, and \$5,000 and obtain a gratis permit to be carried with the vehicle at all times. All persons involved in accidents resulting in personal injuries or any property damage in excess of \$75.00 must file a report with the Department and comply with the provisions of the Financial Responsibility Law. All persons who fail to pay judgments in excess of \$25.00 are subject to the Financial Responsibility Law.

The Department maintains a record of each individual driver who has been convicted of violating the motor vehicle laws. It conducts hearings to determine whether or not the driver's license should be suspended or revoked as a result of a motor vehicle conviction. In the case of habitual violators, persons under the age of twenty-one years convicted of minor violations, and persons whose licenses were previously revoked, the Department may require their attendance at DMV Driver Rehabilitation Clinics; if the individual is proved physically or mentally unfit to drive, his case comes before the Department's Medical Advisory Board for final decision. He may appeal to the Courts from the decision of the Commissioner, except in those cases where the revocation is mandatory. On January 1, 1961, the Point System went into effect.

All fees collected for the registration and titling of motor vehicles and all fines collected are deposited by the Department to the credit of the Motor Vehicles Revenue Fund (Code 1957, Art. 66½, secs. 4-6, 10, 22-29, 90, 116-35, 341; 1961 Supp., Art. 66½, secs. 8, 86A, 114A, 118-123). In 1962 these fees amounted to \$49,128,508.69.

UNSATISFIED CLAIM AND JUDGMENT FUND BOARD

Chairman: C. Harold Whittum, 1964

Vice Chairman: Henry B. Suter, 1964

Secretary: Walter W. Falck, 1964

Ex officio members: John R. Jewell, Commissioner of Motor Vehicles; F. Douglass Sears, Insurance Commissioner.

Appointed member: Warren Nigh, 1964.

Manager: John H. Calhoun
 Assistant Manager: S. Webster Tull
 Principal Account Clerk: Bonnie L. Neal

6601 Ritchie Highway, N.E., Glen Burnie Telephone: 761-4732

The Unsatisfied Claim and Judgment Fund Board, established by Chapter 836, Acts of 1957, consists of the Commissioner of Motor Vehicles and the Insurance Commissioner, ex officio; and four representatives of insurers appointed annually in July by the Insurance Commissioner for one-year terms.

The Board administers the Unsatisfied Claim and Judgment Fund, which was created from the following sources: (1) an \$8.00 fee paid on April 1 or May 1, 1958, for each uninsured motor vehicle by the person registering the vehicle; (2) a \$1.00 registration fee paid on April 1 or May 1, 1958, for each insured motor vehicle by the person registering the vehicle; (3) 0.5% of the net direct written premiums of each insurer for the year 1958.

Beginning on December 30, 1959, the Commissioner of Motor Vehicles is to estimate annually the amount necessary to enable the Fund to pay claims against it for the following year. If there is a deficiency, he is to make it up as follows: (1) the insurers are to pay a sum not greater than 0.5% of the aggregate net direct written premiums of all insurers during the preceding calendar year, or 10% of the estimated deficiency, whichever is smaller; (2) persons registering uninsured motor vehicles are to pay a fee arrived at by dividing the remaining deficiency by the number of uninsured motor vehicles registered during the preceding registration year. The deficiency assessment for the registration year of 1963 resulted in a \$70.00 fee assessed against uninsured motorists.

Qualified persons who have suffered property damage or personal injury in motor vehicle accidents involving uninsured motorists and who have recovered judgments of more than \$100, but who have been unable to collect the sums due, may apply to the Court for an order directing payment from the Fund. The maximum amounts payable from the Fund are (1) \$10,000 for injury or death of one person in any one accident; (2) \$20,000 for injury or death of more than one person in any one accident; and (3) \$5,000 for damage to property in any one accident less \$100 deductible per claim. Persons who have failed to pay judgments may not hold a driver's license or register a car in Maryland until they have reimbursed the Fund with interest (Code 1957, Art. 66½, sec. 174).

The Maryland Traffic Safety Commission, organized by Chapter 274, Acts of 1941, consists of eighteen members appointed by the Governor for six-year terms, one-third of these terms expiring every two years.

The Commission seeks to promote traffic safety on the streets and highways of Maryland; to coordinate the activities of public and private agencies interested in, or affected by, the problems of traffic safety; and to assist such agencies to augment their programs by study, education, and information. The Commission has enlisted the aid of business associations, civic groups and newspapers in the promotion of traffic safety. It has also utilized radio, television, newspapers, billboards, safety conferences, lectures and exhibits. The Commission also plans State-wide safety programs and works with national organizations in the promotion of traffic safety. In cooperation with the Department of State Police the Commission issues releases to the media on traffic accidents and fatalities in the State (Code 1957, 1962 Supp., Art. 41, secs. 229-30; Art. 66½, sec. 341d).

The General Assembly in 1941 (Code 1957, Art. 66C, secs. 6-21) consolidated nine independent conservation agencies into five equal departments, namely, the Department of Tidewater Fisheries, the Department of Game and Inland Fish, the Department of Forests and Parks, the Department of Geology, Mines and Water Resources, and the Department of Research and Education. The same act created the Board of Natural Resources to coordinate and integrate the activities of these five departments (Code 1957, Art. 66C, secs. 1-5). In 1959 the Water Pollution Control Commission (Acts 1959, chap. 695) became the sixth agency associated with the Board of Natural Resources. In 1961 the Department of Research and Education was abolished and replaced by the Natural Resources Institute of the University of Maryland (Acts 1961, chap. 776).

The Board is composed of eight appointed and six ex officio members. The appointed members hold office for four-year terms and are designated by the Governor as follows: four from the State at-large;

two from the tidewater counties of the Eastern Shore; and two from the tidewater counties of the Western Shore. The ex officio members are the directors of the agencies associated with the Board. The Director of the Department of Tidewater Fisheries is designated by law as Chairman of the Board.

The Board was created to formulate general policies on conservation (Code 1957, Art. 66C, sec. 3). It publishes an annual report covering the activities of the six agencies represented on the Board; maintains the boundaries of the State (Code 1957, Art. 66C, secs. 31-32); administers certain mineral resources under the Chesapeake Bay (Code 1957, Art. 66C, secs. 22-30); administers artificial islands in Sinepuxent Bay (Code 1957, Art. 66C, sec. 33); and approves or disapproves of certain fishery regulations (Code 1957, Art. 66C, secs. 294, 329).

DEPARTMENT OF TIDEWATER FISHERIES

The Department of Tidewater Fisheries, created by Chapter 508, Acts of 1941, is the State agency responsible for the conservation and development of the natural resources of tidewater Maryland.

The Commission formulates basic policy for the Department, subject to the laws governing various aspects of the tidewater resources. It is composed of five members appointed by the Governor for five-year terms, with overlapping tenure of office.

All of the fishery industries are subject to certain legal regulatory restrictions. The Department is charged by law with the responsibility for enforcement of all such regulations.

The Department is now engaged in a massive program of oyster propagation, utilizing deposits of buried oyster shells as cultch. More than 21,000,000 bushels of these shells have been dredged up and planted in seed areas and on the natural oyster bars since the program was initiated in 1960. Thirteen seed areas in five counties have been established pursuant to legislation enacted in 1961. Seed production has increased from 212,497 bushels in 1960-1961 to 572,732 bushels in 1961-1962, and 914,000 bushels thus far in 1962-1963.

The present Tidewater Fisheries Department and the laws under which it operates are the outcome of efforts begun in 1785 when the people of Maryland and Virginia made a compact for the use of the Chesapeake Bay and the Potomac River. However, it was not until 1830, with the passage of the first fishery laws, that Maryland became conscious of the possibility of depleting its water resources. In 1865, the General Assembly passed an oyster license law, and in 1868 it created the State Oyster Police. The oyster police force was simply an enforcement agency; it did not undertake any constructive

program. In 1874, the Legislature created a new agency, the Commissioners of Fisheries. This Commission undertook the first positive efforts to develop the fisheries.

In the early twentieth century, oyster production declined to such an extent that in 1906 the Haman Act provided for a complete survey of the bottoms of the bay and its tributaries. This survey, completed in 1912, is the basis of present-day Acts.

The Legislatures of 1960 and 1961 passed bills extending the authority of the Department in several directions. By Chapter 69, Acts of 1960, the Department became the administrative agency for the Boat Act, which governs the numbering of boats and safety regulations on the tidal waters of the State. By Chapter 825, Acts of 1961, the Department was empowered to grow large quantities of seed oysters, and to provide for a resurvey of the bottoms of the tide-waters of the State. This resurvey is now under way.

The Department of Tidewater Fisheries has a close relation with the Board of Natural Resources, which is composed of the heads of the various departments relating to the resources of the State and eight members appointed by the Governor. The present law provides that the Director of the Department of Tidewater Fisheries shall be Chairman of this Board (Code 1957, Art. 66C).

The Department of Game and Inland Fish, established by Chapter 354, Acts of 1939, superseded the Conservation Department. The Department is associated with the Board of Natural Resources and is directed by a non-salaried five-man Commission, appointed by the Governor from the several geographical regions of the State for five-year terms, one term expiring each year. The Commission elects a Chairman and a Vice Chairman from its membership and appoints the Director of the Department. The Department enforces the game and fresh water fish laws and such additional regulations as it enacts for the conservation of the resources in its charge. Such rules may restrict the terms of the game and fresh water fish laws (Code 1957, Art. 66C, secs. 14, 111-233).

The Department being a Special Fund Agency, receives its total operational funds from the sales of hunting and angling licenses, fines, sale of products from Department-owned lands, and nominal assistance from the United States Government, under the provisions of the Federal Aid in Fish and Wildlife Restoration Acts.

As of June 1963, the Department-owned game management areas, refuges, and community fishing lakes totaled 48,721 acres. At Belle Grove State Game Farm in Allegany County 1,500 wild turkeys are propagated annually and released on suitable range in Western Maryland and Worcester County. In addition, the Department leased many other areas which are managed under the Maryland Cooperative Farm Game Program.

In all sections of Maryland, the Department has especially emphasized habitat improvement on private and public lands for the purpose of increasing wildlife populations. In cooperation with the Department of Forests and Parks, it manages wildlife populations on more than 100,000 acres of State Forests.

The Commission owns and operates a fresh water fish hatchery for trout at Beaver Creek in Washington County. It also owns and operates trout rearing stations at Bear Creek, Garrett County, and Lewistown in Frederick County. A warm water fish rearing station is located and operated near Elkton, in Cecil County. Approximately 100 major surface water areas, containing more than five acres each, have been stocked with warm and cold water species and over 100 streams received quotas of commercially purchased or State-hatchery reared fish annually.

The Department rears over 100,000 (30,000 lbs.) adult trout (brook, brown, and rainbow) each year and 75,000 fingerlings. To supplement

this fish rearing and stocking program, the Department each year purchased over 15,000 adult largemouth bass, great northern pike, chain pickerel, walleyes and miscellaneous others for release into our warm waters for public fishing.

The Commission of Forests and Parks consists of five members appointed by the Governor. One is recommended by the Maryland Farm Bureau and one by the Maryland State Grange; one must have had practical experience in the lumbering business; and two must have had an interest in the advancement of State parks and recreation. The members serve for five-year terms with overlapping tenure of office. They select their chairman and appoint the Director of the Department of Forests and Parks (Code 1957, Art. 66C, secs. 343-44).

A forestry department was first organized by Chapter 294, Acts of 1906, under the State Board of Forestry but was succeeded in 1941 by the present Department, which is associated with the Board of Natural Resources. The Department is legally responsible for all phases of forest, park and recreational activities. The forestry phases consist of forest fire control and advice to landowners on timber management, including detailed plans of management and the furnishing of seedlings for reforestation purposes. In order to demonstrate correct forestry practices, the Department manages on a sustained yield basis ten state forests on which multiplane use is demonstrated. This includes timber management, watershed protection and recreation. Four developed recreational areas are maintained on state forests which are extensively used by the public.

The Roadside Tree Law is administered by this Department. This provides for supervision of all tree care within the right-of-ways of all public roads and streets in the state. This program is financed by charges to public utility companies and others who require this service.

The Department provides a well-distributed and accessible system of parks and other recreational areas which include scenic, historic and geological sites that are of State-wide significance. The Department also provides a variety of informal types of outdoor recreational activities and interests, facilities and accommodations for camping, picnicking, swimming, fishing and hiking which generally brings the public into contact with natural forces and resources so that they may learn to enjoy and help conserve them.

State parks are located in wooded areas which are maintained in their natural condition for the enjoyment of the general public. The one exception is Sandy Point State Park near the Bay Bridge. This is principally a bayside swimming area although picnicking facilities are provided.

The Department administers fourteen developed park areas with a total acreage of 17,105 and seven areas in various stages of acquisition and development with a total acreage of 9,409, as of June 30, 1963. The Department also administers eleven State Forests with a total of 119,204 acres.

The Department of Geology, Mines, and Water Resources was established by Chapter 508, Acts of 1941, to supersede the State Geological and Economic Survey Advisory Commission, the Water Front Commission, and the Water Resources Commission. The Department is directed by a five-man Commission appointed by the Governor for five-year terms, one term expiring each year. The Commission selects its own chairman and appoints the Director of the Department. The Director supervises activities that deal with geology and water; the Bureau of Mines supervises the mining industry.

The Department supervises topographic, geologic, hydrographic, and magnetic surveys. It prepares topographic, geologic, and such other maps as may be necessary to meet a specific need. It makes reports on the extent and character of the State's mineral and water resources. In cooperation with the United States Government, it makes surveys of the water resources of the State. It investigates and recommends plans and policies for the protection of the State's waterfronts against erosion. In addition, the Department controls and conserves, insofar as is practicable, the surface and underground waters of Maryland; and to that end has jurisdiction over the construction and repairs of reservoirs, dams, and other waterway obstructions. It licenses all water well drillers in the State and issues a permit for each well to be drilled. The Commission also makes and enforces rules to conserve the State's oil and gas resources (Code 1957, Art. 66C, secs. 15-17, 675-95, 718-55).

The first Mine Inspectors were appointed by the Governor in 1878 to serve in Allegany and Garrett counties (Chapter 157, Acts of 1878). These inspectors functioned independently, reporting only to the Governor, until 1916, when they were placed within the Board of Labor and Statistics by Chapter 410, Acts of 1916. The inspection powers became a function of the Bureau of Mines upon its organization in 1922 as a unit of the Department of Labor and Statistics (Chapter 307, Acts of 1922). When the Board of Natural Resources was organized in 1941, the Bureau was transferred to the newly created Department of Geology, Mines and Water Resources. The Director of the Bureau is appointed by the Governor from a list of eligible persons certified by the State Commissioner of Personnel. The Bureau of Mines inspects all mines within the State for proper sanitation, ventilation, and safety standards in all mining operations. All persons or corporations engaging in open-pit or strip mining operations are required to register with the Bureau before starting operations and to report periodically during such operations. Effective June 1, 1955, all strip-mining operators must obtain a permit from the Bureau, pay a filing fee of \$200, and furnish bond at \$100 per acre, said bond to be released when acreage has been backfilled and meets with the approval of the Director of the Bureau. During the 1959 Session, the General Assembly amended the Strip Mining Law; and, effective June 1, 1959, the operator must pay a filing fee of \$50, and furnish bond at \$300 per acre, no bond being for less than \$1,200. By Chapter 618, Acts of 1963, the amount of bond in Garrett County was increased to \$500 per acre. No bond is to be less than \$2,000. No operator who has previously forfeited any bond posted pursuant to stripping activities or who had failed to pay royalties or wages due during such activities is to be permitted to strip any area by open pit mining. In addition, no pond in Garrett County may be constructed in lieu of back-filling. The Bureau of Mines examines all applicants for certificates of competency as mine foremen, assistant mine foremen, and fire bosses. It conducts classes in mining operations throughout the western part of the State and furnishes training in gas detection to men applying for first-class certificates and fire boss certificates of competency. This work is being done in cooperation with the United States Bureau of Mines (Code 1957, 1963 Supp., Art. 66C, secs. 486-674).

The Commission makes regulations to prevent the pollution of Maryland streams and waters. It investigates all sources of stream pollution. It may request known polluters to correct the situation, and should they fail to comply, the Commission may order them to fulfill the request within a definite period of time. Any polluter who has a complaint or feels a specific hardship in complying may receive a hearing before the Commission. The Commission has collected data about municipal sewage disposal and about stream pollution in the various regions of the State. The Commission is located in the State Office Building in Annapolis and maintains in that location a laboratory where it determines through chemical analysis the amount and cause of water pollution (Code 1957, Art. 66C, secs. 34-45).

301 W. Preston Street, Baltimore 1 Telephone: 837-9000

The State Planning Department was created by Chapter 543, Acts of 1959 as the successor to the Maryland State Planning Commission, established by Chapter 39, Acts of the Special Session of 1933.

The State Planning Department functions "as the Governor's Staff Agency in planning matters," and prepares and keeps up-to-date a

program for the development and effective employment of all State resources, known as the State Development Plan. To this end the Department studies "the resources of the State and . . . existing and emerging problems of agriculture, commerce, transportation, population, housing, public service, local government" and other matters that affect the development of Maryland. It also "prepares the State's capital program in collaboration with the Department of Budget and Procurement and . . . assists in the preparation of the annual capital budget." In addition, it acts "as an advisory . . . and coordinating agency," harmonizing its planning activities with those of State or local government agencies and providing these agencies with planning assistance. Finally, it attempts to stimulate "public interest and participation in the development of the State." The Director of the State Planning Department is appointed by the Governor and serves at his pleasure.

The law provides for a State Planning Commission within the State Planning Department to advise and assist the Director. The Commission consists of nine members: Seven are appointed by the Governor for four-year terms; the other two represent the House of Delegates and the State Senate and are appointed by the Speaker of the House and the President of the Senate respectively.

The Commission may establish subcommittees to which it may delegate any of its functions. It is also to (1) "study and report from time to time upon the effectiveness of planning in the State;" (2) "evaluate the effectiveness of this Article, and . . . urge its revision or amendment whenever necessary;" (3) "receive and approve, disapprove, or resubmit to the Director of State Planning recommendations concerning the establishment of regional or metropolitan areas;" (4) "hold public and private hearings and sponsor public forums in any part of the State."

The Medical Care Committee, which formerly functioned under the Planning Commission as a study group to review medical and health problems, was discontinued as an operation of the Planning Commission and the Planning Department as of July 1, 1963. This was brought about by Legislative action, discontinuing appropriation to the Planning Department for staffing the Medical Care Committee (Code 1957, 1963 Supp., Art. 88C).

The Baltimore Regional Planning Council was established by the Maryland State Planning Commission in December 1956 to take ad-

vantage of federal assistance for regional planning under Section 701 of the Federal Housing Act of 1954, as amended. The Council consists of two persons from each of six constituent jurisdictions: Anne Arundel County, Baltimore City, Baltimore County, Carroll County, Harford County, and Howard County. One member from each jurisdiction is the elected head of government or his designee; and the other is the director of the local planning agency. In addition, the State Planning Department is represented by its Director. The Council is financed by a grant from the Urban Renewal Agency of the U. S. Housing and Home Finance Agency and a matching amount from member jurisdictions. Office space is provided for the Council in the State Planning Department.

Since April 1957, the Council has undertaken a series of studies, leading up to the development of the "Metrotown" concept as a proposed and logical pattern of development for the Baltimore Region. Some of the subject matter studied in depth on a regional basis has been general land use, industrial land development, open space, freeways, the housing market, the relationship of transportation and land use, population, water supply and sewerage, zoning and subdivision laws, and feasibility studies for Metrotown Centers.

The Baltimore Regional Planning Council performs its tasks with a small professional staff, aided by consultants and expert technical advisory committees. It has established close working relationships with the planning and other departments of its constituent jurisdictions as well as with several important state and metropolitan agencies. The Council is financed in part by a federal cash grant and partly by cash and staff services provided by the State Planning Department and the planning agencies in the six political subdivisions within the Council's jurisdiction. For specific studies, additional funds have been provided by other public agencies.

The 1963 session of the General Assembly enacted legislation creating a new and official Regional Planning Council which, when it becomes fully operational, is expected to replace the Baltimore Regional Planning Council.

REGIONAL PLANNING COUNCIL

Vice Chairman: James J. O'Donnell, Director,

Ex officio members: J. Joseph Curran, Jr., State Senate; Edwin Warfield III, House of Delegates; John B. Funk, Chairman-Director, State Roads Commission; Philip H. Sachs, Chairman, Metropolitan Transit Authority; Edward S. Corcoran, Member, Maryland Port Authority.

Appointed members: C. Bowie Rose, Member-at-Large; Joseph F. Collinson, Jr. and Francis W. Roesler, Anne Arundel County; Frank X. Gallagher and M. Peter Moser, Baltimore City; Jervis S. Finney and Francis N. Iglehart, Jr., Baltimore County; Edmund L. Carr and Rev. Clarence H. Shaw, Carroll County; Abe Davis and P. Mitchell Coale, Harford County; Charles E. Miller and Wilmer M. Sanner, Howard County.

Acting Executive Director: Franz J. Vidor

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The Regional Planning Council was created by Chapter 753, Acts of 1963, as the official successor to the Baltimore Regional Planning Council, which had been operating as an arm of the State Planning Department since 1956. The Council's area of jurisdiction covers Baltimore City and Anne Arundel, Baltimore, Carroll, Harford and Howard counties. Its membership of 20 persons consists of two representatives from each of these six political subdivisions, the Director of the State Planning Department, the Chairman-Director of the State Roads Commission, a member of the Metropolitan Transit Authority, a member of the Maryland Port Authority, a member of the State Senate, a member of the House of Delegates, and two members-at-large. The last four members are appointed by the Governor. Of the two members from each of the six political subdivisions, one is a member of the local legislative body, while the other is a member of the local planning commission.

The Regional Planning Council is to prepare and adopt a comprehensive plan for the development of the Region. The plan must contain a statement of objectives, standards and principles, recommendations for the most desirable general pattern of land use, a circulation pattern, a suggested general location for public and quasi-public facilities which are of regional concern, and recommendations for regulatory and administrative measures to implement the General Development Plan. In addition, the Regional Planning Council has the usual research and advisory functions associated with planning agencies.

Once the General Development Plan has been adopted by the Regional Planning Council, no plan may be adopted by any unit of government within the area, and "no road, park, public way, public buildings, or any other development which is metropolitan or regional in nature or affects an area greater than a single unit of government, may be constructed or authorized in the Regional Planning Area until and unless the proposed location and extent thereof has been referred to the Regional Planning Council for its consideration". It was thus the intent of the Legislature that the Regional Planning Council be consulted on every improvement which directly affects more than one unit of government, that it have an opportunity to determine what effect such a contemplated improvement will have on the General Development Plan, without, however, giving the Council an actual veto power.

The Regional Planning Council receives two-thirds of its budget from the six political subdivisions of the Region and one-third from the State. The portion of each of the subdivision's share of the budget must be in the same ratio as their respective assessed value of real property is to the total for the Region; in no event can it be an amount which exceeds the amount that would be produced by a levy of an ad valorem tax of $\frac{1}{2}\%$ per \$100 (Code 1957, 1963 Supp., Art. 78C).

BANK COMMISSIONER

Herbert R. O'Connor, Jr., Bank Commissioner, 1967

John D. Hospelhorn, Deputy Bank Commissioner

Charles C. Ehrig, Senior Examiner

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The office of the Bank Commissioner was created by Chapter 219, Acts of 1910. The Bank Commissioner is appointed by the Governor for a term of four years. The Department has general supervision over all banking institutions in the State other than national banks. It must examine each institution at least twice in eighteen months and

at such other times as the Commissioner may deem expedient and at any time upon request of the board of directors of the institution. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by law, or whenever it is found that an institution is being conducted in an unsafe manner, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is finally liquidated. If a banking institution, excepting a national bank, fails, the Bank Commissioner acts as receiver, liquidates its assets, and terminates its affairs under the jurisdiction of the court. The Commissioner may delegate this power to the Deputy Commissioner or a senior examiner. Every bank and trust company is required to submit to the Bank Commissioner, under oath, at least three reports in each calendar year; such reports must exhibit in detail the resources and liabilities of the institution and show its true condition. These reports are published in the local newspapers. All mutual savings institutions are required to report their condition to the Commissioner on June 30 and on December 31 of each year. The December 31 report of such institutions is required to be published. The Commissioner's office examines the reports, and when necessary, verifies them and corrects any irregularities or recommends changes.

All new banking institutions must organize under the supervision of the Department and must obtain from it a certificate before opening for business. The Bank Commissioner must approve all applications for a branch office made by a State bank, trust company, or mutual savings institution, and must pass upon all amendments to their charters. He must also approve any mergers or voluntary liquidations. On June 30 of each year he must make a written report to the Governor (Code 1957, Art. 11, secs. 1-26, 28-134).

The General Assembly of 1929 passed what is known as the "Credit Union Law," which provides that any seven or more persons, residents of this State, may apply to the Bank Commissioner for permission to organize a Credit Union. The Commissioner supervises all such Credit Unions (Code 1957, Art. 11, secs. 135-62).

The Department also has jurisdiction over industrial finance loan companies under the provisions of the "Industrial Finance Law," passed in 1945. The Act generally provides that no person or corporation may charge interest or other charges in the aggregate above that permitted by law on loans of fifteen hundred dollars or less if this person or corporation is not a licensee under the terms of the law. All companies and individuals transacting business under the terms of this statute must secure a license from the Bank Commissioner. At least once in every thirty-six months, the Department is required to examine each licensee; and each licensee must submit to the Commissioner an annual report setting forth such information as the Commissioner may reasonably require. The Bank Commissioner has the power to revoke or suspend licenses for infractions of the law. He also has the power to exempt certain companies from the terms of the "Industrial Finance Act." Automatically exempted from the Act are those companies and individuals that are doing business under the terms of the "Small Loan Law," which is administered by the Administrator of Loan Laws (1957 Code, Art. 11, secs. 163-205).

The Maryland Currency Exchange Law, passed in 1959 requires the Bank Commissioner to supervise and regulate the selling or issuing of checks, drafts, and money orders for a fee or service charge. Persons who wish to transact such business in Maryland must qualify with the Bank Commissioner and procure an annual license from him. The effective date of the new Law is January 1st, 1960 (Acts 1959, chap. 597).

DEPARTMENT OF BUILDING, SAVINGS AND LOAN ASSOCIATIONS

The Department

Harry B. Wolf, Jr., Director, 1967
 Vincent C. Mahony, Deputy Director

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The Department of Building, Savings and Loan Associations was originally created by Chapter 205, Acts of 1961. Because of the filing of petitions for a referendum, it was necessary to hold a Special Session in 1961. Chapter 1, Acts of the Special Session of 1961, was enacted as an emergency law pending the outcome of the referendum. The operation of the Department at that time was under the Director of the Department of Assessments and Taxation. At the November 1962 election, the voters approved the enactment of Chapter 205, Acts of 1961, and, as the result, the Department became an independent agency.

The Department supervises and regulates the organization and incorporation of building, savings and loan, or homestead associations subject to the laws of the State. The Department also examines at least once every three years the affairs of each association.

The Director of the Department is appointed by the Governor for a term of six years. The Director, with the approval of the Board of Building, Savings and Loan Association Commissioners appoints the Deputy Director, the examiners, and such number of additional employees as may be provided for in the budget.

Provisions are made in the law with respect to investments, withdrawal of accounts, taxation, membership, promotional activities, management and functions of such businesses, including class and type of securities, and allocation of profits, reserves and dividends. Provisions are also outlined for the branching, consolidation, merger, dissolution and revival of such businesses. In addition, provisions are made for conservators and receivers for such businesses; exempting accounts of such businesses from "Blue Sky Law", creating a Board of Building, Savings and Loan Association Commissioners; and providing penalties for failure or refusal to comply with certain provisions of the Act (Code 1957, 1963 Supp., Art. 23, secs. 161A-161KK).

The State Insurance Department was first created by Chapter 388, Acts of 1872, as a part of the office of the Comptroller of the Treasury. The Department became an independent agency by Chapter 106, Acts of 1878. It is under the direction of the Insurance Commissioner, who is appointed by the Governor for a term of four years (Code 1957, 1963 Supp., Art. 48A, sec. 15).

The Commissioner sees that all the laws of the State governing insurance companies or relating to the business of insurance are faithfully executed.

The Workmen's Compensation Commission, created by Chapter 800, Acts of 1914 as the State Industrial Accident Commission, received its present name by Chapter 584, Acts of 1957. Under the provisions of Chapter 238, Acts of 1961, the Commission was increased from five to seven members, all of whom must be appointed by the Governor by and with the advice and consent of the Senate. The initial appointments of the Chairman and four associate commissioners dated from February 1, 1958, and were for periods of eight, nine, ten, eleven, and twelve years. The appointments of the two additional commissioners dated from February 1, 1961, and were for four years each. As each term expires, the Governor shall appoint a person to the full term of twelve years, or until his successor has been appointed and qualified.

Like its predecessor, the Commission administers the Workmen's Compensation Law. It hears contested cases and holds hearings throughout the State; it receives reports of accidents and adjudicates claims for compensation arising under the law; and it investigates companies and firms which fail to carry insurance under the terms of the Act. The Chairman sits on the trial of cases when his administrative and executive functions permit (Code 1957, Art. 101, secs. 1, 2, 5, 16, 38-40).

In recent years, the General Assembly has made many important changes in the Workmen's Compensation Act. Among the most important have been acts increasing maximum temporary disability payments to \$45.00 weekly; increasing maximum permanent total disability payments to \$48.00 weekly; and increasing the maximum total payable for total disability to \$30,000. Other laws have broadened the law in hernia cases; established a broad form of a Subsequent Injury Fund; and removed limitations on payments of medical expenses. In 1951, the Act included many additional payments; also, for the first time, Maryland came to be what is known as a nonscheduled State for Occupational Diseases (Code 1957, Art. 101, secs. 21-36, 66).

Medical Board for Occupational Diseases

Chairman: James Frenkil, M.D., 1965

Whitmer B. Firor, M.D., 1967; John Sheldon Eastland, M.D., 1969

The Medical Board for Occupational Diseases was established by Chapter 465, Acts of 1939. The Governor appoints the members of the Board for six-year terms with the approval of the Senate, from lists of nominees submitted by the Deans of the schools of medicine of the University of Maryland and the Johns Hopkins University and the Medical and Chirurgical Faculty of Maryland. Each of these agencies submits a list of three persons, two of whom are experienced in occupational diseases, and one of whom is an experienced physician in good professional standing. Two must have had at least five years practice in the treating, diagnosis, and care of industrial diseases,

and the third must have been trained in roentgenology and must have had five years practice and experience. The Governor designates the Chairman of the Board. The Board hears and adjudicates all claims for compensation for disability caused by an occupational disease. The decisions of the Board are subject to review by the Workmen's Compensation Commission (Code 1957, Art. 101, secs. 22-29).

Board of Appeals

A three-man Board of Appeals, appointed by the Governor for six-year terms, hears appeals on claims for benefits, appeals that arise under the taxing provisions of the Unemployment Insurance Law, and other matters that require appellate adjudication (Code 1957, Art. 95A, sec. 7g).

Advisory Council

The Governor appoints a State advisory council, and the Executive Director appoints local advisory councils, consisting of an equal number of representatives from the public, the employer, and the employee. The councils aid the Executive Director in formulating policies and discuss with him problems that arise in the administration of the law to insure impartial solutions of such problems (Code 1957, Art. 95A, sec. 12).

Unemployment Insurance Division

This Division supervises the Unemployment Insurance Program carried out by the local office. The Unemployment Insurance Division also collects contributions from employers covered by the Maryland Unemployment Insurance Law, collects quarterly wage information on the employees of these employers, determines weekly benefit amounts in accordance with this wage information, issues benefit checks to local offices, reviews benefit payments to determine if any were improperly made, recovers improper payments, and pays benefits to individuals who formerly worked in Maryland, but who reside in other states, as provided by a reciprocal interstate agreement. Appeals Division

This Division, under the supervision of a director responsible to the Board of Appeals, conducts hearings on all appeals filed by claimants or employers from the determinations of claims examiners in the Department's local offices. The Maryland Port Authority, a semi-autonomous State agency, was established by Chapter 2, Acts of the Special Session of 1956.

The Authority consists of five commissioners appointed by the Governor for five-year terms, one term expiring each year. Three of the five members must at all times be residents of Anne Arundel County, Baltimore City, and Baltimore County respectively. Of the other two, one must be a resident of the Western Shore of Maryland outside of Anne Arundel County, Baltimore City, and Baltimore County, and one must be a resident of the Eastern Shore of Maryland. The Governor designates one of the members to act as Chairman, and the members of the Authority annually elect one of its members as Vice Chairman.

The Commissioners appoint the Executive Director, who exercises such administrative powers as they delegate.

In creating the Maryland Port Authority, the primary objective of the General Assembly was to improve the facilities and strengthen the workings of the private operator. If private facilities are inadequate, however, or inadequately operated at any time, the Authority may construct, and if necessary, operate supplementary public facilities (Code 1957, Art. 62B).

The Authority endeavors to promote and increase commerce within its territorial jurisdiction through public relations programs, publication of literature, purchase of advertising, solicitation of business by correspondence and traveling representatives, and participation in, and cooperation with, civic, technical, professional, and business organizations and association. To this end, the Authority currently maintains field offices in Pittsburgh, Chicago, New York, Brussels, Belgium, and London, England.

The General Assembly created the Department of Economic Development and the Economic Development Commission by Chapter 185, Acts of 1959 "for the general purpose of advancing the economic welfare of the people through programs and activities to develop . . . the State's natural resources and economic opportunities pertaining to commerce, agriculture, mining, forestry, transportation, travel, tourism, and recreation, and to promote and encourage the location of new industries and businesses in the State . . . and . . . the retention and expansion of present enterprises . . . and to foster and develop gainful employment . . ." for residents of the State.

The new department superseded the former Department of Information, established in 1948 as a division of the Hall of Records, and established as a separate agency by Chapter 665, Acts of 1949.

The Commission consists of twelve members appointed by the Governor with the advice and consent of the Senate. Members serve for six years and have overlapping tenure of office. Two represent the Eastern Shore; two, Central Maryland; two, Southern Maryland; two, Western Maryland; two, Baltimore City; and two, the State at large. Members serve without compensation and may be reappointed. The chairman is chosen by the Governor and serves at his pleasure. The Commission selects and the Governor appoints the Director of the Department.

The Department assembles and disseminates information in the interest of economic, industrial, and tourist development; conducts studies to determine areas of special economic opportunity for the State and ways of exploiting such opportunities for the maximum benefit of the State and its residents; enters into contracts; and is empowered to utilize all existing State agencies, boards, commissions, and institutions as sources of information, except in such cases as are provided by law to be confidential and secret.

The programs of the Department are carried out through its three Divisions:

The Business and Industrial Development Division promotes and publicizes Maryland's advantages and opportunities for the location of new business and industries and the expansion of existing enterprises, and works with prospects and communities toward these ends. It initiates and maintains contacts with business and industrial prospects, answers their requests for information, and informs them about all Maryland locations which might meet their requirements. It assists, encourages, and cooperates with community, regional, and area development efforts, both public and private, including working with community groups in the preparation of Community Economic Inventories and other business and industrial reference and promotional publications.

The Research Division is responsible for the accumulation, analysis, and presentation of state-wide and regional economic data for the Department and for the conduct of studies to determine areas of special economic opportunity for the State and ways of exploiting such opportunities for the maximum benefit of the State and its residents. Insofar as is practicable the Division assembles, classifies, and makes readily available all data pertaining to Maryland's economic resources and problems; it analyzes that data and translates it into accurate and concise answers to authentic inquiries; makes special studies in response to unusual or important demands; and systematically explores Maryland's economy in search of special advantages for any particular industry, tourist or recreational facility or activity, or other beneficial economic opportunity.

The Tourist Development and Publicity Division promotes and publicizes Maryland's tourist and recreational advantages. The Division actively cooperates with and assists local, regional, and state-wide travel, historical, and recreational groups in fostering and implementing activities and programs which will increase tourist travel and vacationing in Maryland. This includes the preparation and distribution of literature on Maryland's recreational, scenic, and historical assets, and publicizing and advertising the tourist and recreational appeals of the State. The Division also answers travel and tourist inquiries from publications, tourists, vacationers, residents, students, and public and private agencies. This involves mailing out hundreds of thousands of pieces of literature yearly and preparing many special reports and articles as well as radio and TV scripts and advertising copy.

In addition, the Commission may appoint boards and committees representing economic groups within the State to advise and assist in the accomplishment of the aims and fulfillment of the duties of the Commission (Code 1957, 1962 Supp., Art. 41, secs. 257-266).

The General Assembly authorized the establishment of the Development Credit Corporation of Maryland by Chapter 822, Acts of 1959, to stimulate business and industry in the State of Maryland by making loans for which money and credit are not otherwise available.

The Corporation consists of two classes of participants: members and stockholders. Only financial institutions—that is, institutions whose activities include lending or investing money—may become members. Members must loan funds to the Corporation upon demand up to limits that are set by law and based on financial capacity. All such calls for funds are to be prorated among the members in the proportion that the maximum loan limit of each bears to the aggregate loan limits of all members. Individuals and domestic corporations may become stockholders, but financial institutions may be stockholders only if they are also members. The authorized capital stock consists of two million shares of common stock with a par value of one dollar each.

The Board of Directors exercises the corporate powers of the Development Credit Corporation. It consists of fifteen members, three from each of the five economic regions: the Central Region (Baltimore, Carroll, Harford, and Howard counties); the Eastern Shore

Region (Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester counties); the Southern Region (Anne Arundel, Calvert, Charles, Prince George's, and St. Mary's counties); the Western Region (Allegany, Frederick, Garrett, Montgomery, and Washington counties); and the Baltimore City Region. Initially, the Governor, the President of the Senate, and the Speaker of the House of Delegates each made five appointments to the Board, one from each region. The President of the Senate designated the chairman of this temporary board, and the chairman called the first annual meeting. At this meeting held on February 16, 1961, and at each annual meeting thereafter, members of the Corporation from at least three of the five economic regions elect two directors from each region for one-year terms. These directors must be United States citizens and residents of the economic region from which they are appointed or must maintain a regular place of business there. The stockholders of the Corporation elect the remaining five directors for one-year terms; these must be United States citizens and residents of the State. The Board elects its own chairman. The Corporation may borrow or lend money and buy, hold, or sell real or personal property, including industrial plants or other business establishments.

The Corporation established Loan Committees of five members for each economic region. All requests for loans are to go through these committees, which will review the applications and make recommendations to the Board of Directors. Final decision will lie with the Board (Code 1957, 1962 Supp., Art. 23, secs. 412-419).

The Maryland State Apple Commission was created within the State Board of Agriculture by Chapter 628, Acts of 1947. The seven-man Commission is appointed to four-year terms by the Governor from a list of fruit growers approved by the Executive Committee of the Maryland State Horticultural Society. The Commission raises funds

for publicity and advertising, sales promotion, education, and research to increase the demand for, and consumption of, Maryland apples. All apples of U. S. Number 1 Canner Grade or better, grown in Maryland and sold in commercial trade, are subject to a tax of one cent a bushel. However, the first five hundred bushels sold by any producer are tax-exempt. Commercial growers must report all apples sold during the crop season by December 31 each year. Apples sold after the season must be reported by the close of the following May. The Commission deposits the funds received from these sources with the State Treasurer in a Merchandising Fund, and none of this money may be used for any other purpose, operating expenditures excepted (Code 1957, Art. 97, secs. 71-83).

The Hall of Records Commission was created by Chapter 18, Acts of 1935. The Commission is an ex officio body. It supervises and controls the Hall of Records and appoints the Archivist, who has charge of the active management of the building and its contents.

State agencies as well as the counties, cities and towns of Maryland are authorized to offer for deposit at the Hall of Records all files, documents, and records not in current use. Should the Archivist

decline to accept the materials offered, permission to destroy them may be requested from the Board of Public Works. If permission is granted, a certificate of destruction must be filed at the Hall of Records.

While many records are offered to the Hall of Records Commission at the discretion of the custodians, all records which are in the court-houses of the State and which were created prior to April 28, 1788, the date of ratification of the United States Constitution by the State of Maryland, must be deposited at the Hall of Records. The records of all State agencies, boards, and commissions which are abolished or otherwise cease to function must also be transferred to the custody of the Hall of Records Commission. The Commission is authorized to prepare certified copies of all records in its custody.

State agencies are required by law to establish a continuing program for the management of their records. The Commission provides assistance and guidance in the development and furtherance of the State Records Management Program. The program provides for the use of records retention schedules which establish the period and manner of retention of records. Such schedules must be approved by the Hall of Records Commission, and when destruction is recommended, they must also be approved by the Board of Public Works. Whenever semi-current records having no permanent historical or administrative value are scheduled to be maintained for a limited number of years and then destroyed, they may be stored for this period in the two Record Centers operated by the Hall of Records Commission. The Hall of Records staff inspects the records and records management practices of all State agencies and reviews the proposals for the purchase or rental of record equipment, storage space, and services (Code 1957, Art. 41, secs. 171-81).

The Hall of Records staff microfilms or supervises the microfilming of all current deeds, mortgages, and releases recorded in the court-houses of the State. These microfilm copies are required to be deposited annually in the office of the Commissioner of the Land Office. Copies of some of these films are also deposited with the State Department of Assessments and Taxation for use in the preparation of tax maps. Limited facilities are available for the filming of records of the various State agencies.

By several Acts of Assembly, the Hall of Records has been designated as an official depository for the publications of all State agencies (Code 1957, Art. 41, sec. 144) and for all codes published by local governments, both county and municipal (Code 1957, 1962 Supp., Art. 25, sec. 32A; Art. 23A, sec. 8B). The Hall of Records Commission also edits, compiles, publishes and distributes the MARYLAND MANUAL (Code 1957, 1962 Supp., Art. 41, sec. 104).

COMMISSIONER OF THE LAND OFFICE

J. Randall Walcroft, Commissioner, 1967
Malcolm W. Waring, Administrative Assistant

State Office Building, Annapolis

Telephone: Colonial 8-3371

The Commissioner of the Land Office is appointed by the Governor, with the consent of the Senate, to hold office during the term of the Governor (Const. 1867, Art. VII, sec. 14). The Land Office keeps records pertaining to boundaries of land, including records of all war-

rants, certificates, and patents for land from the settlement of the Province of Maryland in 1634. Every clerk, after he records any deed, mortgage, release of mortgage, or lease of real estate, must make or have made a 35 mm. microfilm copy of every such record and transmit it to the Commissioner of the Land Office at the end of each year. The Commissioner hears and determines all disputes which may arise concerning the validity of surveys. The Land Office is now engaged in making, filing, and recording plats for current subdivisions of land; copies of such plats are sent to the Supervisors of Assessment upon request. All plats filed with the Clerks of Courts before June 1, 1945, have been microfilmed by the Land Office (Code 1957, Art. 17, secs. 57, 58, 61, 62; Art. 54, secs. 1-53).

All land now included in the limits of the State of Maryland was granted to Cecil, Lord Baltimore, in 1632. In 1680, the Proprietor established a Land Office, and four years later "The Land Council." This body was authorized to hear and determine all matters relating to land. Four years later, when Maryland became a crown colony, the Land Office closed. In 1715, after a long contest with the Governor, Council, Secretary, and Assembly, the Lord Proprietor emerged with his rights restored, and the Land Office reopened. After the Revolution, the State assumed control of the Land Office (Acts Feb. sess. 1777, ch. 15). From 1781 until 1841, there was a Land Office for the Western Shore and another for the Eastern Shore. The Constitution of 1851 created the office of the Commissioner of the Land Office.

The Interstate Commission on the Potomac River Basin was established by an Act of Congress in 1940, and the compact was ratified by the participating states shortly thereafter. Maryland ratified by Chapter 320, Acts of 1939. The Commission is composed of representatives from the United States Government, Maryland, Pennsylvania, Virginia, and West Virginia, and the District of Columbia. The representatives from Maryland include the Governor and two members, residents of the Potomac River Conservancy District, who are appointed by the Governor for two-year terms (Code 1957, Art. 43, secs. 407, 408). The Commission has jurisdiction over the Potomac River Conservancy District, which was created by the enabling Act. The District embraces an area of approximately 14,500 square miles with an estimated population of 2,500,000. The Commission (1) coordinates, tabulates, and summarizes existing data on the character, pollution, and condition of streams in the Conservancy District; (2) supplements existing data, when necessary, by conducting investigations; (3) promotes adoption by the signatory bodies of uniform legislation for the control of stream pollution; (4) disseminates information to the public on the effects of stream pollution and the objectives of the Commission; (5) cooperates with other organizations in studies of treatment methods for sewage and industrial wastes; (6) recommends to signatory bodies standards for cleanliness of streams.

The Interstate Commission is now in the process of amending the compact to enable it to function not only in water pollution control matters, but also in water resources conservation in the Basin. Mary-

land (Chapter 29, Acts of 1960), and the West Virginia and Pennsylvania legislatures have adopted these amendments. They will be considered by the Virginia legislature in 1964.

The Commission is financed by appropriations from each of the participating bodies.

ATLANTIC STATES MARINE FISHERIES COMMISSION

Commissioners from the State of Maryland:

 Appointed by the Intergovernmental Cooperation Commission:
 J. Frank Raley, Jr.
 Appointed by the Governor: George T. Harrison, 1965

Officers of the Commission

Chairman: David H. Hart, New Jersey
 Vice Chairman: Ronald W. Green, Maine
 Executive Director: Ernest Mitts, Florida

336 East College Avenue, Tallahassee, Florida Telephone: 224-8458

The Atlantic States Marine Fisheries Commission is an outgrowth of the "Eastern Conservation Conference" begun in 1937. Seven states, including Maryland, drew up and ratified a compact in 1941. Maryland ratified by Chapter 435, Acts of 1941. This compact, assented to by the United States Congress and signed by the President in 1942, is the legal basis of the Atlantic States Marine Fisheries Commission, which today has a membership of fifteen Atlantic Seaboard States.

Each State is represented by three Commissioners, one of whom must be the chairman or director of the fisheries management agency, one a legislator and a member of the Committee on Interstate Cooperation, and one selected by the Governor.

Maryland is represented by the Director of the Department of Tidewater Fisheries and a member of the Intergovernmental Cooperation Commission, both of whom serve ex officio, and a resident of Maryland with knowledge and interest in marine fisheries problems appointed by the Governor for a three-year term. The Commission advises only, aiding in the development of joint programs dealing with particular species of fish or bodies of water common to two or more states. These programs may result in uniform laws or varying but coordinated measures as the circumstances require. The Commission meets annually and in four regional groups as follows: (1) the North Atlantic States, (2) the Middle Atlantic States, (3) the Chesapeake Bay Area, and (4) the South Atlantic States. In place of special committees which in the past dealt with particular species, the 15th Annual Meeting created an overall scientific committee to digest scientific material and present condensed reports to the Commission. A similar committee was established to report on legal matters. The technical advice and research facilities of the United States Fish and Wildlife Service are available to the Commission and its member states. Each participating state contributes to the support of the Commission in proportion to the value of its Marine Fisheries catch as compared with the total Atlantic catch. The Commission issues mimeographed minutes of Annual, Section, and Committee meetings. The Annual Meeting minutes contain scientific appendices. The Commission also issues printed Annual Reports. All are on file in

the office of the Department of Tidewater Fisheries (Code 1957, Art. 66C, secs. 256-61).

Maryland ratified the Compact by Chapter 269, Acts of 1959, subject to referendum held on November 8, 1960. The Commission is a semi-autonomous agency, but its work and policies are tied in very closely with the Departments of Tidewater Fisheries in both Maryland and Virginia. The purpose of the Commission is the establishment and maintenance of a program of conservation and improvement of the seafood resources of the Potomac River.

The Commission consists of six members, three from each state. The members from Maryland are all members of the Tidewater Fisheries Commission, whose terms of office on the Commission corresponds with their terms of office on the Tidewater Fisheries Commission. This Commission has general planning and park jurisdiction over the Maryland-Washington Metropolitan District created by Chapter 448, Acts of 1927, and the Maryland-Washington Regional District created by Chapter 714, Acts of 1939. Both districts are within Montgomery and Prince George's counties adjoining the District of Columbia and embrace approximately 628 square miles and 906 square miles, respectively. The 1961 estimated population of the entire Regional District exceeds 800,000.

The 1963-64 estimated taxable basis of the Montgomery County portion of the Regional District is \$1,427,000,000, the Lower Metropolitan District is \$1,295,000,000 and the Upper Metropolitan District is \$132,000,000. The 1963-64 estimated taxable basis of the Prince George's County portion of the Regional District is \$1,045,000,000 and the Metropolitan District is \$867,000,000.

The Commission has been given, through bi-county enactments of the Maryland General Assembly, definite jurisdiction over the regional planning of the Maryland-Washington Regional District, which includes all of Montgomery County and most of Prince George's County.

The Commission is composed of ten members, five of whom must be residents of Montgomery County and five residents of Prince George's County. Not more than three members from each county may be members of the same political party and at least one member from each County must be a resident of the predominately agricultural portion of the County. The governing body of each County appoints five members of the Commission. Appointments to the Commission are for four year terms. Any vacancy in the membership of the Commission must be filled by the governing body of the County in which the vacancy occurs and for the unexpired term. The Commission elects its own Chairman and Vice Chairman. The respective appointing authorities may at their discretion designate a member of the Commission from each County to serve on a full-time basis. The five members from each County constitute the County Planning Board. The Chairman and the Vice Chairman of the Commission also act as Chairmen, respectively, of their County Planning Boards. The Commission appoints its Executive Director, Secretary-Treasurer, General Counsel, Director of Planning, Director of Parks, and a Director of Public Relations and may appoint a Director of Land Acquisition as well as such other staff members as may be necessary. It maintains regional offices in both counties.

Within the Maryland-Washington Metropolitan District, the Commission is empowered to acquire, develop, maintain, and operate a park system with recreational facilities, the expense of which, including debt service, is paid from a separate park tax levied within

the District. The Commission is authorized to cooperate and negotiate with Federal agencies for financial assistance under the terms of the Capper-Cramton Act, and with other agencies in the park development program.

Within the Maryland-Washington Regional District, which includes and extends beyond the Metropolitan District, the Commission is empowered to make, adopt, and amend a general plan for the physical development of the District which takes into account all factors of urban, suburban, rural, and regional planning. The Commission prepares plans and specifications for the construction of public works improvements and facilities. The two County Planning Boards have exclusive subdivision control power and jurisdiction over street grades and locations, public buildings and utilities, and after the adoption of a Master Plan of Highways, over street naming and house numbering. The Planning Boards have advisory zoning powers, but the zoning ordinances and amendments are enacted by the County Council of Montgomery County and the Board of County Commissioners of Prince George's County sitting as a District Council for that portion of the District within each County. Through the County Planning Boards, the Commission recommends land use or zoning ordinances and similar ordinance subject matters to the respective District Councils. The administrative and planning expenses of the Commission are paid from an administration tax levied within the District. The taxes levied by the Commission, which are collected by the County Treasurer in Prince George's County and the Director of Finance in Montgomery County, are as follows:

Montgomery County		Prince George's County

The Metropolitan Transit Authority was created by Chapter 670, Acts of 1961, as an instrumentality of the State of Maryland to improve the mass transportation facilities in the Baltimore metropolitan area. The Authority may license and regulate all mass transit and facilities which operate within its jurisdiction comprising Baltimore City and the metropolitan areas in Baltimore and Anne Arundel counties adjoining the city. Chapter 886, Acts of 1963, added the third and fifth election districts of Anne Arundel County and that portion of the fourth election district lying north and east of State Highway #175. The Authority is also charged with the responsibility of establishing an efficient, rapid and coordinated mass transportation system for the Baltimore metropolitan area. It will develop an overall plan to accomplish that objective. It is further required to use its efforts to improve the service offered by privately-owned mass transportation facilities within its jurisdiction and, if necessary, it may establish an integrated publicly-owned transit system.

The Authority consists of seven members, appointed for five-year terms, one by the Governor, two by the Mayor of Baltimore City subject to the approval of the City Council, two by the County Council of Baltimore County, and two members from Anne Arundel County by a committee consisting of the State Senator, Chairman of the members of the House of Delegates and the members of the Board of County Commissioners from the election districts referred to in the Act. Initially, the Governor's appointee will serve for three years. One of the Mayor's appointees will serve for one year and the other for five years. One of the County Council's appointees will serve for two years, while the other will serve for four years. The members from Anne Arundel County will serve one for five years and one for two years. The Authority elects its own Chairman and Vice Chairman and appoints the Secretary-Treasurer and Executive Director.

The Authority derives its operating revenue from a seat tax of \$4.00 per seat from mass transportation companies operating under its jurisdiction plus an annual fee or charge in amount equal to 1/20 of one percent of the gross receipts derived from the mass transportation operations within the area. It is estimated that the total revenue from these sources will approximate \$185,000 per annum.

The Upper Potomac River Commission, established in 1935, consists of three members appointed for six-year terms. The Commission has jurisdiction over the water resources of Allegany County and of Election District Number 4 (Bloomington) in Garrett County. In July, 1953, the Commission took charge of the Savage River Dam, erected by the Army Corps of Engineers (Acts 1935, chap. 409; Acts 1936, chap. 143; Acts 1947, chap. 165).

The Washington Suburban Sanitary Commission, created by Chapter 122, Acts of 1918, consists of six members appointed by the Governor for four-year terms. Two are nominated by the Commissioners of Prince George's County and two by the Montgomery County Council. The Governor selects the other two, one from each of the two counties represented on the Commission.

When the Commission was organized, the Washington Suburban Sanitary Commission service area covered 94 square miles. In succeeding years, the General Assembly has made additions, and the Washington Suburban Sanitary District now contains more than 500 square miles within Prince George's and Montgomery counties, adjacent to the District of Columbia. The Commission has jurisdiction over the construction of any water and sewerage systems built in either county beyond the limits of the Sanitary District boundaries. In Prince George's County it has jurisdiction over the operation of these same facilities. The present Sanitary District has a population of about 700,000 and an assessed valuation of approximately \$2,100,000,000.

The Commission provides for the construction, maintenance and operation of water supply and sewerage systems; it has jurisdiction

over storm drainage and the location of utilities; and it provides refuse disposal service within the Sanitary District. It also operates a refuse collection system in the suburban portions of Montgomery County. The Commission has been designated as the organization responsible for the administration, maintenance and operation of the Anacostia River Flood Control and Navigation Project. As of December 31, 1962, the water and sewerage systems of the Commission contained 1,982 and 1,713 miles of mains, respectively.

Two major sources of water now supply the Washington Suburban Sanitary Commission system. The Patuxent River, which the Commission has impounded with the construction of two dams near Brighton in Montgomery County and near Laurel in Prince George's County, gives the Commission a yield of 65 million gallons a day through the Patuxent Filtration Plant. The Potomac River supplies raw water to the new Potomac River Filtration Plant. This facility opened in 1961 and it has an initial capacity of 30 million gallons a day. Eventually it will be expanded, as needed, to a capacity of at least 200 million gallons a day, and it will serve both counties. Wells located on the Potomac slopes of Prince George's County provide a third source of water.

Most of the sewage from the Commission service area is transported through trunk sewers into the District of Columbia and is treated at the District's Blue Plains Sewage Plant. The Commission pays for this service on a metered volume basis, and it also contributes its share to capital improvement of the Blue Plains facility. The single sewage disposal plant operated by the Washington Suburban Sanitary Commission is at Laurel.

The Commission's facilities are geared to an anticipated growth of the service area population to about 2,000,000 by the year 2000. The Commission annually reviews and updates a five-year program for development of its water and sewerage systems.

The legislative powers of the State of Maryland are vested in the General Assembly, which consists of two distinct branches, the Senate and the House of Delegates (Const. 1867, Art. III, sec. 1). The General Assembly at the present time consists of 171 members: 29 Senators and 142 members of the House of Delegates, all elected by the counties and the six Legislative Districts of Baltimore City. Each county and each of the Legislative Districts of the city of Baltimore is entitled to one Senator. The number of Delegates for each county and each Legislative District varies from two to thirteen. The membership of the House of Delegates had been frozen since 1950 at the then current number, but by the terms of a statute passed in 1962 the membership was reapportioned. For the term of office ending in 1966, a temporary membership of 142 is provided, and thereafter, the membership returns to 123, guaranteeing a minimum of two members from each county and each Legislative District and apportioning the remainder of the members up to 123 on the basis of population. This statutory membership would by its terms be superseded by Constitutional apportionment (Code 1957, 1962 Supp., Art. 40).

Every Senator or Delegate must be a citizen of the State and a resident of it for at least three years preceding the date of his election; and the last year thereof, he must have resided in the county or the Legislative District of Baltimore City which he represents. A Senator must be at least twenty-five years of age at the time of his election, and a Delegate at least twenty-one. No member of Congress or any person holding a civil or military office under the United States Government nor any clergyman or minister is eligible for election to the General Assembly (III, 9, 10, 11). The term of each Senator and Delegate shall be for four years from the date of his election

(XVII). The Governor is required to appoint to any vacancy that occurs in either House through death, resignation, or disqualification, a person whose name is submitted to him in writing by the State Central Committee of the County or Legislative District which the person holding the vacated seat represented and of the party to which he belonged. The person so appointed must be affiliated with that party. All persons so appointed serve for the unexpired portion of the term (III, 13, amended November 1936). Each House elects its own officers, is judge of its own members, and establishes rules for the conduct of its business.

The General Assembly meets annually. Sessions in odd-numbered years begin the first Wednesday in January and are limited to ninety calendar days; the sessions meeting in even-numbered years begin the first Wednesday of February and are limited to thirty calendar days. The sessions in even-numbered years are limited to the consideration of budgetary matters, matters in the general public welfare, and legislation of an emergency nature. The Governor may call special sessions at any time he deems it necessary (III, 14, amended).

The General Assembly must pass at each regular session a budget bill which contains the budget for the State government for the next fiscal year. Upon the passage of the bill by both Houses, it becomes law without further action (III, 52).

The General Assembly has power to pass such laws as are necessary for the welfare of the State, and, in addition, it has the power to pass public local laws for counties and special taxing areas. The Home Rule Amendment of 1954 (XI-E) almost entirely prohibits the General Assembly from passing local legislation for incorporated cities and towns, although the Assembly retains its power to pass a general state-wide law that affects them. The General Assembly may establish such departments of the State government as are necessary for its efficient operation and may establish special taxing districts or areas within the State for the purpose of administering a special function or functions. The General Assembly may establish such taxes as are in accordance with the Constitution of the State and of the United States. It may propose amendments to the State Constitution, which must be embodied in a regular legislative bill and passed by three-fifths of the total membership of each House. All amendments to the Constitution must be submitted to the voters at the next general election after passage.

All bills passed by the General Assembly become law when signed by the Governor, or passed over his veto by three-fifths of the membership of each House, on the first day of June after the session in which the law was passed; except (1) when a later date is specified in the Act or (2) when the bill is declared an emergency measure and passed by three-fifths of the total number of members of each House, in which case the bill becomes law immediately upon its approval by the Governor.

The General Assembly may add a referendum provision to any local bill but may not submit a state-wide bill to referendum (with the exception of a Soldiers' Bonus Bill). Any state-wide bill, except an appropriation bill, and any local bill which concerns a county or Baltimore City may be submitted to a referendum by petition. No bill subject to a referendum shall be enforceable until approved by a majority of the voters at the election in which the referred bill is voted upon, except an emergency bill, which shall be effective immediately and shall remain effective thirty days following its rejection by the voters (XVI).

The House of Delegates has sole power of impeachment of any officer of the State. A majority of the whole number of members of the House must approve any bill of impeachment. The Senate tries all impeachment cases, and two-thirds of the total number of Senators must concur in a verdict of guilty (III, 26).

Both Houses elect the State Treasurer by a joint ballot. The General Assembly also elects the Governor if the popular election has resulted in a tie or the winning candidate is ineligible; and, should the office become vacant while the General Assembly is in session, then it shall elect a successor; otherwise, the President of the Senate succeeds to the office until the next regular session.

A HISTORY OF THE 1962 SESSION OF THE GENERAL ASSEMBLY

The General Assembly of Maryland met in approximately its 329th session on February 7, 1962. It adjourned on the evening of the 30th day, March 8, 1962.

A total of 355 bills was introduced, of which 155 were Senate bills and 200 were House bills. Eighty Senate bills passed both Houses; 77 were signed by the Governor and 3 were vetoed. Sixty-six House bills passed both houses; 61 were signed by the Governor and 5 were vetoed.

The Gubernatorial vetoes were made after adjournment of the session, and under a 1960 amendment to the State Constitution, were not required to be returned to the next session for consideration. As a courtesy to the members, the vetoes were returned to the Senate and House at the Special Session of May 25, 1962. The veto of one bill was sustained in the Senate, but on the other two bills the veto was overridden. Subsequently, vetoes on both bills were sustained in the House. Of the House bills vetoed, the House sustained the vetoes on all five bills.

Fifty-five joint resolutions were introduced, 22 in the Senate and 33 in the House. Thirteen Senate Joint Resolutions and 16 House Joint Resolutions passed both Houses.

The General Assembly of 1962 proposed four amendments to the State Constitution. One amendment permitted imprisonment for debt of persons failing to pay a court order for support of illegitimate children. Another increased the annual salaries of the members of the General Assembly from \$1,800 to \$3,000. The third changed the procedure for appraisal of property to be acquired for public purposes by Montgomery County. The last amendment increased the number of signers required on a petition to refer to a vote State-wide acts of the General Assembly. All amendments were voted upon at the 1962 General Election and all except the salary increase for General Assembly members were approved by the voters.

In conjunction with the Constitutional amendment increasing the number of signers on referendum petitions, statutory provisions relating to the form and requirements of referendum petitions were revised and tightened.

Two acts passed at the 1960 session, the one creating the State Commission on Alcoholism, and the other enacting the State Boat Act, were extensively revised in 1962.

The Maryland Securities Act was passed as a result of the report of a Gubernatorial Commission appointed in 1961, revising State laws regulating securities.

A State bond issue of \$500,000 was authorized by the General Assembly to assist in financing projects under Public Law 87-27 of Congress, known as the Area Redevelopment Act.

The Maryland Savings-Share Insurance Corporation, a non-profit corporation, was established as another step in the State's scrutiny of the savings and loan business, begun in the 1961 session. The corporation was established for the purpose of guaranteeing and insuring the deposits of savings and loan associations in the State.

The laws applicable to the State Department of Correction were completely revised during the session. Also the State civil defense laws were revised and recodified. A new and comprehensive regulatory and licensing act was passed for the home improvement business in the State.

In the field of crimes, two new offenses were created by the session. One makes a misdemeanor the deliberate sniffing or inhaling of substances toxic to the brain or nervous system, commonly found in glues and nail polishes. The other act makes it a misdemeanor to manufacture or possess amphetamines in the State.

The State racing laws were amended to change the share of betting retained by race track licensees, and to allocate fixed sums to purses and to Maryland-bred races. The Maryland Bred-Racing Fund was established to encourage breeding and racing of horses in the State.

No general increase in State taxes was enacted at this session. Changes were made in selective taxes, such as the tax on passenger motor buses.

A bill to require that all persons, regardless of race or color, be served in places of public accommodation failed to pass and was the subject of a special session which followed the regular session.

A budget totaling \$555,035,241 was proposed by the Governor and passed by the General Assembly. The budget appropriated \$273,502,680 in general funds, \$185,153,761 in special funds, and \$96,378,800 in federal funds. The 1962 Session also authorized the issuance of \$22,365,000 in State bonds to finance construction of buildings for the State.

A HISTORY OF THE FIRST SPECIAL SESSION OF THE GENERAL ASSEMBLY OF 1962

By his proclamation the Governor convened the General Assembly in special session for its 330th meeting. The special session met for one day, March 9, 1962.

A total of 42 bills was introduced, of which 12 were Senate bills and 30 were House bills. Ten Senate bills passed both Houses; eight were signed by the Governor and two were vetoed. Twenty-two House bills passed both Houses, and all were signed by the Governor.

Although the bills vetoed following adjournment of the Session were not required to be returned, under constitutional provisions, the

two Senate bills vetoed were submitted to the Special Session of May 25, 1962. The veto of the Governor on both bills was sustained by the Senate.

No Joint Resolutions were introduced at this special session of the General Assembly.

The special session of the General Assembly was called by the Governor to consider legislation to open places of public accommodation to persons of all races. A bill to accomplish this purpose which had been introduced at the 1962 Regular Session had failed of passage, because of constitutional limitations. Such a bill again failed of passage at the special session.

An emergency appropriation of \$1,000,000 was authorized from the State's General Fund Surplus for storm relief on the Eastern Shore of Maryland, particularly the Atlantic Coast line of Worcester County, severely damaged by a winter storm in March of 1962. Other local bond issues and necessary local laws were adopted at the session.

A HISTORY OF THE SECOND SPECIAL SESSION OF THE GENERAL ASSEMBLY OF 1962

By his proclamation the Governor convened the General Assembly in special session for its 331st meeting. The session began on May 25, 1962, and ended on May 31, 1962, meeting for seven days.

A total of 25 bills was introduced, of which nine were Senate bills and 16 were House bills. One Senate bill and one House bill were passed and signed by the Governor. There were no vetoes of bills.

One Senate Joint Resolution and 4 House Joint Resolutions were introduced. None of the resolutions was passed by both Houses.

This Second Special Session of 1962 was called by the Governor as the result of an order of the Circuit Court of Anne Arundel County, following a decision of the Maryland Court of Appeals, declaring void that section of the State Constitution apportioning the members of the House of Delegates. Bills were introduced providing for re-apportionment of the House, both by the Constitution and by statute. One bill was passed, a statute, temporarily raising the number of members of the House from 123 to 142, for the term of office beginning in 1963 and ending in 1966. This apportionment guaranteed each county and each legislative district of Baltimore City a minimum of two seats, and apportioned the excess up to 142 on the basis of population. Beginning with the 1967 term of office, the membership of the House drops back to 123, while still guaranteeing the minimum of two and apportioning the excess on a population basis.

The General Assembly rejected a Constitutional re-apportionment bill. The statutory apportionment passed provides by its terms that it will be superseded by any Constitutional apportionment when passed.

A HISTORY OF THE 1963 SESSION OF THE GENERAL ASSEMBLY

The General Assembly of Maryland met in approximately its 332nd session on January 2, 1963. It adjourned on the evening of April 1, 1963.

A total of 1,759 bills was introduced, of which 644 were Senate bills and 1,115 were House bills. Four hundred and fifteen Senate bills passed both Houses; 401 were signed by the Governor and 14 were

vetoed. Five hundred and twenty-six House bills passed both Houses; 503 were signed by the Governor and 23 were vetoed. In addition, the Governor exercised his right to item veto several sums in another bill, the 1963 General Construction Loan.

Since the Governor made these 37 vetoes and the item vetoes after the adjournment of the General Assembly, they must be returned to the two Houses at the next session for a vote on sustaining or overriding the vetoes.

One hundred and thirty-two joint resolutions were introduced, 40 in the Senate and 92 in the House. Twenty-five Senate joint resolutions and 40 House joint resolutions, a total of 65, passed both Houses.

The proposal to open places of public accommodation to persons of all races, which had failed of passage during the regular session and the first special session of 1962, was adopted at the 1963 session. It was effective only in Baltimore City and certain of the counties of the State. The powers of the State Commission on Interracial Problems were expanded in a companion bill.

Two substantial revisions of State law were approved at the session. The laws governing the procedure for acquiring private property for public use were rewritten. A new insurance code was adopted to replace the old insurance laws. Both acts represented the recommendations of study commissions.

The 1963 session approved two uniform acts and two compacts. The Uniform Commercial Code governing commercial transactions was adopted; it becomes effective in 1964. The Uniform Foreign Money Judgments Recognition Act was also adopted. The General Assembly approved the entry of the State into the Interstate Compact on Mental Health and the Southern Interstate Nuclear Compact.

Acts extending State regulation into two new activities were adopted. Under one, trusts established for investment in real estate were authorized and regulated. In the other, the condominium or horizontal estate in real property was similarly recognized and regulated.

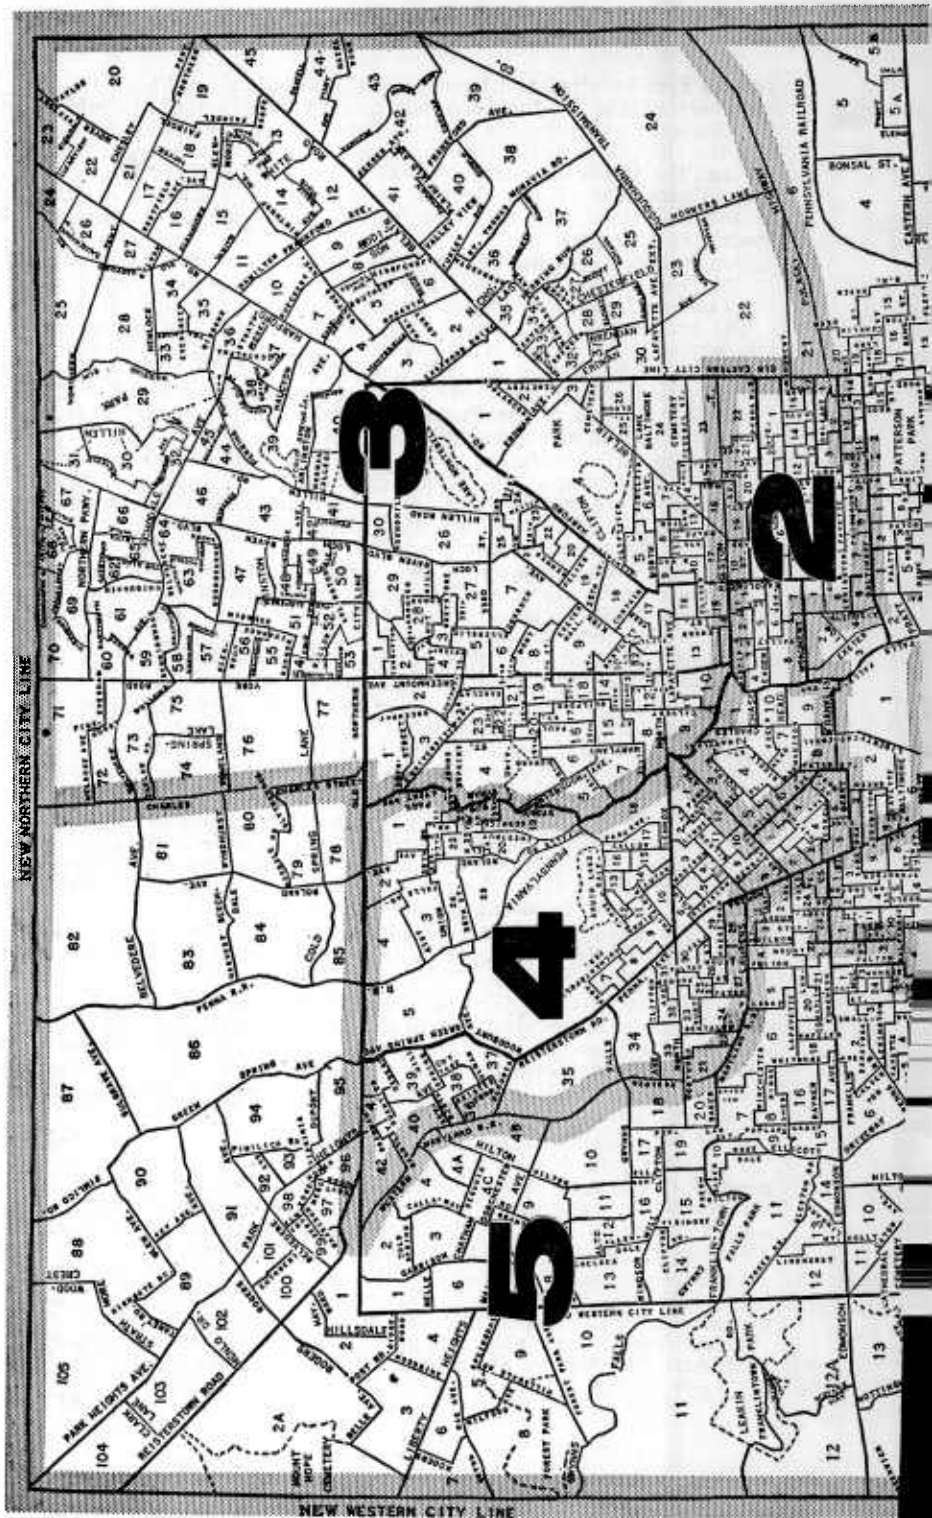

Important legislation was enacted at the session relating to higher education. An act resulting from the report of a Gubernatorial commission organized the State teachers' colleges and Morgan State College into a State liberal arts college system under the supervision of a Board of Trustees. The act also created an Advisory Council for Higher Education to coordinate the State's system of higher education.

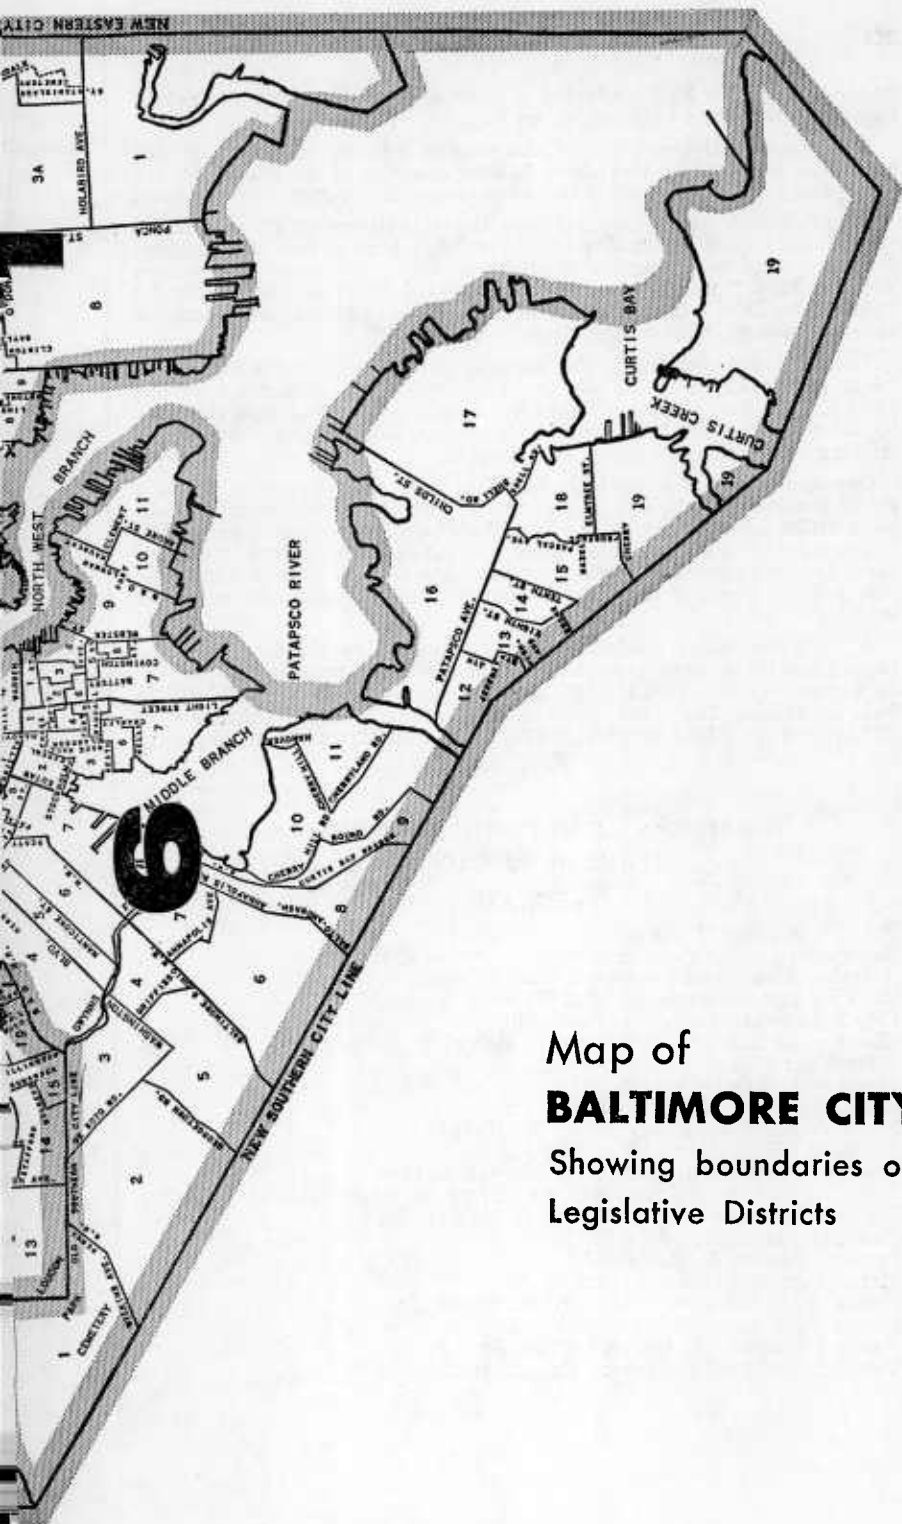

Another act created a Maryland Higher Education Loan Corporation to lend funds to students to defray costs of education at colleges and universities.

A series of bills and joint resolutions approved by the session were designed to curb problems of illegitimacy. The most important bill changes the procedure for determining paternity of illegitimates and provides for court orders for support. The State's former bastardy laws, which were criminal proceedings, were repealed and replaced by a civil procedure.

Only two amendments of the State Constitution were adopted by the session; both will be submitted to the voters for approval at the general election of 1964. The first changes the time allowed to a charter board to prepare a home rule charter for a county. The second transfers the probate functions of the Orphans' Court of Montgomery County to the Circuit Court for that County.

Other enactments of interest of the 1963 session include the following: a bill permitted clerks of courts and their designated deputies to perform marriage ceremonies; another authorized establishment of Historic Area Zoning as a zoning classification; others authorized an additional \$250,000 in State bonds for area redevelopment projects

under Public Law 87-27, adopted a State air pollution law, and established the Maryland Commission on Physical Fitness.

A controversial issue during the session was the abolition of slot machines, legalized by local laws in four counties of the State. An act was passed which eliminates the machines over a period of five years.

A significant fiscal proposal was the establishment of a uniform fiscal year for the State and the subdivisions. Some subdivisions formerly used the calendar fiscal year, while the State and others use the July 1 fiscal year. The bill adopted requires conformity by 1966 to the July 1 fiscal year. This will require adjustment in taxable years in several counties and cities in the State.

The 1961 act redrawing the boundaries of the Congressional Districts of the State to include the Eighth District authorized by the 1960 Census had been petitioned to a referendum and was defeated by the voters at the 1962 general election. A new Congressional redistricting act was passed at the 1963 session.

One controversial bill which failed to pass at the session was the retail credit accounts bill, amending the 1941 Maryland retail installment sales act and regulating so-called "revolving credit" or installment sales where the seller does not retain title to the goods as security for payment. Another subject on which no action was taken was a bill to establish a State-owned system of inspection of motor vehicles.

A budget totaling \$605,676,710 was proposed by the Governor and passed by the General Assembly. The budget appropriated \$299,385,487 in general funds, \$200,133,226 in special funds and \$106,157,997 in federal funds. The 1963 session also authorized the issuance of \$27,576,000 in State bonds to finance the construction of buildings for the State.

The Court of Appeals is the highest tribunal of the State of Maryland. It was created by the Constitution of 1776. From 1777 to 1805 the Court sat in Annapolis, on the Western Shore. Between 1805 and 1851 it sat at Easton on the Eastern Shore, as well. Since 1851 the Court has met only at Annapolis.

By the terms of the reorganization Act of 1960, Ch. 11, the Court is composed of seven judges, five of whom shall sit in each case unless the Court shall direct that an additional judge or judges sit for any case. One judge is to be elected from each of the first five Appellate Judicial Circuits and two from the Sixth Appellate Judicial Circuit, which is Baltimore City. The terms of the Judges are for fifteen years. The Governor designates the Chief Judge.

The Court hears appeals from the decisions of the Circuit Courts for the counties and the several courts of Baltimore and also considers applications for leave to appeal under the Post Conviction Procedure Act (Code 1957, 1963 Supp., Art. 27, sec. 645-I) and the Defective Delinquents Act (Code 1957, Art. 31B, sec. 11). The Court also admits all eligible candidates to the State Bar. The term of the Court begins the second Monday of September in each year.

The Chief Judge of the Court of Appeals is the chief administrative officer of the State's judiciary. The Court of Appeals makes rules for the conduct of its own practice and procedure and that of the various trial courts of the State. The Chief Judge may also assign the Judges of the various Circuits to duties in other Circuits and to the Court of Appeals for any purpose.

The Clerk of the Court of Appeals is appointed by the Court. He maintains the docket, receives the briefs and transcripts of all appeals filed with the Court, and maintains official custody of the decisions of the Court, the Acts of the General Assembly, and of all other records which the law may require to be filed with the Court (Const. 1867, Art. IV, sec. 17).

The State Reporter, also appointed by the Court, is responsible for the publication of the *Maryland Reports*, which contain the official opinions of the Court (Const. 1867, Art. IV, secs. 14-18A).

Officers of Local Government

I Counties

II Baltimore City

I. COUNTIES

The county officials are here divided into two groups: Judicial and Administrative. The administrative officials are listed according to the following functions: executive and legislative; fiscal; election; public safety; health, education, and welfare; planning, building, and inspection; licensing; liquor control; and extension and soil conservation services.

Several counties have begun to outgrow the traditional county offices. Two counties, Montgomery (in 1948) and Baltimore (in 1956), have adopted charter governments with special departments and officers which perform functions formerly exercised by the Board of County Commissioners. Even in these counties, however, most of the traditional offices remain, and though many of them are not regulated by charter, they work side by side with the new departments. For this reason, we have listed the officers of Montgomery and Baltimore counties, like those of other counties, according to function rather than according to the legal or administrative relationships their charters have created. Anne Arundel County (in 1947) also adopted the county manager system, but in this county the manager form functions within the General Assembly-county commissioner legislative framework rather than within the county council type of organization.

Methods of appointment and terms of office of the officials common to most of the counties are explained below. Such information about officers peculiar to any one county is given in footnotes. Unless otherwise indicated, all officers may be addressed at their respective county seats.

In Carroll, Harford, Howard, and Washington counties, the County Commissioners are responsible for county roads, but no specific legislation constitutes them a Roads Board. In Anne Arundel, Prince George's, and Montgomery counties, Departments of Public Works have charge of roads and are responsible to the County Commissioners or the County Council. In Baltimore County the line of authority runs to the County Administrative Officer, and thence to the County Executive. In Calvert, Cecil, Charles, Kent, St. Mary's, and Talbot counties, the State Roads Commission takes care of county roads.

Surveyor:

Elected by the voters of the county for a four-year term.

II. BALTIMORE CITY

When Baltimore City became a separate governmental entity, divorced from all county connections, it maintained the officers characteristic of Maryland county government at that time with the exception of those in the Executive Branch, who were called Mayor and Council rather than Board of County Commissioners. Since that time the expansion of the City has brought about a high degree of specialization in the executive and administrative agencies so that the present government of Baltimore, with the exception of the traditional county offices and functions, bears little resemblance to the government of most counties. Nevertheless, there seems to be sufficient resemblance between the city charter and the charters of Montgomery and Baltimore counties to justify grouping the city offices in categories similar to those worked out for the charter counties. Information about the methods of appointment and terms of office of the traditional county officers will be found on pp. 369-372. Such information about all other city officials will be found in the footnotes.

INCORPORATED CITIES AND TOWNS

The title of the executive officer is Mayor, except in those towns marked with an asterisk (*), where the title is President of the Town Commission, and in other towns as noted in the list below. The term of the Mayor and the date of election is specified in each town's charter, and differs from town to town. However, the voluntary model for municipal government, contained in the Municipal Corporation's Charter Act of 1955, provides that the Mayor shall be elected in May of every second odd number year. The list below was compiled from information furnished by the Maryland Municipal League.

Charter of Maryland

TRANSLATED FROM THE LATIN ORIGINAL

CHARLES,* by the grace of God, of *England, Scotland, France, and Ireland*, KING, Defender of the Faith, &c. To ALL to whom these Presents shall come, GREETING.

II. WHEREAS, our well beloved and right trusty Subject CÆCILIVS CALVERT, Baron of BALTIMORE, in our Kingdom of *Ireland*, Son and Heir of GEORGE CALVERT, Knight, late Baron of BALTIMORE in our said Kingdom of *Ireland*, treading in the Steps of his Father, being animated with a laudable, and pious Zeal for extending the *Christian Religion*, and also the Territories of our Empire, hath humbly besought leave of US, that he may transport by his own Industry, and Expense, a numerous Colony of the *English Nation*, to a certain region, hereinafter described, in a Country hitherto uncultivated, in the parts of *America*, and partly occupied by Savages, having no Knowledge of the Divine Being, and that all that Region, with some certain Privileges, and Jurisdiction, appertaining unto the wholesome Government, and State of his Colony and Region aforesaid, may by our Royal Highness be given, granted, and confirmed unto him, and his heirs.

III. KNOW YE therefore, that WE, encouraging with our Royal Favour, the pious and noble Purpose of the aforesaid Baron of Baltimore, of our special Grace, certain Knowledge, and mere Motion, have GIVEN, GRANTED, and CONFIRMED, and by this our present CHARTER, for US, our Heirs, and Successors, do GIVE, GRANT, AND CONFIRM, unto the aforesaid CÆCILIVS, now Baron of BALTIMORE, his Heirs, and Assigns, all that Part of the Peninsula, or *Chersonese*, lying in the Parts of *America*, between the Ocean on the East, and the Bay of *Chesapeake* on the West, divided from the Residue thereof by a Right Line drawn from the Promontory, or Head-Land, called *Watkin's Point*, situate upon the Bay aforesaid, near the River of *Wighco*, on the West, unto the Main Ocean on the East; and between that Boundary on the South, unto that Part

* Charles the First, of England.

of the Bay of *Delaware* on the North, which lieth under the Fortieth Degree of North Latitude from the *Æquinoctial*, where *New-England* is terminated: And all the Tract of that Land within the Metes underwritten (*that is to say*) passing from the said Bay, called *Delaware Bay*, in a right line, by the degree aforesaid, unto the true Meridian of the first Fountain of the River of *Pattowmack*, thence verging toward the South, unto the further Bank of the said River, and following the same on the West and South, unto a certain place called *Cinquack*, situate near the Mouth of the said River, where it disembogues into the aforesaid Bay of *Chesapeake*, and thence by the shortest line unto the aforesaid Promontory or Place called *Watkin's Point*; so that the whole Tract of Land, divided by the Line aforesaid, between the Main Ocean, and *Watkin's Point*, unto the Promontory called *Cape-Charles*, and every the Appendages thereof, may entirely remain excepted for ever to US, our Heirs and Successors.

IV. ALSO WE do GRANT, and likewise CONFIRM unto the said Baron of BALTIMORE, his Heirs, and Assigns, all Islands and Islets within the Limits aforesaid, all and singular the Islands, and Islets, from the Eastern Shore of the aforesaid Region, toward the East, which have been, or shall be formed in the Sea, situate within Ten marine Leagues from the said Shore; with all and singular the Ports, Harbors, Bays, Rivers, and Straits belonging to the Region or Islands aforesaid, and all the Soil, Plains, Woods, Mountains, Marshes, Lakes, Rivers, Bays, and Straits, situate, or being within the Metes, Bounds, and Limits aforesaid, with the Fishings of every kind of Fish, as well of Whales, Sturgeons, and other royal Fish, as of other Fish, in the Sea, Bays, Straits, or Rivers, within the Premisses, and the Fish there taken: And moreover all Veins, Mines, and Quarries, as well opened as hidden, already found, or that shall be found within the Region, Islands, or Limits aforesaid, of Gold, Silver, Gems, and precious Stones, and any other whatsoever, whether they be of Stones, or Metals, or of any other Thing, or Matter whatsoever: And furthermore the PATRONAGES, and ADVOWSONS of all churches which (with the increasing Worship and Religion of CHRIST) within the said Region, Islands, Islets, and Limits aforesaid, hereafter shall happen to be built, together with Licence and Faculty of erecting and founding Churches, Chapels, and Places of Worship, in convenient and suitable Places, within the Premisses, and of causing the same to be dedicated and consecrated according to the Ecclesiastical Laws of our Kingdom of *England*, with all,

and singular such, and as ample Rights, Jurisdictions, Privileges, Prerogatives, Royalties, Liberties, Immunities, and royal Rights, and temporal Franchises whatsoever, as well by Sea as by Land, within the Region, Islands, Islets, and Limits aforesaid, to be had, exercised, used, and enjoyed, as any Bishop of *Durham*, within the Bishoprick or County Palatine of *Durham*, in our Kingdom of *England*, ever heretofore hath had, held, used, or enjoyed, or of Right could, or ought to have, hold, use or enjoy.

V. AND WE do by these presents, for US, our Heirs and Successors, MAKE, CREATE and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premises (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs, and Successors; to HAVE, HOLD, POSSESS, and ENJOY the aforesaid Region, Islands, Islets, and other the Premises, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns, forever. To HOLD of US, our Heirs and Successors, Kings of *England*, as of our Castle of *Windsor*, in our County of *Berks*, in free and common SOCCAGE, by Fealty only for all Services, and not *in Capite*, nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of *Windsor*, every Year, on Tuesday in Easter-week: and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our mose especial Grace, certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plenitude of our royal Power and Prerogative, WE do, for Us, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. AND forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for Us, our Heirs

and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident Circumspection of Mind, WE repose the greatest Confidence) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full, and absolute Power, by the Tenor of these Presents, to Ordain, Make, and Enact LAWS, of what kind soever, according to their sound Discretions, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall require, by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs, and duly to execute the same upon all Persons, for the Time being, within the aforesaid PROVINCE, and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outward-bound, either to *England*, or elsewhere, whether to any other Part of Our, or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents, and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE, or his Heirs, shall seem most fitting: And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; and to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceeding, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætorian Judicatories, and Tribunals, in all Actions, Suits, Causes, and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætorian: Which said Laws, so to be published as above said, WE will, en-

join, charge, and command, to be most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed. So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be not repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and rights of this Our Kingdom of *England*.

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen, to which it will be necessary to apply a Remedy, before the Freeholders of the said PROVINCE, their Delegates, or Deputies, can be called together for the framing of Laws; neither will it be fit that so great a number of People should immediately, on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the said now Baron of BALTIMORE, and to his Heirs, that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesom Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publickly to notify the same to all Persons whom the same in anywise do or may affect. Which Ordinances WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Rights of our Kingdom of *England*: and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life, Freehold, Goods or Chattels.

IX. FURTHERMORE, that the New Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers: WE therefore, for US, our Heirs and Successors, do by these Presents give and grant Power, Licence and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport them-

selves and their Families to the said PROVINCE, with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build and fortify Castles, Forts, and other Places of Strength, at the Appointment of the aforesaid now Baron of BALTIMORE, and his Heirs, for the Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premises in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain, and commend, that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-Men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland*; and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England*; also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever, within our Kingdom of *England*, and other our Dominions, to inherit, or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England*, freely, quietly, and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England*, without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance, or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and chearful Mind: KNOW YE, that WE, of our especial Grace, certain Knowledge, and mere Motion, do, by the Tenor of these Presents, give and grant, as well to the aforesaid Baron of BALTIMORE, and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and

Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE, without the Impediment or Molestation of US, our Heirs or Successors, or of any officers of US, our Heirs or Successors, (SAVING unto US, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes) any Statute, Act, Ordinance, or other Thing whatsoever to the contrary notwithstanding.

XII. BUT BECAUSE, that in so remote a Region, placed among so many barbarous Nations, the Incursions as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, THEREFORE WE have Given, and for US, our Heirs, and Successors, do Give by these Presents, as full and unrestrained Power, as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains, or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born, for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also WILL, and by this our CHARTER, do Give unto the aforesaid now Baron of BALTIMORE, and to his Heirs, and Assigns, Power, Liberty, and Authority, that, in Case of Rebellion, sudden Tumult, or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the PROVINCE aforesaid, or upon the High Sea in making a Voyage to the said PROVINCE of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of an Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves

from the Government of him or them, refusing to serve in War, flying over to the Enemy, exceeding their Leave of Absence, Deserters, or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to, Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, WE, for US, our Heirs and Successors, do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards and Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into BUROUGHs, and Buroughs into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premises, which to him or them shall seem fitting and convenient; even although they shall be such as, in their own Nature, require a more special Commandment and Warrant than in these Presents may be expressed.

XV. Constitution of Maryland

Constitution of Maryland

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND WAS RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND SIXTY-TWO¹

DECLARATION OF RIGHTS.

We, the People of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their Form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made, or which shall be made, in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are, and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby; anything in the Constitution or Law of this State to the contrary notwithstanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the people thereof.

¹Including amendments proposed by the General Assemblies of 1961 and 1962 and adopted by the people in November, 1962. Amendments proposed by the General Assembly of 1963, to be voted on by the people in November, 1964, are enclosed in brackets.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof, as a free, sovereign and independent State.

Art. 5. That the Inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that Law, and to the benefit of such of the English statutes as existed on the Fourth day of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from, or under the Charter granted by His Majesty Charles the First to Cæcilius Calvert, Baron of Baltimore.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are the Trustees of the Public, and, as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought, to reform the old, or establish a new Government; the doctrine of non-resistance against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

Art. 7. That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose elections ought to be free and frequent; and every white¹ male citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

¹The words "white" and "male" are now ineffective, under the 15th and 19th Amendments to the Constitution of the United States.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art. 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

Art. 12. That for redress of grievances, and for amending, strengthening and preserving the Laws, the Legislature ought to be frequently convened.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceable and orderly manner.

Art. 14. That no aid, charge, tax, burthen or fees ought to be rated or levied, under any pretense, without the consent of the Legislature.

¹Art. 15. That the levying of taxes by the poll is grievous and oppressive, and ought to be prohibited; that paupers ought not to be assessed for the support of the government; that the General Assembly shall, by uniform rules, provide for the separate assessment, classification and sub-classification of land, improvements on land and personal property, as it may deem proper; and all taxes thereafter provided to be levied by the State for the support of the general State Government, and by the Counties and by the City of Baltimore for their respective purposes, shall be uniform within each class or sub-class of land, improvements on land and personal property which the respective taxing powers may have directed to be subjected to the tax levy; yet fines, duties or taxes may properly and justly be imposed, or laid with a political view for the good government and benefit of the community.

Art. 16. That sanguinary Laws ought to be avoided as far as it is consistent with the safety of the State; and no Law to inflict cruel and unusual pains and penalties ought to be made in any case, or at any time, hereafter.

Art. 17. That retrospective Laws, punishing acts committed before the existence of such Laws, and by them only declared criminal are oppressive, unjust and incompatible with liberty; wherefore, no *ex post facto* Law ought to be made; nor any retrospective oath or restriction be imposed, or required.

¹ Thus amended by Chapter 64, Acts of 1960, ratified November 8, 1960.

Art. 18. That no Law to attaint particular persons of treason or felony, ought to be made in any case, or at any time, hereafter.

Art. 19. That every man, for any injury done to him in his person or property, ought to have remedy by the course of the Law of the Land, and ought to have justice and right, freely without sale, fully without any denial, and speedily without delay, according to the Law of the Land.

Art. 20. That the trial of facts, where they arise, is one of the greatest securities of the lives, liberties and estate of the People.

Art. 21. That in all criminal prosecutions, every man hath a right to be informed of the accusation against him; to have a copy of the Indictment, or charge, in due time (if required) to prepare for his defence; to be allowed counsel; to be confronted with the witnesses against him; to have process for his witnesses; to examine the witnesses for and against him on oath; and to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.

Art. 22. That no man ought to be compelled to give evidence against himself in a criminal case.

Art. 23. That no man ought to be taken or imprisoned or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or, in any manner, destroyed, or deprived of his life, liberty or property, but by the judgment of his peers, or by the Law of the Land.

Art. 24. That Slavery shall not be re-established in this State; but having been abolished under the policy and authority of the United States, compensation, in consideration thereof, is due from the United States.

Art. 25. That excessive bail ought not to be required, nor excessive fines imposed, nor cruel or unusual punishment inflicted, by the Courts of Law.

Art. 26. That all warrants, without oath or affirmation, to search suspected places, or to seize any person or property, are grievous and oppressive; and all general warrants to search suspected places, or to apprehend suspected persons, without naming or describing the place, or the person in special, are illegal, and ought not to be granted.

Art. 27. That no conviction shall work corruption of blood or forfeiture of estate.

Art. 28. That a well regulated Militia is the proper and natural defence of a free Government.

Art. 29. That Standing Armies are dangerous to liberty, and ought not to be raised, or kept up, without the consent of the Legislature.

Art. 30. That in all cases, and at all times, the military ought to be under strict subordination to, and control of, the civil power.

Art. 31. That no soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, except in the manner prescribed by Law.

Art. 32. That no person except regular soldiers, marines, and mariners in the service of this State, or militia, when in actual service, ought, in any case, to be subject to, or punishable by Martial Law.

Art. 33. That the independency and uprightness of Judges are essential to the impartial administration of Justice, and a great security to the rights and liberties of the People: Wherefore, the Judges shall not be removed, except in the manner, and for the causes provided in this Constitution. No Judge shall hold any other office, civil or military or political trust, or employment of any kind, whatsoever, under the Constitution or Laws of this State, or of the United States, or any of them; or receive fees, or perquisites of any kind, for the discharge of his official duties.

Art. 34. That a long continuance in the Executive Departments of power or trust is dangerous to liberty; a rotation therefore, in those departments is one of the best securities of permanent freedom.

Art. 35. That no person shall hold, at the same time more than one office of profit, created by the Constitution or Laws of this State; nor shall any person in public trust receive any present from any foreign Prince or State, or from the United States, or any of them, without the approbation of this State.

Art. 36. That as it is the duty of every man to worship God in such manner as he thinks most acceptable to Him, all persons are equally entitled to protection in their religious liberty; wherefore, no person ought by any law to be molested in his person or estate, on account of his religious persuasion, or profession, or for his religious practice, unless, under the color of religion, he shall disturb the good order, peace or safety of the State, or shall infringe

the laws of morality, or injure others in their natural, civil or religious rights; nor ought any person to be compelled to frequent, or maintain, or contribute, unless on contract, to maintain, any place of worship, or any ministry; nor shall any person, otherwise competent, be deemed incompetent as a witness, or juror, on account of his religious belief; provided, he believes in the existence of God, and that under His dispensation such person will be held morally accountable for his acts, and be rewarded or punished therefor either in this world or in the world to come.

Art. 37. That no religious test ought ever to be required as a qualification for any office of profit or trust in this State, other than a declaration of belief in the existence of God; nor shall the Legislature prescribe any other oath of office than the oath prescribed by this Constitution.

¹Art. 38. That every gift, sale or devise of land to any Minister, Public Teacher, or Preacher of the Gospel, as such, or to any Religious Sect, Order or Denomination, or to, or for the support, use or benefit of, or in trust for, any Minister, Public Teacher, or Preacher of the Gospel, as such, or any Religious Sect, Order or Denomination; and every gift or sale of goods, or chattels to go in succession, or to take place after the death of the SELLOR or Donor, to or for such support, use or benefit; and also every devise of goods or chattels to or for the support, use or benefit of any Minister, Public Teacher, or Preacher of the Gospel, as such, or any Religious Sect, Order or Denomination, without the prior or subsequent sanction of the Legislature, shall be void; except always, any sale, gift, lease or devise of any quantity of land, not exceeding five acres, for a church, meeting-house, or other house of worship, or parsonage, or for a burying ground, which shall be improved, enjoyed or used only for such purpose; or such sale, gift, lease or devise shall be void. Provided, however, that except in so far as the General Assembly shall hereafter by law otherwise enact, the consent of the Legislature shall not be required to any gift, grant, deed, or conveyance executed after the 2nd day of November, 1948, or to any devise or bequest contained in the will of any person dying after said 2nd day of November, 1948, for any of the purposes hereinabove in this Article mentioned.

Art. 39. That the manner of administering an oath or affirmation to any person, ought to be such as those of the religious persuasion, profession, or denomination, of which

he is a member, generally esteem the most effectual confirmation by the attestation of the Divine Being.

Art. 40. That the liberty of the press ought to be inviolably preserved; that every citizen of the State ought to be allowed to speak, write and publish his sentiments on all subjects, being responsible for the abuse of that privilege.

Art. 41. That monopolies are odious, contrary to the spirit of a free government and the principles of commerce, and ought not to be suffered.

Art. 42. That no title of nobility or hereditary honors ought to be granted in this State.

¹Art. 43. That the Legislature ought to encourage the diffusion of knowledge and virtue, the extension of a judicious system of general education, the promotion of literature, the arts, sciences, agriculture, commerce and manufactures, and the general melioration of the condition of the People. The Legislature may provide that land actively devoted to farm or agricultural use shall be assessed on the basis of such use and shall not be assessed as if sub-divided.

Art. 44. That the provisions of the Constitution of the United States, and of this State, apply, as well in time of war, as in time of peace; and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good Government, and tends to anarchy and despotism.

One of the Judges of the Court of Appeals shall be designated by the Governor as the Chief Judge. The jurisdiction of the Court of Appeals shall be co-extensive with the limits of the State and such as now is or may hereafter be prescribed by law. It shall hold its sessions in the City of Annapolis at such time or times as it shall from time to time by rule prescribe. Its session or sessions shall continue not less than ten months in each year, if the business before it shall so require, and it shall be competent for the judges temporarily to transfer their sittings elsewhere upon sufficient cause. The salary of each Judge of the Court of Appeals shall be that now or hereafter prescribed by the General Assembly and shall not be diminished during his continuance in office. Five of the judges shall constitute a quorum, and five judges shall sit in each case unless the Court shall direct that an additional judge or judges sit for any case. The concurrence of a

majority of those sitting shall be sufficient for the decision of any cause, and an equal division of those sitting in a case has the effect of affirming the decision appealed from if there is no application for re-argument as hereinafter provided. In any case where there is an equal division or a three to two division of the Court a re-argument before the full Court of seven judges shall be granted to the losing party upon application as a matter of right.¹

² SEC. 15. The Judge who heard the cause below shall not participate in the decision; in every case an opinion, in writing, shall be filed within three months after the argument, or submission of the cause; and the judgment of the Court shall be final and conclusive; and all cases shall stand for hearing at the first term after the transmission of the Record.

SEC. 16. Provision shall be made by Law for publishing Reports of all causes, argued and determined in the Court of Appeals, which the Judges shall designate as proper for publication.

SEC. 17. There shall be a Clerk of the Court of Appeals, who shall be appointed by and shall hold his office at the pleasure of said Court of Appeals.³

⁴ SEC. 18. It shall be the duty of the Judges of the Court of Appeals to make and publish rules and regulations for the prosecution of appeals to said appellate Court, whereby they shall prescribe the periods within which appeals may be taken, what part or parts of the proceedings in the Court below shall constitute the record on appeal, and the manner in which such appeals shall be brought to hearing or determination, and shall regulate, generally, the practice of said Court of Appeals, so as to prevent delays, and promote brevity in all records and proceedings brought into said Court, and to abolish and avoid all unnecessary costs and expenses in the prosecution of appeals therein; and the said Judges shall make such reduction in the fees and expenses of the said Court as they may deem advisable. It shall also be the duty of said Judges of the Court of Appeals to devise, and promulgate by rules, or orders, forms and modes of framing and filing bills, answers, and other proceedings and pleadings in Equity; and also forms and modes of taking and obtaining evidence, to be used in

And all rules and regulations hereby directed to be made, shall, when made, have the force of Law, until rescinded, changed, or modified by the said Judges, or the General Assembly.

¹ SEC. 18A. The Chief Judge of the Court of Appeals shall be the administrative head of the judicial system of the State. He shall from time to time require, from each of the judges of the Circuit Courts for the several counties and of the Supreme Bench of Baltimore City, reports as to the judicial work and business of each of the judges and their respective courts. He may, in case of a vacancy or of illness, disqualification or other absence of one or more judges of the Court of Appeals, designate any judge of any of the Circuit Courts for the counties or of the Supreme Bench of Baltimore City to sit in any case or for a specified period as a judge of the Court of Appeals in lieu of a judge of that court, and may designate, to sit as a judge of the Circuit Court for any county or of any Court or Courts of Baltimore City, either alone or with one or more other judges, in any case or for a specified period, any judge of the Court of Appeals or of any other Circuit Court or of the Supreme Bench of Baltimore City. In the absence of the Chief Judge of the Court of Appeals the provisions of this Section shall be applicable to the senior judge present. The powers of the Chief Judge under the foregoing provisions of this section shall be subject to such rules and regulations, if any, as the Court of Appeals may make. The Court of Appeals from time to time shall make rules and regulations to regulate and revise the practice and procedure in that Court and in the other courts of this State, which shall have the force of law until rescinded, changed or modified by the Court of Appeals or otherwise by law. The power of the courts other than the Court of Appeals to make rules of practice and procedure shall be subject to the rules and regulations prescribed by the Court of Appeals or otherwise by law.

Part III—Circuit Courts.

tute the First Circuit; the Counties of Caroline, Talbot, Queen Anne's, Kent and Cecil, the Second; the Counties of Baltimore and Harford, the Third; the Counties of Allegany, Garrett, and Washington, the Fourth; the Counties of Carroll, Howard and Anne Arundel, the Fifth; the Counties of Montgomery and Frederick, the Sixth; the Counties of Prince George's, Charles, Calvert, and St. Mary's, the Seventh; and Baltimore City, the Eighth.

SEC. 20. A Court shall be held in each County of the State, to be styled the Circuit Court for the County in which it may be held. The said Circuit Courts shall have and exercise, in the respective counties, all the power, authority and jurisdiction, original and appellate, which the present Circuit Courts of this State now have and exercise, or which may hereafter be prescribed by Law.

[SEC. 20. A Court shall be held in each County of the State to be styled the Circuit Court for the County, in which it may be held. The said Circuit Courts shall have and exercise, in the respective counties, all the power, authority and jurisdiction, original and appellate, which the present Circuit Courts of this State now have and exercise, or which may hereafter be prescribed by law.

The several judges of the Circuit Court for Montgomery County on and after the Tuesday next after the first Monday in November, nineteen hundred and sixty-six, shall each, alternately and in rotation and on schedules to be established by the said judges, sit as an Orphans' Court for said County, and shall have and exercise all the power, authority and jurisdiction which the present Orphans' Courts now have and exercise, or which may hereafter be prescribed by law.]¹

SEC. 21. From and after January 1, 1955, there shall be in the third, fourth, fifth, sixth and seventh circuits at least one judge for each county, who shall be a resident of the county in which he shall hold office, and who shall be elected by the voters thereof, to be styled judges of the Circuit Court, to be elected or appointed as herein provided. The number of judges for any of the circuits or for any of the counties, may be increased or decreased by the General Assembly from time to time, and any vacancy so created shall be filled as provided in Section 5 of this Article except that in the third, fourth, fifth, sixth and seventh judicial circuits there shall never be less than one judge for each county and in all of the circuits there shall never be less than four

for each circuit. The senior judge in length of service shall be the chief judge of the circuit; the other judge or judges shall be associate judges. In the first and second judicial circuits no two of said judges of the Circuit Court shall at the time of their election or appointment, or during the term for which they may have been elected or appointed, reside in any one county. In the first and second judicial circuits, in case any candidate or candidates for judge at any election shall receive sufficient votes to cause such candidate or candidates to be declared elected, but the election of such candidate or candidates would cause more judges than herein permitted to reside in any county of the circuit, then and in that event there shall be declared elected only that candidate or those candidates residing in said county, in the order of the votes received, whose election would provide the permitted number of judges from said county, and also the candidate or candidates residing in some other county, and not similarly disqualified, who shall have the next highest number of votes in said election. If, by reason of such a condition or by reason of an equal vote for two or more candidates a sufficient number of judges duly qualified as to residence shall not be elected at any election, then it shall be the duty of the Governor to order a new election for such unfilled office or offices. From and after December 1, 1954, there shall be not less than two judges resident in Anne Arundel County, and not less than three judges resident in Baltimore County. From and after December 1, 1960, there shall be not less than four judges resident in Prince George's County. From and after December 1, 1960, there shall be not less than five judges resident in Montgomery County.

Notwithstanding any other provision of this Article the vacancy in Montgomery County created by the adoption of this amendment shall not be filled by appointment as provided in Section 5 of this Article, but at the first biennial general election for Representatives in Congress, after the adoption of this amendment a judge shall be elected by the qualified voters of Montgomery County to fill such vacancy in such county. Any other vacancy in the office of Judge of the Circuit Court for Montgomery County and any vacancy in the second judicial circuit shall be filled as provided in Sections 3 and 5 of this Article, except that the person initially appointed to fill the vacancy in the second judicial circuit shall be a resident of Kent County.

The said judges shall hold such terms of the Circuit Court in each of the counties composing their respective circuits, at such times as are now prescribed or may hereafter be

prescribed by rules or regulations by the Court of Appeals or otherwise by law. One judge in each of the first seven circuits shall constitute a quorum for the transaction of any business; and the said judges, or any of them, may hold special terms of their Courts, when in their discretion, the business of the several counties renders such terms necessary.

All provisions of the Constitution of Maryland and all Acts of the General Assembly relating to the Court of Appeals or any other courts, and all rules heretofore adopted by the Court of Appeals, not inconsistent with the provisions of the sections amended or added by this amendment, shall remain in full force and effect unless and until amended or repealed by proper authority. All salaries now prescribed by law for associate judges of the Circuit Courts shall continue to apply to all judges (including chief judges) of the Circuit Court. No member of the General Assembly at which either of these amendments was proposed, or at which the number or salary of judges for any of the eight circuits or for any of the counties may be or may have been increased or decreased by the General Assembly from time to time, if otherwise qualified, shall be ineligible for appointment or election as judge of the Court of Appeals or any other court by reason of his membership in such General Assembly.

In the event and to the extent of any inconsistency between the provisions of any section amended or added by these amendments and any of the other provisions of this Constitution or the provisions of any existing law, the provisions of the sections amended or added shall prevail, and such other provisions shall be repealed or abrogated to the extent of such inconsistency, except Section 35A of Article III of this Constitution; provided, however, that in the event of any inconsistency between the provisions of the sections thus amended or added and any of the other provisions of the sections thus amended or added and any of the other provisions of this Constitution as amended by any other amendments which may be adopted at the same time or times as these amendments, i.e. at the election held in November, 1944, or at the election held in November, 1954, or at the election held in November, 1960, the changes made by these amendments and all such other amendments to this Constitution shall all be given effect.¹

SEC. 22. Where any Term is held, or trial conducted by less than the whole number of said Circuit Judges, upon the

decision or determination of any point, or question, by the Court, it shall be competent to the party, against whom the ruling or decision is made, upon motion, to have the point, or question reserved for the consideration of the three Judges of the Circuit, who shall constitute a court in *banc* for such purpose; and the motion for such reservation shall be entered of record, during the sitting, at which such decision may be made; and the several Circuit Courts shall regulate, by rules, the mode and manner of presenting such points, or questions to the court in *banc*, and the decision of the said Court in *banc* shall be the effective decision in the premises, and conclusive, as against the party, at whose motion said points, or questions were reserved; but such decision in *banc* shall not preclude the right of appeal, or writ of error to the adverse party, in those cases, civil or criminal, in which appeal, or writ of error to the Court of Appeals may be allowed by Law. The right of having questions reserved shall not, however, apply to trials of Appeals from judgments of Justices of the Peace, nor to criminal cases below the grade of felony, except when the punishment is confinement in the Penitentiary; and this Section shall be subject to such provisions as may hereafter be made by Law.

SEC. 23. The Judges of the respective Circuit Courts of this State, and of the Courts of Baltimore city, shall render their decisions, in all cases argued before them, or submitted for their judgment, within two months after the same shall have been so argued or submitted.

SEC. 24. The salary of each Chief Judge and of each Associate Judge of the Circuit Court shall not be diminished during his continuance in office.¹

SEC. 25. There shall be a Clerk of the Circuit Court for each County, who shall be elected by a plurality of the qualified voters of said County, and shall hold his office for four years from the time of his election, and until his successor is elected and qualified, and be re-eligible, subject to be removed for wilful neglect of duty or other misdemeanor in office, on conviction in a Court of Law. In case of a vacancy in the office of Clerk of a Circuit Court, the Judges of said Court shall have power to fill such vacancy until the general election for Delegates to the General Assembly, to be held next thereafter, when a successor shall be elected for the term of four years.²

SEC. 26. The said Clerks shall appoint, subject to the confirmation of the Judges of their respective Courts, as many deputies under them, as the said Judges shall deem necessary to perform, together with themselves, the duties of the said office, who shall be removable by the said Judges for incompetency, or neglect of duty, and whose compensation shall be according to existing, or future provisions of the General Assembly.

SEC. 28. The Superior Court of Baltimore City, the Court of Common Pleas, and the Baltimore City Court³ shall, each, have concurrent jurisdiction in all civil common Law cases, and concurrently, all the jurisdiction which the Superior Court of Baltimore City and the Court of Common Pleas now have, except jurisdiction in Equity, and except in applications for the benefit of the Insolvent Laws of Maryland, and in cases of Appeal from judgments of Justices of the Peace in said City, whether civil or criminal, or arising under the ordinances of the Mayor and City Council of Baltimore, of all of which appeal cases the Baltimore City Court shall have exclusive jurisdiction; and the said Court of Common Pleas shall have exclusive jurisdiction in all applications for the benefit of the Insolvent Laws of Maryland, and the supervision and control of the Trustees thereof.

SEC. 29. ² SEC. 41. Part V-A—People's Courts

SEC. 41A. There is hereby created a People's Court of Baltimore City. Said Court shall consist originally of a Chief Judge and two Associate Judges; the number of such Judges may thereafter be increased or decreased by the General Assembly by law but no such decrease shall affect the term of any Judge then in office or his right to stand for election for further terms as hereinafter provided. The Judges of said Court shall have the qualifications prescribed by Section 2 of this Article and shall have practiced law in the City of Baltimore for a total period of at least five years; shall hold office subject to the provisions of Sections 3 and 4 of this Article with regard to retirement and removal from office; and shall receive from the Mayor and City Council of Baltimore City such compensation as shall be fixed by law by the General Assembly, which shall not be diminished during continuance in office.

The Governor shall appoint to said Court, to take office on the first Monday of May, 1941, one Associate Judge for a term expiring December 31, 1942, one Associate Judge for a term expiring December 31, 1944, and a Chief Judge for a term expiring December 31, 1946; and, upon the creation of any additional office on said Court by increase in the number of Judges pursuant to this Section, shall appoint an Associate Judge for such term, not exceeding eight years and expiring on the thirty-first day of December immediately following a Congressional election, as the law

creating such office shall prescribe. If any vacancy occurs during any such original term, the Governor shall appoint a successor to serve for the remainder of such term. After the expiration of said original terms, the terms of office of said Court shall be for eight years from the expiration of the preceding term, and shall be filled as follows:

(1) Any incumbent Judge of said Court shall be eligible, at the Congressional election immediately preceding the expiration of his period of appointment or term, for election or re-election to succeed himself (a) for a full term of eight years, except as provided in (b) hereof; or (b) for the unexpired remainder of the current eight year term, if his appointment will expire before the end of such term. Any qualified person including an incumbent Judge shall be eligible for election to said Court. Provided, however, that any Judge who is in office when this act takes effect shall be entitled to have his name placed upon the ballot with no party designation and with no opposing candidate; and the voters shall cast their votes for or against the continuance in office of said Judge.

(2) Whenever a vacancy shall occur on said Court from any cause the Governor shall appoint to said Court a Judge who shall hold office under such appointment until the thirty-first day of December immediately following the first Congressional election occurring six months or more after the date of his appointment. No Judge of said Court, who has stood for election to succeed himself and not been elected, shall thereafter be appointed to said Court, and no Judge of said Court, who has failed to stand for election when eligible, shall be appointed to succeed himself.

(3) In order to qualify for election or re-election all candidates shall file with the Supervisors of Elections of Baltimore City not later than thirty days before the date of the applicable election a certificate of candidacy in a form to be supplied by the Supervisors.

Unless his office shall have been abolished pursuant to this section, each Judge of said Court shall continue to hold office after the expiration of his period of appointment or term until a successor shall qualify. As used in this section, "Congressional election" means any of the biennial elections at which members of the House of Representatives are regularly chosen.

Said Court shall have such jurisdiction (which may be made exclusive as to any class or classes of civil cases in Baltimore City), with such right of appeal, therefrom, and

the Chief Judge and Associate Judges thereof shall have such powers and duties, as the General Assembly shall prescribe from time to time by law. The Judges of said Court shall have full power to regulate by rules the administration, procedure and practice of said Court; such rules shall have the force of law until rescinded or modified by said Judges or the General Assembly. Unless otherwise provided by law, (1) all powers granted by this section or by law to said Court or the Judges thereof as a body may be exercised by a majority of the Judges thereof, and (2) said Court shall not be a Court of Record.

There shall be a Chief Constable of said Court, who shall perform therein the duties prescribed for Clerks of Court by Section 10 of this Article and such other duties as shall be prescribed by law or by rule of said Court. Such Chief Constable shall be appointed, in the manner hereinafter prescribed, by the Judges of said Court; and such Chief Constable shall appoint, in the manner hereinafter prescribed, all original, subsequent and additional constables and clerks employed pursuant to this section, and shall supervise and direct the work of all such constables and clerks. There shall be appointed originally fourteen such constables and sixteen such clerks; the number of either may, on the joint recommendation of said Court and said Chief Constable, be increased by the Mayor and City Council of Baltimore City; no vacancy in the position of any constable or clerk, however arising, shall be filled by said Chief Constable unless the Judges of said Court and said Chief Constable shall expressly find that the filling of such vacancy is necessary for the efficient operation of said Court. The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the Counties of this State.

SEC. 5. Amendments to any charter adopted by the City of Baltimore or by any County of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of said the City of Baltimore, or the Council of said County, or by a petition signed by not less than 20% of the registered voters of said City or County, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition, and filed with the Mayor of Baltimore or the President of the County Council, and when so proposed shall be submitted to the voters of said City or County at the next general or congressional election occurring after the passage of said resolution, or the filing of said petition; and if at said election the majority of the votes cast for and against said amendments shall be in favor thereof, said amendment shall be adopted and becomes a part of the charter of said City or County from and after the thirtieth day after said election. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said City or County.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6 inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each County and the voters of City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said Counties or City as this Article sets forth.

SEC. 7. The word "Petition" as used in this Article, means one or more sheets written or printed, or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. The authenticity of such signatures and the fact that the persons so signing are registered voters shall be evidenced by the affidavit of one or more registered voters of the City or County in which said voters so signing are registered, and one affidavit may apply to or cover any number of signatures to such petition. The false signing of any name, or the signing of any fictitious name to said petition shall be forgery, and the making of any false affidavit in connection with said petition shall be perjury.

It shall be the duty of the General Assembly to provide by law the method by which new municipal corporations shall be formed.

SEC. 2. The General Assembly, by law, shall classify all such municipal corporations by grouping them into not more than four classes based on populations as determined by the most recent census made under the authority of the United States or the State of Maryland. No more than one such grouping of municipal corporations into four (or fewer) classes shall be in effect at any time, and the enactment of any such grouping of municipal corporations into four (or fewer) classes shall repeal any such grouping of municipal corporations into four (or fewer) classes then in effect. Municipal corporations shall be classified only as provided in this section and not otherwise.

However, no such local law shall become effective in regard to

And the Inhabitants thereof shall thenceforth have and enjoy all such rights and privileges as are held and enjoyed by the Inhabitants of the other Counties of this State.

SEC. 3. When said new County shall have been so created, the Inhabitants thereof shall cease to have any claim to, or interest in the county buildings, and other public property of every description, belonging to said Counties of Somerset and Worcester, respectively, and shall be liable for their proportionate shares of the then existing debts and obligations of the said Counties, according to the last assessment in said Counties, to be ascertained and apportioned by the Circuit Court of Somerset county, as to the debts and obligations of said County, and by the Circuit Court of Worcester County, as to the debts and obligations of Worcester County, on the petition of the County Commissioners of the said Counties, respectively; and the property in each part of the said Counties, included in said new County, shall be bound only for the share of the debts and obligations of the county from which it shall be separated; and the Inhabitants of said new County shall also pay the County taxes levied upon them at the time of the creation of such new County, as if such new County had not been created; and on the application of twelve citizens of the proposed county of Wicomico, the Surveyor of Worcester County shall run and locate the line from Meadow Bridge to the Pocomoke River, previous to the adoption, or rejection of this Constitution, and at the expense of said petitioners.

SEC. 4. At the first general election, held under this Constitution, the qualified voters of said new County shall be entitled to elect a Senator, and two Delegates to the General Assembly, and all such County or other officers as this Constitution may authorize, or require to be elected by other Counties of the State; a notice of such election shall be given by the Sheriffs of Worcester and Somerset Counties in the manner now prescribed by Law; and in case said new County shall be established, as aforesaid, then the Counties of Somerset and Worcester shall be entitled to elect but two Delegates each to the General Assembly.

SEC. 5. The county of Wicomico, if formed according to the provisions of this Constitution, shall be embraced in the First Judicial Circuit; and the times for holding the Courts therein shall be fixed and determined by the General Assembly.

SEC. 6. The General Assembly shall pass all such Laws as may be necessary more fully to carry into effect the provisions of this Article.

ARTICLE XIV.

AMENDMENTS TO THE CONSTITUTION.

¹SECTION 1. The General Assembly may propose Amendments to this Constitution; provided that each Amendment shall be embraced in a separate bill, embodying the Article or Section, as the same will stand when amended and passed by three-fifths of all the members elected to each of the two Houses, by yeas and nays, to be entered on the Journals with the proposed Amendment. The bill or bills proposing amendment or amendments shall be published by order of the Governor, in at least two newspapers, in each County, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, once a week for four weeks immediately preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally, shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at said election on said amendment or amendments, severally, were cast in favor thereof, the Governor shall, by his proclamation, declare the said amendment or amendments having received said majority of votes, to have been adopted by the people of Maryland as part of the Constitution thereof, and thenceforth said amendment or amendments shall be part of the said Constitution. When two or more amendments shall be submitted in manner aforesaid, to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

¹ Thus amended by Chapter 476, Acts of 1943, ratified November 7, 1944.

¹ SEC. 2. It shall be the duty of the General Assembly to provide by Law for taking, at the general election to be held in the year nineteen hundred and seventy, and every twenty years thereafter, the sense of the People in regard to calling a Convention for altering this Constitution; and if a majority of voters at such election or elections shall vote for a Convention, the General Assembly, at its next session, shall provide by Law for the assembling of such convention, and for the election of Delegates thereto. Each County, and Legislative District of the City of Baltimore, shall have in such Convention a number of Delegates equal to its representation in both Houses at the time at which the Convention is called. But any Constitution, or change, or amendment of the existing Constitution, which may be adopted by such Convention, shall be submitted to the voters of this State, and shall have no effect unless the same shall have been adopted by a majority of the voters voting thereon.

THE REFERENDUM.

SECTION 1. (a) The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor;

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

¹ Thus amended by Chapter 275, Acts of 1922, ratified November 7, 1922.

² Added by Chapter 721, Acts of 1947, ratified November 2, 1948.

³ Added by Chapter 673, Acts of 1914, ratified November 2, 1915.

SEC. 2. No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contain a Section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety, and passed upon a yea and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly; provided, however, that said period of suspension may be extended as provided in Section 3 (b) hereof. If before said first day of June there shall have been filed with the Secretary of the State a petition to refer to a vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon; provided, however, that no measure creating or abolishing any office, or changing the salary, term or duty of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation for maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this Section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or any part thereof specified in the petition, may be referred to a vote of the people upon petition.

SEC. 3. (a) The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by three per centum of the qualified voters of the State of Maryland, calculated upon the whole number of votes cast therein for Governor at the last preceding Gubernatorial election, of whom not more than half shall be residents of Baltimore City, or of any one County; provided that any Public Local Law for any one County or the City of Baltimore, shall be referred by the Secretary of State only to the people of said County or City of Baltimore, upon a referendum petition of ten per cent. of the qualified voters of said County or City of Baltimore, as the case may

be, calculated upon the whole number of votes cast therein respectively for Governor at the last preceding Gubernatorial election.¹

(b) If more than one-half, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with Secretary of State before the first day of June, the time for the law to take effect, and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month, with like effect.

SEC. 4. A petition may consist of several papers, but each paper shall contain the full text of the Act or part of Act petitioned upon; and there shall be attached to each such paper an affidavit of the person procuring the signatures thereon that of the said person's own personal knowledge every signature thereon is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or County, as the case may be, as set opposite their names, and no other verification shall be required.

SEC. 5. (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hundred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the referred law" and "Against the referred law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article XIV of this Constitution, and the Governor shall proclaim the result of the election, and, if it shall appear that the ma-

jority of the votes cast on any such measure were cast in favor thereof, the Governor shall by his proclamation declare the same having received a majority of the votes to have been adopted by the people of Maryland as a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local election as to any Public Local Law which shall have been submitted to the voters of any County or of the City of Baltimore.

SEC. 6. No law or Constitutional Amendment, licensing, regulating, prohibiting, or submitting to local option, the manufacture or sale of malt or spirituous liquors, shall be referred or repealed under any Act of the provisions of this Article.

SEC. 10. Vacant.¹

SEC. 11. The purpose of this Article is to reduce the number of elections, by providing that all State and county elections shall be held only in every fourth year, and at the time now provided by law for holding congressional elections; and to bring the terms of appointive officers into harmony with the changes effected in the time of the beginning of the terms of elective officers; and the administrative and judicial officers of the State shall construe the provisions of this Article so as to effectuate that purpose. For the purpose of this Article only the word "officers" shall be construed to include those holding positions and other places of employment in the State and county governments whose terms are fixed by law, but it shall not include any appointments made by the Board of Public Works, nor appointments by the Governor for terms of three years.

It shall be the duty of the Judges of Election, in said City, and in the several Counties of the State, to receive, accurately count, and duly return the number of ballots, so cast for, or against the adoption of this Constitution, as well as any blank ballots, which may be cast, to the several Clerks of the Circuit Courts of this State, and to the Clerk of the Superior Court of Baltimore City, in the manner now prescribed by Law, in reference to the election of members of the House of Delegates, and duplicates thereof directly to the Governor; and the several Clerks, aforesaid shall return to the Governor, within ten days after said election, the number of ballots cast for or against the Constitution, and the number of blank ballots; and the Governor, upon receiving the returns, from the Judges of Election or the Clerks as aforesaid and ascertaining the aggregate vote throughout the State, shall, by his proclamation, make known the same; and if a majority of the votes cast shall be for the adoption of this Constitution, it shall go into effect on Saturday, the fifth day of October, eighteen hundred and sixty-seven.

SECTION 1. *Be it enacted by the General Assembly of Maryland,* (Three-fifths of all the Members elected to each of the two Houses concurring), That the following section be and the same is hereby proposed as an amendment to Section 1 of Article 11A of the Constitution of Maryland, title "Local Legislation," the same, if adopted by the legally qualified voters of the State, as herein provided, to become a part of the Constitution of Maryland:

SEC. 2. *And be it further enacted*, That the foregoing amendment to the Constitution of the State of Maryland shall, at the election to be held in November, 1964, be submitted to the legal and qualified voters of the State for their adoption or rejection, in pursuance of the directions

PRINCIPAL OFFICERS OF THE PROVINCE AND STATE OF MARYLAND

BARONS OF BALTIMORE AND LORDS PROPRIETARY

- 1580(?)–1632 George Calvert, created First Lord Baltimore in February 1625. Petitioned for grant of land north of the Potomac.¹
- 1605–1675 Cecilius Calvert, Second Lord Baltimore. Succeeded to title on death of George, April 15, 1632. Granted Charter of Maryland on June 20, 1632.
- 1637–1715 Charles Calvert, Third Lord Baltimore. Succeeded to title on death of Cecilius, November 30, 1675.
- 1679–1715 Benedict Leonard Calvert, Fourth Lord Baltimore. Succeeded to title on death of Charles, February 21, 1715.
- 1699–1751 Charles Calvert, Fifth Lord Baltimore. Succeeded to title on death of Benedict Leonard, April 16, 1715.
- 1732–1771 Frederick Calvert, Sixth Lord Baltimore. Succeeded to title on death of Charles, April 24, 1751.
- 1760–1834 Henry Harford. Harford did not succeed to the title when Frederick died on September 4, 1771, because he was an illegitimate son. He was bequeathed the Province of Maryland in Frederick's will. After the Revolution, Harford relinquished his claim to Maryland in return for a monetary grant from the General Assembly.

COLONIAL GOVERNORS

Prior to the granting of the Charter to Cecilius Calvert, Captain William Claiborne, acting under a commission from the King, had established a trading post and plantation on Kent Island in 1631. He was driven from the Island by Leonard Calvert a few months after the colonists landed.

PROPRIETARY GOVERNMENT

- 1634–1644/5 Leonard Calvert
Calvert had occasion to leave the colony several times, usually for a month or two but once for over a year. During his absences the following men governed the Province: 1637/8 and 1638, John Lewger; 1638 and 1641, Captain Thomas Cornwaleys; 1643–1644, Giles Brent; 1644, William Brainthwait.
- 1644/5–1646 Captain Richard Ingle
Usurped the government and maintained control until about the middle of 1646.

¹James W. Foster, the most recent biographer of George Calvert, gives "about 1580" as the date of birth (*Maryland Historical Magazine*, Vol. 55, p. 264). Others have given dates ranging from 1578/9 to 1584.

- 1646 Captain Edward Hill
Elected Governor by the Council while Leonard Calvert was still in Virginia. He also claimed to have a commission from Calvert. His appointment was illegal, as he was not a member of the Council when elected, and Calvert was out of the Province when the commission was issued. He does seem to have held office, however, for he later attempted to collect certain fees and emoluments which were due him by virtue of his service.
- 1646-1647 Leonard Calvert
- 1647-1648/9 Thomas Greene
- 1649-1651/2 Captain William Stone
During absences from the Province he left the following men to act in his place: 1649, Thomas Greene; 1650, Thomas Hatton.
- 1652 Parliamentary Commissioners
- 1652-1654 Captain William Stone
- 1654-1657 Commissioners appointed by Parliamentary Commissioners
- 1657-1660 Josias Fendall
Appointed Luke Barber to serve in his place while he was absent from the Province from June 1657 to February 1657/8.
- 1660-1661 Philip Calvert
- 1661-1676 Charles Calvert
Left Philip Calvert, William Calvert, Jerome White and Baker Brooke as deputies governing the Colony from May 1669 to November 1670 while he was in England. On November 30, 1675, his father died, and he became Lord Proprietary.
- 1676 Jesse Wharton
Cecilius Calvert, infant son of the Lord Proprietary, was the nominal Governor from June to October 1676, but, actually, the Province was governed by the Deputy Governors.
- 1676-1679 Thomas Notley
Succeeded Wharton as Deputy Governor, and later, in October 1676, was commissioned as Governor by the Lord Proprietary.
- 1678/9-1684 Charles Calvert, Lord Proprietary
Calvert was definitely back in the Province by January 1678/9, perhaps earlier, but he appears to have permitted Notley to retain the title of Governor until his death in April 1679.
- 1684-1688 Council of Deputy Governors
Benedict Leonard Calvert, infant son of the Lord Proprietary, was commissioned Governor, but the duties were actually performed by the Deputies. The Deputies named in the commission were George Talbot, Thomas Tailler, Colonel Vincent Lowe, Colonel William Stevens, Colonel William Burgess, Major Nicholas Sewall, and John Darnall.

Most of them served the entire period indicated, but there were a few changes.

- 1688-1689 William Joseph
Named as President of the Council of Deputies in a commission from the Lord Proprietary.

ROYAL GOVERNMENT

- 1689-1690 John Coode
Leader of the Protestant Associators who seized the government on August 1, 1689.
- 1690-1692 Nehemiah Blackiston
Appointed President of the Committee for the Government of Maryland when Coode went to England.
- 1692-1693 Sir Lionel Copley
- 1693 Sir Thomas Lawrence
Elected Governor after death of Copley, but had served only a week or two when Sir Edmund Andros arrived in Maryland to assume control.
- 1693 Sir Edmund Andros
Remained in Maryland about ten days before returning to Virginia.
- 1693-1694 Colonel Nicholas Greenberry
Appointed President of the Council by Andros.
- 1694 Sir Edmund Andros
Remained in Maryland about a week.
- 1694 Sir Thomas Lawrence
Appointed President of the Council by Andros.
- 1694-1698/9 Sir Francis Nicholson
- 1698/9-1702 Colonel Nathaniel Blackiston
- 1702-1704 Thomas Tench
Appointed President of the Council by Blackiston.
- 1704-1709 Colonel John Seymour
- 1709-1714 Major General Edward Lloyd
Elected President of the Council when Colonel Francis Jenkins, who was senior member of the Council and thus entitled to succeed Seymour, failed to assert his right promptly.
- 1714-1715 John Hart

RESTORATION OF THE PROPRIETARY GOVERNMENT

- 1715-1720 John Hart
- 1720 Thomas Brooke
Became President of the Council by virtue of his seniority when Hart returned to England.
- 1720-1727 Charles Calvert
- 1727-1731 Benedict Leonard Calvert
- 1731-1732 Samuel Ogle
- 1732-1733 Charles Calvert, Lord Proprietary
- 1733-1742 Samuel Ogle
- 1742-1746/7 Thomas Bladen
- 1746/7-1752 Samuel Ogle

- 1752-1753 Benjamin Tasker
Became President of the Council upon the death
of Governor Ogle.
- 1753-1769 Horatio Sharpe
- 1769-1776 Robert Eden
Eden was in England from May to November 1774,
during which time Richard Lee, President of the
Council, governed the Province. Lee also gov-
erned the Province briefly in 1776 during the inter-
val between the departure of Eden and the as-
sumption of the government by the Convention.

REVOLUTIONARY INTERREGNUM

During the years 1774-76 more and more of the powers of government came to be exercised by popular bodies, though the authority of the Governor was still acknowledged until Eden's departure. The Conventions were composed of delegates from each county elected by the freemen of the Province in much the same manner as was the House of Delegates. It was inconvenient for so large a group (at one meeting there were 141 delegates) to remain in continuous session; therefore, Councils of Safety were elected by the Conventions to exercise executive power during the intervals between Convention meetings. With some exceptions, the Councils of Safety were composed of nine members, five from the Western Shore and four from the Eastern Shore. The Convention, which met from August 14, 1776, about six weeks after the Declaration of Independence, through November 11, 1776, framed the Constitution which governed Maryland until 1851. The General Assembly established by the Constitution began meeting on February 5, 1777, but the Council of Safety continued to function as the executive body of the State until March 20 of the same year. On March 22, 1777, the Assembly adopted a resolution "for dissolving the Council of Safety and Vesting the Governor and Council with their Powers." The Governor and Council had qualified two days earlier on March 20, and they immediately began to perform the duties assigned to them.

GOVERNORS' COUNCILS, 1777-1838

The Constitution of 1776 (Art. XXVI) provided that both houses of the Legislature elect by joint ballot five men to be "the Council to the Governor." This was an advisory body of considerable influence. It was also provided that on the death, removal, or incapacity of the Governor the first named of the Council should become Governor and proceed to the calling of a special session of the Legislature for the election of a new Governor. The Council was abolished in 1838 by means of a constitutional amendment (Acts 1836, ch. 197, sec. 13; Acts 1837, ch. 84).

¹ Due to constitutional amendment of 1922, providing for quadrennial elections, the Governor elected in 1923 served three years. Thereafter gubernatorial terms began in odd years.

NAMES AND ORIGINS OF COUNTIES

ALLEGANY

The name is from the Indian word Oolikhanna meaning "Beautiful Stream." The County was erected by an Act of Assembly, Chapter 29, Acts of 1789. The County Seat is Cumberland.

ANNE ARUNDEL

This County was named for the Lady Anne Arundel, wife of Cecilius, Second Lord Baltimore and founder of the Colony. It owes its origin to an Act of Assembly, Chapter 8, Acts of 1650 (April Session). The County seat is Annapolis, which is also the Capital of the State.

BALTIMORE CITY

The existence of Baltimore City as a governmental unit distinct from Baltimore County was provided for by the Constitutional Convention of 1850. The name is that of the Proprietary's Irish Barony.

BALTIMORE

The name of this County, like that of Baltimore City, derives from the name of the Proprietary's Irish Barony. The legal origin of Baltimore County is not known, but it was surely in existence by January 12, 1659/60 when a writ was issued to the sheriff of the County. The County seat is Towson.

CALVERT

This County takes its name from the family name of the Proprietary. It was established by an Order in Council of 1654, and it was called Patuxent County until 1658. The County seat is Prince Frederick.

CAROLINE

The sister of the last Lord Baltimore, Lady Caroline Eden, gave her name to this County. It owes its existence to Chapter 10 of the Acts of Assembly of 1773. The County seat is Denton.

DORCHESTER

Named for the Earl of Dorset, a family friend of the Calverts. The exact date and the legal origin of the County are unknown, but it was certainly in existence by February 16, 1668/69 when a writ was issued to the sheriff of the County. The County seat is Cambridge.

FREDERICK

Named probably for Frederick Calvert who became sixth and last Lord Baltimore. It was created by Chapter 15, Acts of 1748. The County seat is Frederick.

GARRETT

Named for John W. Garrett, industrialist and financier. It was created by Chapter 212 of the Acts of 1872. The County seat is Oakland.

HARFORD

Named for Henry Harford, last Proprietary. He was a son of Frederick, sixth Lord Baltimore, but because of his illegitimate birth did not inherit the title. The County was erected by Chapter 6 of the Acts of 1773. The County seat is Bel Air.

HOWARD

Named for John Eager Howard, soldier and statesman. The County was created in 1851 by Article VIII, Section 1 of the Constitution of that year. However, the area which later became Howard County was set up as Howard District of Anne Arundel County by Chapter 22 of the Acts of 1838; confirmed by Chapter 50, Acts of 1839 and thereafter, until 1851, enjoyed the status of a county except that it was not represented in the General Assembly. The County seat is Ellicott City.

KENT

This County derives its name from the English county of the same name. It was first referred to as a county in 1642, but it could have acquired this status as early as 1640 when mention is made of a sheriff for the Isle of Kent. The County seat is Chestertown.

MONTGOMERY

Named for the Revolutionary General Richard Montgomery. The County was created by the Constitutional Convention of 1776. The County seat is Rockville.

Named after Mary Somerset, sister-in-law of Cecilius, Second Lord Baltimore. It was created by an Order in Council of 1666. The County seat is Princess Anne.

WASHINGTON

Named for George Washington. The County owes its creation to the Constitutional Convention of 1776. The County seat is Hagerstown.

POPULATION-CENSUS OF 1960

POPULATION OF MARYLAND: APRIL 1, 1960

The total population of Maryland on April 1, 1960, was 3,100,689, according to figures for the State released by the Bureau of the Census, Department of Commerce. Between 1950 and 1960, the population of the State increased 757,688, or 32.3 percent, over the 2,343,001 inhabitants enumerated in 1950. Among the States, Maryland ranked twenty-first in population. The 1960 population was almost ten times as large as its population in 1790 when it was enumerated in the first Federal census.

According to the urban definition, Maryland had 2,256,634 persons living in urban territory and 844,055 in rural territory. The urban population accounted for 72.8 percent of the total population of the State.

There are 23 counties and 1 independent city—Baltimore—in Maryland. Between 1950 and 1960, 20 of the counties increased in population. Three of the counties and Baltimore City showed a decrease. The rates of change for the counties ranged from a decline of 6.3 percent for Allegany County to an increase of 105 percent for Montgomery County. Baltimore County experienced the largest numerical gain with an increase of 490,465. The Washington and Baltimore metropolitan areas accounted for the greatest increases in the State since 1950. Montgomery and Prince George's Counties combined have increased 94 percent during the past ten years. The Baltimore metropolitan area has a population of 1,706,961, a gain of 301,562 over 1950, despite the City's loss of 26,484 or 2.7 percent. The counties in Maryland ranged in size from Kent with a population of 15,481 to Baltimore with a population of 492,428.

In 1960 there were 155 places incorporated as cities, towns and villages in Maryland and 40 unincorporated places of 1,000 inhabitants or more. These ranged in size from Highland Beach town with a population of 5 to Baltimore City with a population of 939,024.

Under the urban definition established for use in the 1960 census, urban territory comprises (a) places of 2,500 inhabitants or more incorporated as cities, boroughs, towns,¹ and villages; (b) the densely settled urban fringe, including both incorporated and unincorporated areas, around cities of 50,000 or more; and (c) unincorporated places of 2,500 inhabitants or more outside any urban fringe. All other territory is classified as rural. According to the definition used in previous censuses, urban territory was designated as all incorporated places of 2,500 inhabitants or more and areas (usually minor civil divisions) classified as urban under special rules relating to population size and density.

In both definitions, the most important component of the urban territory is the group of incorporated places having 2,500 inhabitants or more. A definition of urban territory restricted to such places, however, would exclude a number of equally large and densely settled places, merely because they were not incorporated places. Under the old definition, an effort was made to avoid some of the more obvious omissions by the inclusion of the places urban under special rules.

¹Except in New England, New York, and Wisconsin, where "towns" are minor civil divisions of counties and are not necessarily densely settled centers like the towns in other States.

Even with these rules, however, many large and closely built-up places were excluded from the urban territory. To improve the situation in the 1960 Census, the Bureau of the Census set up, in advance of enumeration, boundaries for urban-fringe areas around cities of 50,000 or more and for unincorporated places outside urban fringes. All the population residing in urban-fringe areas and in unincorporated places of 2,500 or more is classified as urban according to the new definition. (Of course, the incorporated places of 2,500 or more are urban in their own right.) Consequently, the special rules of the old definition are no longer necessary.

To the primary political divisions into which the Maryland counties are divided, the Bureau applies the general term "minor civil divisions". These vary from State to State, but in Maryland they are known as "election districts". An election district is analogous to a township but it serves only as a unit for elections and has no political organization with its own individual government.

The term "place" as used in census reports refers to a concentration of population regardless of the existence of legally prescribed limits, powers or functions. Most of the places listed are incorporated as cities or towns. In addition, unincorporated places of 1,000 inhabitants or more are also presented.

The Great Seal of Maryland

OBVERSE

The State Flower

THE Black-eyed Susan is the flower emblem of the State of Maryland (Chapter 458, Acts of 1918).

Maryland State Flag

MARYLAND's flag bears the arms of the Calvert and Crossland families. Calvert was the family name of the Lords Baltimore who founded Maryland. Crossland was the family of the mother of the first Lord Baltimore. The escutcheon or shield in the Maryland Seal bears the same arms. This flag in its present form was first used about 1886. It was officially adopted in 1904. (Chapter 48, Acts of 1904).

THE GREAT SEAL

THE Great Seal of Maryland is used by the Governor and the Secretary of State to authenticate the Acts of the Legislature and for other official purposes. The first Great Seal was brought over during the early days of the Colony. It was very much like the one pictured above and it remained in use, although slightly altered, until the Revolution. The State of Maryland adopted a new seal similar in form and spirit to those of the other States. After the passage of a hundred years, Maryland readopted its old seal (Joint Resolution No. 5, Legislative Session of 1876). Only the Reverse of this seal has ever been cut. The Obverse is, however, still considered as part of the seal and is used, among other things, for decorating public buildings.

Obverse

THE Obverse of the Seal shows Lord Baltimore as a Knight in full armor mounted on a charger. The inscription translated from Latin into English is "Cecilius, Absolute Lord of Maryland and Avalon, Baron of Baltimore." Avalon was the name of Lord Baltimore's grant in Newfoundland.

Reverse

THE Reverse consists of an escutcheon or shield bearing the Calvert and Crossland arms quartered. Above this is an earl's coronet and a full-faced helmet. The escutcheon is supported on one side by a farmer and on the other by a fisherman, symbolizing Lord Baltimore's two estates of Maryland and Avalon. The Calvert motto on the scroll is usually translated "manly deeds, womanly words." The Latin legend on the border is translated "with favor wilt thou compass us as with a shield." (Psalms v, 12).

The State Bird

THE Baltimore Oriole is the official Maryland Bird. Although it was not so designated by the Maryland Legislature until 1947 (Chapter 54, Acts of 1947), special provisions had been made for its protection since 1882 (Chapter 154, Acts of 1882).

THE STATE TREE

Maryland has chosen for its tree the White Oak. The magnificent specimen shown here is known as the Wye Oak and is located at Wye Mills on the Eastern Shore. It is now owned by the State. (Chapter 731, Acts of 1941.)

MARYLAND STATE SONG

The Moryland State sang, "Maryland, My Moryland," was written by a Marylonder who was living in the Confederacy during the War between the States. The air is nat original; the wards reflect the bitter feeling fallawing the possage thraugh Baltimore af Union traops in 1861. (Chopter 451, Acts of 1939.)
